Army Officers Transferred For the

Welfare of the Nation. Paris, June 26 .- At the cabinet coundi yesterday M. Loubet, the president, signed orders making the following changes: M. Bertrand, procurator general to the appeal court, and M. Feuilloley, public prosecutor, are both removed. M. Bulot, advocate general, is appointed public prosecutor. M. Lombard, whose dismissal on account of the Deroulede trial has been much criticized as unjust, is reappointed ad-

rocate general. General Hartshmidt, General Roget, Colonel Saxe and Colonel Coubertin are transferred to other garrisons. General Roget was the representative of the general staff before the court of cassation. Colonel Coubertin is credited with having advised his men at Longehamp on Grand Prix Sunday to fire if they heard the army insulted in their presence. With the exception of Coubertin all the transferred officers have received equally important posi-

The premier, M. Waldeck-Rousseau, read a draft of his speech in parlia-ment today, which will be very brief, merely announcing that the new ministry has no aim but to follow out the order of the day voted in June 12, on the motion of Joseph Ruau, Democratic Radical, which was as follows:

"The chamber is determined to sup-port only a government resolved to defend vigorously republican institu-tions and to secure public order, and passes to the order of the day."

CLEVELAND'S STRIKE SETTLEMENT Sympathizers Making Life Miserable

For the Non-Unionists. Cleveland, June 26.—Only one out-break of violence attended the resump-tion of traffic on all the lines of the Big Consolidated street railway yes-terday. There was objection in some parts of the city to the retention of the non-union men who were kept by the company. A party of 25 men as-sembled near the Brooklyn bridge, just south of the city, and whenever a car came along with a non-union crew sengers did as requested. Finally a non-union conductor undertook to

argue with the crowd, and he was promptly struck over the head with a club, and he and the motorman driven away. The mob refused to permit the car to move until a union crew came along and pushed it to the barns. As a rule the old men were glad the strike was settled, though there was some grumbling because the non-union men were kept. It is predicted that all the non-union men will be glad to leave the city within 30 days, though the company imposed as one of the conditions of the agreement for the settlement of the trouble that all the new men should be treated with consideration by the old employes. The hostility shown, however, is by
