OUR COUNTRY: First, Last and Forever.

Just previous to his departure for Europe, Robert P. Porter gave out a prepared statement concerning his Cuban and Porto Rican tariff and fiscal work. He says in his statement that the fiscal machinery of the two islands was working satisfactorily. "The future of Cuba, in my opinion, can only be in annexation, and the longer the Cubans in Cuba and the anti-expansionists in the United States continue to deceive themselves and the people by suggesting any other solution, the longer capital and enterprise will be held from the island. Cuba must have a good government, and this she will achieve by becoming in due course of time a state of the United States. We cannot, in my opinion, make a special treaty with Cuba as an independent state. The United States is responsible for Cuba, and that responsibility is recognized throughout the world."

INDEPENDENCE DAY AT NIAGARA FALLS.

Low Rate Excursion via the Lehigh Valley Railroad.

The Crime of 1899.

A despatch from Lebanon tells of another advance in the wages of the men employed in the bolt and nut works there, to go into effect tomorrow. This is the fifth advance that the employes have received this year, and will make the rate \$3.75 per ton. Other mills in the Lebanon valley announce a similar increase in wages. A few days ago an announcement was made that "an advance, amounting on the average to about \$1.00 a day, had been declared in the wages of 45,000 iron and steel workers." The Cambria Steel Company, at Johnstown, this week posted notices of "a general advance of wages of 10 per cent." About 8,500 men are affected by the advance. Nearly every day for months past there have been notices like these in the daily papers of the country. The Democratic and Populist papers are afraid to omit these notices of wage advances. They know, however, that they are death to their dogmas. They make no comment upon them.

Great Strike Threatened in Chicago.

Chicago, June 30.—The number of men on strike at the stock yards yesterday was variously estimated at from 500 to 1,500. The only skilled hands still out were the gutters. The strikers insist that a general strike will take place July 1 unless their demands are met.

Texas Lynchers on Trial.

Athens, Tex., June 30.—Walter Wilkinson, Joe Wilkinson, Polk Weeks, William Brooks, John Greenhaw, Arthur Greenhaw, W. E. Johnson, William Gaddis, John Stevens and Samuel Hall were yesterday remanded to jail without bail charged with having murdered James, John and George Humphreys by taking them from their homes and hanging them. The prisoners will institute habeas corpus proceedings. The case is the most celebrated in Texas' criminal history, and the state has sent an assistant district attorney to aid in prosecuting the lynchers. Three of the men have confessed and others have pleaded to be permitted to do so.

The Kentucky Bakers Fleeing.

Lexington, Ky., June 30.—Advices from London, Clay county, are that the adult male members of the Baker family are leaving the county since the recent attempt to kill Beverly Baker. Dee Baker remains in London with Mrs. Chris Jackson, his sister. Andy Baker and Joe Bowling are heavily armed indoors at Bowling's home in Clay county for the present. They do not venture out in daylight. Andy Howard, just returned from the army, passed through London with a big store of guns and ammunition. He was met at London by several of the Howard family.

Testing Colorado's Eight Hour Law.

Denver, June 30.—Arguments on the constitutionality of the eight hour law, which caused a tie up now existing at the trust smelters in this state, were begun yesterday before the supreme court. The smelter managers have not yet announced whether they will submit the matters in dispute to the state board of arbitration, as the smelter men's union proposed to do. They probably will wait for a decision on the eight hour law before attempting to reach an understanding with the strikers.

Mrs. Bradish, of Detroit, Wrote Mrs. Pinkham and Tells the Result.

[LETTER TO MRS. PINKHAM NO. 5430.]

"About two years ago I began to run down and soon became almost a wreck. I lost my appetite and began to lose flesh; my blood was impoverished and I had to leave on a sick bed. The doctors gave me a little tonic, but it steadily grew worse and consulted another doctor. He helped me in some ways, but my headaches continued, and I began to have night sweats and my rest was so disturbed that I would cry hysterically and would cry and worry over business matters and my poor health. "Finally, husband took me South, but with no benefit. This was a year ago; no one can ever know what a winter of misery I spent. Would boast after eating and was troubled with palpitation of heart and whites. Having read by happy chance of your Medicine, I bought it and wrote for your advice, and before having finished the first bottle of Lydia E. Pinkham's Vegetable Compound, the hysterics nearly stopped and I slept soundly. "I used seven or eight bottles with such benefit that I am as healthy as I can ever remember of being. I shall never cease to sound your praises."—MRS. E. M. BRADISH, 179 DIX AVE., DETROIT, MICH.

Drowned Sailors Had the Plague.

San Francisco, June 30.—Dr. Babata, bacteriologist of the health board, has just returned a report of his examinations of the graves of two Japanese who were drowned while trying to escape from the steamer Nippon Maru, now held in quarantine on account of three suspicious deaths which occurred on the vessel on her trip from China to Japan by this port via Honolulu. Dr. Babata found the bodies to be those of the bubonic plague, and to make his determination doubly sure will propagate their growth. The bodies of the Japanese were cremated, and there is no danger of the disease breaking out in this city.

There is great need of money and building material. An appeal is made for assistance.

PEACE IN PANAMA.

But Trouble May Be Expected Where the Seagrass Are Growing.

Pana, Illa, June 29.—The departure of state troops and closing of mines has resulted in complete restoration of peace in Panama. The agents of mining companies in Missouri, Kansas and Texas yesterday employed 230 negroes for Butler, Mo., and other western camps to take the places of union miners. They occupied four coaches, and on passing the works of the Pana Coal company opened fire upon the office and mine buildings, doing considerable damage. Seventy-five negroes departed last night for Carterville, Illa., to supplant union miners, and 50 others left for Evansville, Ind., where union men are idle.

The committee of negroes returned last night from Springfield, where they presented resolutions passed at a meeting Wednesday night and a list of names. They wished transportation to return to former homes to Governor Tanner, who furnished them transportation for 200 persons. This will cover transportation for all remaining blacks, who will return to southern states today.
