Mr. Thomas Harkin, of dep West Coal street, breaker boss in the West Shenandoah colliery, says:-"I had a great deal of lameness right over my hips and aching in my back especially when on my feet. I was told by an acquaintance, a farmer living up the valley that he had been cured by using Doan's Kidney Pills, although he had been in the worst possibe shape, and I knew he was worse than I ever was. Well, I procured them at Kirlin's drug store and though I had paid a lot for doctor's prescriptions, nothing I ever had helped me like they did. Donn's Kldney Pills removed all irregularities of the kidney secretions and did away with the dead, tired feeling that had so bothered me."

TEXAS TOWNS IN PERIL

An Alarming Condition of Affairs at Dewey and Brookshire.

FOUR HUNDRED LIVES IN DANGER

ened Them on an Island, and It Is Feared They Will Be Washed Away Ere Succor Arrives.

Dallas, July 5.—Another flood dis-aster, which, from the first bulletin received here, appears to be worse than that at Calvert on Friday and Saturday last, occurred yesterday in the Brasos valley, about 100 miles down the river from Calvert. Reports say that the large steel bridge of the Missouri, Kansas and Texas railroad Missouri, Kansas and Texas railroad at Dewey Station, near the crossing of the Brasos river, is gone. The river in that section began rising suddenly on Monday and today is six feet higher than ever before known. Immense drifts of houses, trees, fenses, etc., are floating past Scaley and Dewey.

Alarming reports are coming from LaGrange and Sealey of loss of life in the vicinity of Brookshore. Houston has been appealed to for help, and Mayor Brashear of that city has issued a proclamation calling for men and boats to rescue those in danger. The Missouri, Kansas and Texas rall-road is sending out relief trains from Houston, LaGrange and other points. Houston, LaGrange and other points. Telegraphic communication with the new flooded districts has been entirely cut off. Chief Lineman Lowry, of the

Postal Telegraph company, last night made the following statement over the long distance telephone from Sealey, 250 miles south of Dallas. "The Brasos river here is more than five miles wide, and the waters are lashing furiously. All character of floatable property is rushing along with the current. On this side of the river (at Sealey) there is as yet little danger, but on the other side (Dewey and Brookshire) the conditions are terrible. Brookshire is 12 miles from Scaley and 37 miles from Houston. We cannot get from the Scaley side to Dewey and Brookshire side, and, as our wires are all gone on that side, we cannot tell the extent of the disaster at Brookshire.

"I reached Sealey tonight in a small boat, after spending last night on an island four miles from here. The big bridge of the Missourt, Kansas and Texas railroad at Deway is ruined. It is covered with water and the center span is six inches out of line. The entire structure is likely to go at any minute. Four miles of Missouri, Kansas and Texas tracks are gone on the Dewey side and about a mile on the Scaley side has been washed away.

"If boats and special trains from Houston or other points have not yet reached Brookshire they are too late. The people, I fear, will be drowned before they can be reached. This afternoon there were from 300 to 400 persons on a small island near Brookshire and the water was rising rapidly. I fear they are drowned by this time, as they had not the slightest means

of escape.
"The river here tonight is six feet higher than in 1885, which was the record up to the present. The damage to property is enormous."

His Life Was Saved.

Mr. J. E. Lilly, a prominent citizen of Hannibal, Mo., lately had a wonderful deverence from a frightful death. In telling t he says: "I was taken with Typh Fever, that ran into Pneumonia. My fur became hardened. I was so weak I couldn't even sit up in bed. Nothing helped me. I expected to soon die of Consumption, when I heard of Dr. King's New Discovery. One bottle gave great relief. I continued to use Confectionery,

it, and now am well and strong. I can't say too much in its praise.' latted by His Brother, His Wife and His Counsel, He Is Becoming Acquainted With Events That Rappened During III's Absone

Rennes, France, July 5 .- It is imposdble to imagine a town calmer than The inhabitants continue abclutely indifferent to the presence of Dreyfus. Rerely half a dozen persons witnessed the visits of counsel and Madame Dreyfus to the prison yesterday. The town, however, is full of detectives, who scrutinize all strangers, and a few gendarmes are patrolling before the residence of Madame Dreyfus. They approach and watch every one stopping before the gate leading to the courtyard of the mansion.

Matthew Dreyfus paid his first visit to his brother at 3 o'clock yesterday afternoon, the interview lasting half an hour. The brothers threw themselves into each other's arms. Mat-thew said he found his brother aged and broken in health, but not the physical wreck that he feared. In spite of his sufferings, Dreyfus' eyes are as state. The murder was the result of shright and his mind as clear and his shooting affray in this city on Feb. Intelligence as keen as when he was 22, 1891, during which William Hugher occupied with his duties on the general an innocent bystander, was also killed occupied with his duties on the general staff. He was troubled with insomnia during the voyage, but has now recovered. The prisoner is still suffering from dysentery, but it is now slight, and there is every reason to believe he will rapidly recuperate his forces.

Matthew found his brother in good spirits and buoyed up by the necessity of mustering all his strength for the coming ordeal and by the hope that at last he will have justice done him. He is extremely reserved as to his life on

is extremely reserved as to his life on Devil's Island, which has left an indelible impression and remains in his memory as a horrible nightmare. Dreyfus looks back to his existence of the past four years with relief, tinged with the feeling of the horror of a sane man who has escaped from a mad-house. He declares his brain is almost reeling in the face of the mass of documents and explanations MM. Demange and Labori are bringing out regarding the extraordinary machinations of his enemies and the persever-ing devotion of his friends. Dreyfus is astounded and full of heartfelt grat-itude at their self-sacrifice. This feeling is particularly strong as regards Colonel Picquart, whom he hardly remembers, and the story of whose per-secution has profoundly moved him.

Captain Dreyfus was unable to talk freely with his brother, owing to the presence of the officer who is under in-structions to be present at all interviews between the prisoner and mem-bers of his family. This arrangement has been a terrible trial to Madame Dreyfus and the rest, as they have been obliged to restrain their emotions so far as possible, and have been unable to converse as to intimate matters, because every word has been overheard and every gesture watched by

Only Maitres Demange and Labori are allowed to see Dreyfus privately, Mattre Labori paid his second visit to Captain Dreyfus at 10 o'clock yes terday morning, remaining with him until noon. The lawyer found the prisoner to be in even better spirits than on Monday. Counsel was almost joyful in appearance on leaving the military prison, and beyond doubt his interviews with Dreyfus have given, him the most favorable impression respecting the outcome of the court mar-tial.

Dreyfus spent several hours in studying the documents relating to the Esterhazy and Zola trials. Maitre Labori explained to him the obscure
