THE MAHANOY RACES.

A Large Audience Disappointed With the Bicycle Meeting.

The bicycle meet at Mahanoy City attracted a large audience yesterday. The grand stand was filled and there was a good sprinkling of people about the grounds. It was noticeable that a large percentage of the attendants in the park were people from this town and other places, while the home people along to the hillside north of the park and witnessed the races free of charge. The races as a whole were not satisfactory to the public. The two-mile professional handicap and Australian pursuit races met with favor, but there was more or less grumbling about the others. Starbuck was present, and on the score and as entered for several races, but it was evident that he was simply a drawing card and did nothing in the races except to set the pace for others.

The results were as follows: 1 mile professional—Weise Hammer, Philadelphia, first, \$5; E. S. Aker, Philadelphia, second, \$3; W. C. Crouse, Philadelphia, \$3. Time, 2:23.

Two mile professional handicap—Hammer, first, \$5; Archie McEachen, Canada, second, \$3; Charles Turville, Philadelphia, third, \$3. Time, 4:57. Starbuck was a starter in each of these races, but was up.

The one mile amateur race for the championship of Schuylkill county brought out four contestants, namely: Thomas McGilly, Tamaqua; Oscar Kupe, Orwigsburg; George Brewer, Tamaqua; John A. Brown, Shenandoah. William Reed, of Frackville, was disqualified because he is not registered with the L. A. W. Brown made an excellent showing, considering that he rode an ordinary road wheel of very low gear. He kept wheel to wheel with McGilly almost to the finish, when Brewer spurred and won in 2:45, to the chagrin of McGilly's supporters, who had picked him as sure winner. The judges decided that the time was too slow and amid the jeers of the audience, announced that the race would be run over. When the time to appear at the scratch arrived it was announced that Brewer declined to race again. This was received with cheers, evidently in appreciation of Brewer's determination to stand upon his victory. Brewer, however, changed his mind and his appearance was a signal for applause. McGilly won in 2:31, Brewer, Kupe and Brown finishing in the order given. The prizes were a watch, chain and charm and a bath robe.

The pursuit race was won by Aker, of Philadelphia; time, 18:15; prize, \$75. Crouse, of Philadelphia, was second. Prize, \$10.

The one-mile exhibition was given by Weise Hammer, instead of Starbuck, as advertised. Time announced, 2:20. The pacing was done by relays, instead of by quads, as advertised.

The base ball games of the morning and afternoon between Mahanoy City and St. Nicholas were won by the former.

Charged With Robbery.

Frank and Michael Urban were arrested Monday night by Constable Luke Walsh and Special Joe Temple on a charge of robbery made by Walter Ralkowski. Frank Urban was taken to jail this morning and the other accused man was put in the county jail. On Monday night the accused induced the prosecutor to go out and buy beer and, while the prosecutor's wife was in the cellar, they committed the robbery on the second floor, securing \$81.50 in cash and a gold ring. Frank Urban threw away the ring when ascending the stairway to Justice Shoenaker's office. It was recovered. About \$30 was found in a violin, where it had been stolen by Frank, and all but \$10 of the stolen money was found in the latter's pockets.

Pittsburg's Fatalities of the Fourth.

Pittsburg, July 5.—Among the fatalities of July casualties are these: Dominick Buffini, shot and killed by William Barry instantly because the latter interfered when the Italian was beating a small boy, Raffael Greco, while swimming in the Monongahela, was seized with cramps. His companion, Carmello Arlino, went to his assistance and both were drowned. Little Frank Martuzzi, while running after fire crackers, was caught by a Birmingham traction car and ground to pieces. Charles Miller, 7 years old, of Mount Washington, while celebrating the Fourth, fell into a 6-foot well and was brought out dead. A car on the Big Switchback roller coaster in Schenley park jumped the track and eight people were badly hurt.

Strikers Will Appeal to the Courts.

Terre Haute, Ind., July 5.—Fred Dlicher, chairman of the executive committee of the national organization of United Mine Workers of America, was in the city last night, en route for Evansville. Mr. Dlicher states that a petition will be filed in the Evansville courts, asking that deputy sheriffs be sworn in to protect the families of the striking miners who are threatened by non-union sympathizers. It will require the swearing in of 755 men to effect the protection deemed necessary, and if the protection is not granted by the Evansville courts the national officers of the order will request the governor to call out the state troops.

An Infatuated Clerk's Crime.

St. Louis, July 5.—Mrs. Grace Miller, the young wife of William Miller, a grocer, was shot to death yesterday by her husband's clerk, Eugene Donnelly. After the woman had fallen mortally wounded, Donnelly leaned over and kissed her. He retreated with a cool warning to the frenzied husband, who had witnessed the farewell caress, not to follow on penalty of his life. It is believed that Donnelly was infatuated with Mrs. Miller and that the killing was done in a spasm of jealousy. Donnelly surrendered himself at a police station several hours later. He claimed he had shot Mrs. Miller "purely through accident."

Use Allen's Foot-Ease in your Gloves.

A lady writes: "I shake Allen's Foot-Ease into my gloves and rub a little on my hands. It saves my gloves by absorbing perspiration. It is a most delicate toilet powder. Allen's Foot-Ease makes tight or new shoes easy. Always use it to break in new shoes. It keeps the feet cool and comfortable. We invite the attention of physicians and nurses to the absolute purity of Allen's Foot-Ease. All drug and shoe stores sell it. Sample sent FREE. Address Allen S. Olmsted, Lelyst, N. Y."

THE WEATHER.

The pressure continues high off the Atlantic and north Pacific coast and in Manitoba. It has grown cooler in the middle Mississippi valley, the interior of the middle Atlantic states and warmer in the middle and southern Rocky mountain regions. Forecast for this section until 8 p. m. to-day: Showers and not so warm; light to fresh south to southeast winds. Probably showers to-morrow.

Sunrise, 4:46; sunset, 7:36; length of day, 14h. 50m.; moon, risen, 2:59 a. m.; moon sets, 6:47 p. m.

MAKING OF SHERRY.

The Interesting Manner in Which This Wine is Manufactured.

Sherry as a wine has never been so popular in this country as in Europe, although it enters very largely into the preparation of many drugs. Very little is generally known about the process of manufacture. According to a recent Spanish report, it is full of interest. The grapes are taken to the corner of the presshouse and thrown into a press of primitive construction, consisting of a wooden trough about ten feet square, with a screw press in the center. The trough is filled with 1,800 pounds of grapes, which are then crushed by the feet of men wearing wooden clogs. The reason of this is that the weight of a man is just sufficient to force out the juice and not enough to bruise the skins or branches, which would give a bitter flavor to the wine.

The treading is carefully and methodically done, each row coming in its turn under the crush of the sabot. After this first level pressing sulphate of lime is sprinkled over the mass. This is known as "yeso" and occurs as a pure earth to the Jerez districts. This earth is added in the proportion of 3 1/2 pounds to 1,800 pounds of grapes. The average yield is about 110 gallons for one filling of the press. When the grapes have been trodden several times, the screw press is used. The liquor is put away and fermented for about three weeks, when it begins to clear and can be drawn off from the lees. In this condition it is really a young wine and is given the name of "mosto." As the wine matures it is placed in its special cask. If it is a delicate, light wine, it is known as "fino," while if it should have a highly vitous character it is classed as "oloroso."
