A West Mahaney Township Democrat Talks Right Out in Meeting and Says There Are Many Party Traitors.

SCARCE COMMODITY,

EUTron HERALD: There is considerable talk in the newspapers about nominating only simon-pure Democrata at the convention to be held on Monday next at Pottsville. That brand of Democrats is a scarce article in Schoylkill county; and he that is without sin let him cast the first stone. The Demo-crat now seeking office who has never cut his ticket, let him come before the convention and say so! None will come; none will dare say to his party associates that he never cut the Democratic ticket. The writer knows them all. I have their records in my vest

What prate have they! Ain't it a well shown fact that the very men who have lived on the Democratic party for years, and are always looking for office—these are the fallows who have always betrayed their party and cut the ticket at nearly all the important

lections in this county,
The great and only James B. Reilly, the high munk-a-munk of the party, was or is there a greater traiter to the Democratic party in this county? Did he ever vote a straight ticket; did he ever go out to help elect a ticket unless he was himself a candiconveniently left the county during im-Didn't he cut the ticket in the Bryan cam paign, and didn't his postmasters do the same thing? When George J. Wadlinger was the party nomines for Judge, didn't Reilly leave the county in that campaign and didn't he do the same thing when Judge Dunn was seeking the suffrage of the people Didn't he refuse to go out and say a word when Dunn was a candidate for District At-

torney?
Was Judge Marr, the immaculate William Marr, of Ashland, always a consistent Demo-crat? Did he vote for Bryan, and did he

rarely vote a straight ticket?

What prate have they, anyway, about simon-pure Democrats. Is little Jack Toole, the present Sheriff, a simon-pure Democrat? Who said be was, with his John Wanamaker quarter? Will the great chairman, Joseph Moyer, lay claim to any such title? Will the present secretary, John E. Doyle, of Cass township, lay claim to simon-pure Demo eracy? If he does some of the boys from Cass are likely to call him down. Can the giant of Tamaqua, John O. Ulrich, the great liver oracle, lay elaim to the title? Can the sestyled Democratic Evening

thronicle, of Potisville, or the Delamater What prate have they about their Democracy and putting true Democrats on guard. Where will they find them? None have been herein nentioned, and none of them are fit to be chosen as guards.

The Judgeship being the issue, let the

orkingmen have a fair chance. The proper hing to do is for the Democrats and the Republicans to put up good men, and the workingmen of the county will select their choice. What is the use of the Democrats giving Reilly the nomination. The workingmen don't want him, as they defeated him twice when a candidate for Judge. He has always todied to the corrections and ma always todied to the corporations and ans arrays could to the corporations and aristocracy, and would continue to do so if elected Judge. Let both parties nominate clean and able men and give the working-men a chance, and they will choose the best. No more prate about their simon-pure De-mocracy. Give the workingmen a chance. Shenandoah Man Wants to Go to th National Democratic Convention,

ED. HERALD : It is well known in Demo ratic circles that the handful of Bryan houters, who think of nothing else but the ogmas enunciated by the Nebraskan, are ust now quietly at work to secure the elecon of committeemen on Saturday who are endly to themselves and their favorit battle-cry. Here in Pottsville they are at a disadvantage, but reports from the townships and other towns through-out the county indicate a different state of affairs. Shenandoah and Tama qua scema to be the headquarters of this silver junta with a greenback appendix. From the former place letters to prominent Democratic workers throughout the county have been dispatched, warning them to be on their guard and to see to it that none but true and faithful sixteen-to-oners are placed upon the tickets as committeemen at the primaries. Several of these epistles have primaries. Several of these epistles have treating the injury. The committee will had the extreme pleasure of noting the matter before Council to-night. The plaintin has retained J. Claude Brown, signature attached thereto. That in itself was enough to east suspicion upon the whole Further inquiry elicited the information

that the scheme is hatched not so much in the interest of Bryan, as it is to elect a certain person in your town as National Delegate. That individual is no less a personage than Mickael E. Doyle, and the letters are sent out by his side-partner. If you will take the trouble to inquire you will find that Doyle is a candidate for committeeman, and he no doubt hopes to be elected to, place him-self in line to be eligible as one of the National Representatives from this county. He is keeping the matter of his candidacy -that of national representative-very quiet. In fact, some of his most intimate friends are not aware of Michael's ambition. The fact that it has become public property through this communication will no doubt be a surprise to both Mike and his friends. But it is a fact, nevertheless, and future developments will demonstrate what is berein contained, unless he is defeated as a committeeman on Saturday, Then Michael will stay at home

Why draw the silver line on the judicial candidates alone. It is said Depew was a "gold bug" in 1800, and several other candidates had similar views. Why not be fair?
