### OUR COUNTRY: First, Last and Forever.

TRADE with Cuba is booming as a matter of course. It would have mounted to great proportions long ago but for the unnatural barriers and extortionate regulations.

PRENSION COMMISSIONER EVANS has requested the Grand Army officials to send a committee to Washington to make a personal investigation of the charges made against him of unfairly treating the old soldiers. The commissioner feels very keenly the severe attacks made on him by some of his old comrades, and he claims that it is all the result of a misunderstanding on their part of the laws which he is compelled to obey.

GOVERNOR MURPHY, of Arizona, has issued a circular to mining investors and capitalists warning them against the fake mining schemes being promoted in the Eastern cities on the reputation of good mines existing in that territory. He calls special attention to the Val Verde and Spenazuma companies, which have achieved an unenviable reputation of late, and counsels those who contemplate investments to a careful investigation before engaging in speculation.

ROBERT E. PATTISON, ex-Governor of this state, has been talking to the Democrats of Georgia what, in his opinion, is the outlook for next year from a Democratic standpoint. He takes a hopeful and at the same time a conservative view of the situation. "If the Democratic National convention acts wisely," he says, "we will have a good chance of carrying the country. The party should make no radical issue. The platform should be broad and conservative to bring the party together. Conservative is desired." It will be noticed that he omits mention of the financial question.

Under Good Auspices. In the course of its weekly review the Coal Trade Journal says the second half of the year 1899 begins under the best auspices, so far as the anthracite trade is concerned. There has been more regularity to the business this year than in many years preceding it, and this has largely been due to the fact that winter supplies were used up before the spring came in.

Not in many years was the market so depleted. There has already been an increase in the quantity of coal which has been produced, and this has, in the main, been burned, so that we enter on the second half of the year without the usual fear of an over-supply being available. Prices during the period just closed have gradually improved, so that the trade is in better shape in that respect, and with the advance now announced for this month the result will be much beyond what it was in the second half of '98, for there are no indications that the prices are to be permitted to fall away this season as they did in the two years past.

Every one connected with the industry is to be congratulated upon the much improved business outlook for anthracite coal.

There is nothing very new in soft coal circles, except that the production keeps up to something more than the average quantity, thus showing a very active condition of affairs in all industrial matters, but it seems difficult to get prices up above a certain figure, for the quantity of coal available and the ease of production renders competition exceedingly keen, so that the buyer has the opportunity of securing coal at very moderate cost, when one considers the economic value of the fuel as a steam-raiser.

There have been too many contracts made early in the year at old-time prices to give this branch of the trade much profit this season, but we look for better conditions afterward if the present generally good industrial position is maintained.

### PERIODS OF SUFFERING GIVE PLACE TO PERIODS OF JOY

"I was a sufferer from female weakness. Every month regularly as the menses came, I suffered dreadful pains in uterus, ovaries were affected and had leucorrhoea. I had my children very fast and it left me very weak. A year ago I was taken with flooding and almost died. The doctor even gave me up and I wrote for Mrs. Pinkham's advice at Lynn, Mass., and took her medicine and began to get well. I took several bottles of the Compound and used the Sanative Wash, and can truly say that I am cured. You would hardly know me, I am feeling and looking so well. Lydia E. Pinkham's Vegetable Compound made me what I am."—Mrs. J. F. STREET, 461 Mechanic St., Cambridge, N. J.

### How Mrs. Brown was Helped.

"I must tell you that Lydia E. Pinkham's Vegetable Compound has done more for me than any doctor. I was troubled with irregular menstruation. Last summer I began the use of your Vegetable Compound, and after taking two bottles, I have been regular every month since. I recommend your medicine to all."—Mrs. MAGGIE A. BROWN, WEST PA. PLEASANT, N. J.

### ATTEMPTED ASSASSINATION

Ex-King Milan, of Serbia, slightly wounded in the back. Belgrade, Serbia, July 7.—Former King Milan, father of King Alexander of Serbia, narrowly escaped assassination here last evening. The would-be murderer is under arrest. He fired four revolver shots, one of which slightly wounded his majesty in the back, and another wounding in the hand Adjutant Lukitch, who was with King Milan. The would-be assassin is about 28 years old, and has not yet been identified by the police. At the time the attack was made King Milan was driving through Michael street in an open carriage.

On his return to the palace King Milan received the congratulations of the members of the cabinet and the diplomatic corps upon his escape. Later in the evening King Alexander drove through Michael street and was enthusiastically received by the populace.

### SPANISH HEROES RELEASED.

Only Twenty-two Remains of the Brave Defenders of Baler. Manila, July 7.—The Spanish commissioners who went to Tarlac for a conference with Aguinaldo regarding the surrender of the Spanish prisoners in the hands of the Filipinos returned here last night. Chairman Del Rio, of the commission, said the release of all the prisoners had been practically arranged for, but it would be necessary to consult the Spanish government before the agreement could be ratified. He declined to give the terms of the arrangement, or to say whether the prisoners contemplated a ransom. He asserted, however, that Aguinaldo had already issued a decree for the release of the civilian officials and the sick soldiers. The commissioners, with the remnant of the Spanish garrison of Baler, on the east coast of Luzon, and a number of civilian prisoners, were escorted by Filipino soldiers from Tarlac to the American outposts at San Fernando, and came to Manila by the night train.

The heroes of the long defense of Baler, where the Spaniards resisted an insurgent siege for more than a year, formed a picturesque band. Lieutenant Martin, the only surviving officer, marched them through the streets. There are only 22, and most of them are mere boys, in faded blue cotton uniforms and red shirts. They are barefooted. A crowd of Spanish men and women embraced them, weeping and shouting their praises. They tell a remarkable story. It appears that the captain several times proposed to surrender, but the soldiers refused. Finally, some months ago, he tried to raise a white flag. Thereupon Lieutenant Martin killed him with his own sword.

Their food supply gave out entirely a week ago, and they surrendered to the Filipinos with all the honors of war. They were allowed to keep their arms, and they say they marched from Baler, with a Filipino escort, and carrying guns, through insurgent camps, everywhere being cheered and feted.

### GOMEZ AS DICTATOR.

Alleged Plot to Overthrow the Government of San Domingo. Havana, July 7.—El Reconocido publishes a sensational story accusing General Maximo Gomez of plotting to overthrow the government of San Domingo. It says: "Having abandoned the hope of becoming the head of the Cuban republic and unwilling to emulate the example of those patriots who, in similar conditions, have thrust aside personal interests and retired to private life, Gomez is conferring with discontented Dominicans, among whom is General Bautista, who is now in Havana, with a view of organizing an expedition composed of former American and Cuban soldiers to attack San Domingo, kill President Heureux and proclaim Gomez dictator. We are informed that Gomez, though an old man, is of infinitely more able than all the Dominican generals put together. It is scarcely necessary to say that this story is generally discredited.
