SATURDAY, JULY 8, 1909.

OUR COUNTRY: First, Last and Forever.

The XX Kansas regiment will, from present indications, get a double X reception when it returns to the Grasshopper state.

Public interest and curiosity is just about evenly divided between the "kissing bug" and the Democratic county convention on Monday.

JOHN M. GARMAN, ex-Chairman of the Democratic State Committee, is confined to his home at Nanticoke suffering from a severe attack of typhoid fever.

SOME gold is going east across the Atlantic, but gold is still coming in from Australia. Our Pacific trade will occupy a more important place in statistics hereafter.

CONGRESSMAN NEISWENTER is a firm believer in self-preservation, as evidenced at last night's meeting of Council. It is William first, and the people second, with him.

A SYSTEM of free schools has been started in Manila, and it will be extended as fast as the islands quiet down. It is a fair average specimen of the tyranny the United States has in contemplation.

THERE is weeping and wailing and gnashing of teeth in the Tammany organization at the thoughts of Croker's wrath when he reads of the Fourth of July celebration in the wigwam, and the mistake made in putting ex-Governor Hogg, of Texas, on the list of speakers.

ties in Schuylkill county to adopt the system adopted by the Berks Democrats, of assessing every candidate \$30.00 before his name can be presented to the convention. It depends upon who the county chairman might be. Some of them might quail under the load.

DEMOCRATIC papers have much to say of a censorship at Manila, but they can name no essential fact that has been suppressed. The official dispatches have given a careful and complete history of events. As for sensation mongers and alarmists, the people are glad to know that their carnage factory is cut off from cable facilities.

THE Tamaqua Recorder pretends to be in deadly fear that the Democrats will dominate a gold bug at their county convention on next Monday for Judge. A year previous it didn't seem to worry them—in fact, it seemed to have inspired new life into them, to support then, what they now denounce. Its sudden change of front has bewildered everybody, even its proprietor.—Ashland News.

GEN. HARRISON GRAY OTIS is another man who thinks the Senate's delay in ratifying the treaty was the cause of the Filipino outbreak. Otis was in the islands at the time, and probably knew as much about the conditions in that quarter as anybody. His judgment is endorsed by everybody whose opinion on the subject is entitled to any weight. Aginaldo thought that Gorman, Hoar and the other obstructives in the Senate represented the majority of the American people. He had an idea that Bryan, Atkinson, Garrison and the other copperheads would either go over to the Philippines themselves and help him or prevent the government from sending any more soldiers over to crush him. Aginaldo made a very serious mistake, but the mistake was natural. Gorman, Hoar, Bryan, Billy Mason, Atkinson and the rest of the gang of copperheads are responsible for the loss of every American life which has been expended in the Philippines. The American people will attend to those renegades if any of them come up as candidates for any office hereafter.

HENLEY REGATTA ENDED.

Howell, the American Student Abroad, Retains the Diamond Sculls. Henley-on-Thames, July 8.—The Henley royal regatta came to an end yesterday under the most favorable conditions. The racing contained no surprises and no close finishes. There was a feeling of relief, however, when for the stewards' challenge cup the Magdalen crew disposed as easily of the German crew that many had predicted would win. The cheers which greeted the winners were much heartier than those given to any other victors and emphasized the general joy that the trophy was not to be taken abroad.

There was much enthusiasm when the young Britons fairly rowed down their strong opponents, Pembroke college, in the ladies' challenge plate, and re-established their claim as the holders of this trophy.

Howell's victory in the diamond challenge sculls was also immensely popular. Howell is an American captain, a student of Trinity Hall, Cambridge. He beat Blackstaffe, of the Vesta Rowing club. Howell was the present holder of the diamond sculls. When Lady Esther Smith presented the prizes after the races Colonel Willan, the umpire, made a brief speech, in which he welcomed the foreign crews to Henley. He said:

"We are especially glad to renew acquaintance with the Argonauts, who made such a favorable impression when they were here two years ago. We like to see that they made a bold bid for the grand, and although we should be extremely sorry to part with the cup, there is no place where we would rather see it go than to Canada."

You Try It.

ALGER AND THE SENATORSHIP.

No Alliance With Piogree and No Intention to Resign. New York, July 8.—The Times prints War Alger had a word to say about the contest for the Michigan United States senatorship. He denied in the most positive manner the existence of any political combination between Governor Piogree and himself. "There can be," he said, "no political combination between Governor Piogree and myself, because it would be impossible for me while a member of the cabinet to form one with anybody who is not in perfect accord with the president's policy, and Governor Piogree is known not to be. I heartily favor the president's policy, and have no intention of resigning from the cabinet."

Secretary Alger added that he had told Governor Piogree and his friends that he was not in perfect accord with the senatorship in the sense of seeking the place at the hands of the legislature, and that he would not put any money into the campaign.

Recruiting Dwindling in England.

London, July 8.—In the house of lords yesterday the secretary of state for war, the Marquis of Lansdowne, introduced a bill which is regarded as the main end of the wedge of conscription and is likely to render the government unpopular. Lord Lansdowne said he did not favor conscription, but he thought it advisable that such a bill should be in readiness if wanted, and that "the country should realize how it stands with regard to this question." Already the Liberal papers are attacking the government and asking what need there is of such a measure unless conscription is intended. Looking to the fact that recruiting is dwindling, the bill will be regarded with great suspicion.

Great Railroads Will Not Consolidate.

Philadelphia, July 8.—A prominent official close to President A. J. Cassatt, of the Pennsylvania railroad, denied the published statement that the Pennsylvania and the New York Central railroads had entered a compact by which the two systems had practically become one. To a reporter he said: "The story is too absurd to receive any consideration. There has never been any thought of consolidating the two systems. The statement is simply a rehash of a story published some time ago. The New York Central is practically a family railroad owned by the Vanderbilts, while there are 30,000 stockholders in the Pennsylvania railroad."

The Golf Championship.

Lake Forest, Ill., July 8.—The golf championship for 1899 will be won by an eastern man. H. M. Merriman, of the Meadowbrook Golf club, of Hempstead, L. I., and the present champion, Findlay S. Douglass, won the semi-finals in the amateur golf tournament at Onwentsia yesterday, and today will meet in the deciding struggle for the championship. It will be a Scotch golfer against a native American.

Are Gifts Taxable For Duty?

New York, July 8.—In the formal examination before Collector Bidwell yesterday afternoon into the case of Mrs. Phyllis E. Dodge, who is alleged to have smuggled jewelry into this country, Edward Lauterbach, counsel for Mrs. Dodge, raised a decidedly novel point. He admitted that the jewelry was purchased abroad, but declared that it was given to Mrs. Dodge, not purchased by her, so that the tariff law in no way applies to it. Nothing is said in the law about dutiable goods purchased abroad and given outright to another person. Collector Bidwell reversed his decision.

Kicked to Death by Hoodlums.

Philadelphia, July 8.—Thomas Ashworth, 43 years, a former saloonkeeper, and lately a United Gas Improvement company employe, was picked up dead from the pavement in front of 5414 Wyalusing avenue shortly before Thursday midnight. Ashworth was attacked by four drunken young men and kicked to death. The men who killed him were Elmer Wilson, John Kennedy, Albert Kelly and John Daly. They are under arrest, and Ashworth's watch was found in Kelly's possession. It is asserted that the gang went through Ashworth's pockets as he lay prostrate.

Uncle Sam's Money Order Business.

Washington, July 8.—A comparative statement of the money order business of the country for the quarter ending March 31 last, the final returns of which have just come in, show there were 7,846,158 money orders issued, amounting to \$62,382,828. This is an increase over the corresponding quarter last year of \$3,890,306.

Applicants For Army Commissions.

Washington, July 8.—It is stated at the war department that almost every officer who served in the volunteer army during the war with Spain, and who had been honorably mustered out, has again offered his services to meet the needs of the Philippine campaign. Altogether no less than 10,000 applications for commissions in the new volunteer army now forming have been received.

Tyler Will Try For the Senate.

Norfolk, Va., July 8.—The Virginia Pilot says that Governor J. Hogg Tyler will soon become a candidate to succeed Hon. Thomas S. Martin in the United States senate. This information is derived from a close personal and political friend of the governor. He will take this action in deference to the wishes of free silver advocates and the promoters of the May conference.

Santiago Hero to Be a Colonel.

Washington, July 8.—Captain Broton of the Twenty-fourth Infantry, who distinguished himself during the Santiago campaign, is to be appointed to the colonelcy of one of the volunteer regiments.

A Sluicer to Be Disgraced.

Berlin, July 8.—Measures have been taken to strike off the rolls of the Prussian herrenhaus, or house of lords, the name of Prince Gebhard Blucher, great grandson of the famous general who commanded the Prussians at the battle of Waterloo. Some years ago Prince Blucher, who is now a ruined gambler at the gambling table, died in New York city, where, it is said, he became naturalized.

Consumption Cured.

BROUGHT BACK FROM THE GRAVE. Last November Mr. Joseph James, painter, of 323 W. Pearl St., Indianapolis, Ind., was at death's door with quick consumption. Wasted to a skeleton; his lungs a mass of ulceration; his death was hourly awaited by his doctor and family. He was kept in a constant stupor with opium. A friend, thinking to relieve his terrible cough, gave him a bottle of Brazilian Balm. Seeing its wonderful effect, the doctor advised its continued use. Mr. James soon after dismissed his doctor, and depended on the Balm alone. His recovery was rapid and complete, and in February he returned to work. His lungs are now and his weight greater than at any time in his life. His recovery is regarded as almost a miracle.

CONTRA FACILES.

In consumption beware of cough mixtures and prescriptions that contain opium. Opium paralyzes the nerves, and gives the comma bacillus a good chance to destroy the lungs. It is always fatal. Brazilian Balm does not contain a trace of any opiate, but stimulates the nerves with new life and power, destroys the microbe, and restores all that is left of the diseased lungs to a sound and healthy state which no other remedy has ever been known to accomplish.

WOMEN LEADERS AND THE QUEEN.

Mrs. Sewall and Miss Anthony presented to Her Majesty.

London, July 8.—A number of American, colonial and continental guests of the International Congress of Women having expressed a desire to pay their respects to the queen, Lady Aberdeen arranged a trip to Windsor yesterday afternoon, when her majesty assented to the suggestion that she should drive slowly through the quadrangle of the castle and receive a few of the more prominent delegates.

Miss Susan B. Anthony, who, with Mrs. May Wright Sewall, the newly elected president of the congress, enjoyed the privilege of presentation, said to a correspondent: "I had never seen the queen before, and could not feel a thrill when, looking into her wonderful face, I saw her, as her life is going out, welcoming the woman's movement, which is the precursor of the Twentieth century. What pleased me most was when her majesty said: 'Now, I cannot have those ladies who are visiting me return without giving them a cup of tea.'"

"Sir Arthur Bigge, the queen's private secretary, replied: 'But, your majesty, they are here in hundreds.'"

"I do not care," said the queen, "if they are here in thousands. They must all have a cup of tea when they come to see me."

"And we had it in the queen's palace, as a recognition of the great womanhood of our country."

Mrs. Sewall said: "The queen looked ten years younger than when I saw her ten years ago. Every line in her face is so fresh, so sweet and so full in the eyes with a quick keen glance. Her voice is melodious, and there is a total absence of certain lines of the mouth shown in most photographs of her indicating disdain."

THE CHRISTIAN ENDEAVOURERS.

A Controversy Over the Attendance at the Great Gathering. Detroit, July 8.—The mooted question of the number of people brought into Detroit by the Christian Endeavor convention cropped out at the outset of last night's meeting in Tent Endeavor, when Secretary Baer took occasion to publicly criticize the Detroit newspaper for saying that the influx of delegates from other states was not nearly as large as had been anticipated in the local committee's estimates. Mr. Baer said he had no statement yet to make about the attendance as compared with other years. He promised to make one later, but called on all Endeavorers present to rise. A large majority of those present stood up, which Mr. Baer assumed to be proof of his view of the attendance question. The newspapers' estimate of total visitors is 20,000 in round numbers. Mr. Baer denied that anybody connected with the Christian Endeavor committee had ever told Detroit people that they had reason to expect 50,000 Endeavorers. At all events, the secretary insisted that the Christian Endeavorers had never before been so crowded.
