A Short Lived Strike.
Wilkesbarre, Pa., July 8.—It now looks as though the strike of 1,700 employes of the Lehigh Valley Coal company would be short lived. A committee of the striking miners waited on General Superintendent Lathrop yes-terday to ascertain if some compromise could not be agreed upon. Superin-tendent Lathrop said the company would insist on the use of safety lamps, and that there could be no compromise on that point. The committee report-ed the result of their visit to a meet-ing of the strikers, and many of the latter signified their intention of returning to work.

prowned His Would-be Rescuer. Mt. Carmel, Pa., July 8.—Rudolph Peters, aged 17 years, an employe at Locustdale colliery, went swimming at the dam near that place yesterday. Cramps seized him and he cried for help. Harman Leverenz, aged 17, went to his rescue. Peters, as he arose for the last time, threw his arms around to his rescue. Peters, as he arose for that has accumulated in a secondarid store not a great distance from Jackson Leverenz, and both were drowned in the presence of a number of persons. The bodies were recovered.

Bought a Property. Anthony Miernicki yesterday purchased a proporty on West Laurel street from James Wade. The consideration was \$1,300. The transfer was effected through E. W. Shoe-

Championship Game, The last of a series of three games between the regular Shenandoah base ball team and the Shenandoah Browns will be played at the Tretting park to-morrow afternoon, mencing at 2:30 o'clock. This game will decide the championship between the two

Novel Swindling Scheme, Among the battered flotsom and jetson ous history. The top was once covered with green billiard cloth, which now is worn to tatters and discloses a steel plate

very much like that of an ordinary tele-graphic instrument. A close examination shows an insulated wire running down one of the legs to a small knob or button, one of the legs to a small knob or button, protruding on the outside. When the top is in place, the steel plate rests directly over the magnet. This strange device is explained clearly enough by its present owner. "It is a dice table," he said, "on which a lot of money has been won. When it was in order, there was a good stred battery inside, connected with the magnet. When the knob on the leg was pressed, the current was turned on, and that made the when the knot on the leg was pressu, the current was turned on, and that made the steel plate magnetic. The dice they used with it had small metal disks on one face, and as long as the current was on they naturally fell that side down. When the knot was released, they would fall any was they changed to come so all that was way they chanced to come, so all that was necessary for the operator to do was to keep his knee on the button and he could

To a certain extent all animals that live in the sca, such as whales, dolphins and porpoises, have the power to store up air, as they broothe only at intervals, when they come to the surface for that purpose

midnight, which is the largest record for the season. Forecast for today and tomorrow in

A consulting electrical engineer who was asked to put one of the less common electrical terms in plain lanugage said; "I am frequently resorted to for just such explanations, and nothing surprises me more than the haziness which still exists In the minds of even intelligent folks in regard to the simplest electrical terms. To David Morgan, of St. Chair, attended the most people the electrical units are still mere Greek, and comparatively few go to the trouble to take hold of the more comparative. mon of them, such as 'volt,' 'ampere 'resistance,' 'electro motive force,' etc Miss Millie Simpson, who was a guest of and fix their meaning once for all in the John A. Lewis and family, on West Cherry mind. A man who knows me only by he had done this with much satisfaction Mr. and Mrs. George Davis, and their two to himself, as he has now a far more in-thildren, of Bethlehem, were here to-day to

> is the unit of electric power. It means the power developed when 44.25 foot pounds of work are done per minute, or .7375 foot pounds per second. A foot pound is the amount of work required to raise one pound vertically through a distance of one foot. When this is figured down so as culty, and if any one to whom the word watt is puzzling will remember that a watt is the one-seven-hundred-and-fortyit is an easy gradation to the 'watt hour, which is the term employed to indicate the expenditure of an electrical power of one watt for an hour. In other words, the energy represented by a watt hour is equal to that expended in raising a pound to a height of 2,654 feet. An even easier way of fixing it is to remember that two watt

opens out some very curious facts to the uninitiated. For instance, a certain dry battery, weighing 6.38 pounds, was known to yield 155 watt hours. If this force were applied to raising the battery itself, it would it it to a height of over ten miles

"Again, in one hour the energy translated in an urdinary 16 candle power lamy weighing about an ounce would raise that lamp to a height of 400 miles at a velocity of nearly seven rules per minute. Yes, it pays a man to expend a little pains on mastering the ordinary electrical terms." -St. Louis Globe-Democrat.

Guilty

Henry McLellan, of Hamilton, III., is a veteran of the 16th Illinois Infantry. He said :

"For more than fifteen years I was a sufferer from gastritis in its worst form. I was much reduced in flesh and strength and unable to attend to business. Finally my wife persuaded me to try Dr. Williams' Pink Pills for Pale People and to my surprise I began to get better. Three boxes effected a cure that has been permanent. When I began to take the pills I weighed 136 pounds; now I weigh 163. These pills did me more good than all the other medicines I have ever taken.

H. K. McLellan." Subscribed and sworn to before me this second day of December,

R. R. WALLACE, Notary Public. -From the Press, Hamilton, Ill.

Dr. Williams' Pink Pills for Pale People contain, in a condensed form, all the elements necessary to give new life and richness to the blood and restore shattered nerves. They are an unfailing specific for such diseases as locomotor ataxia, partial paralysis, St. Vitus' dance, scintica, neuralgia, rhesimatism, nervous headsche, the after-effects of the grip, palpitation of the heart, pale and sallow complexions, and all forms of weakness either in male or female.

Dr. Williams' Pink Pills for Pale People are never sold by the dozen or hundred, but always in packages. At all drugglats, or direct from the Dr. Williams Medicine Company, Schenectady, N. Y., 80 cents per box, 6 boxes \$2.80.
