In Many Cases the Men Are Steeping With Three Feet of Water Beneath Their Bunks-Anticipated Surrender of FiltpinoLeader Fatis to Materialize

Manila, July 10 .- It has been raining and storming almost constantly for two days, and the country along the American, south and bay lines is literally flooded. The soldiers are suffering great discomfort. The Thirteenth infantry regiment, at Pasay, is in the worst position, being practically surrounded by water. The bridges that were used for getting suplies have been washed away, and some of the companies panies are now separated by streams six feet deep. In many cases the men are sleeping with three feet of water beneath their bunks, which are elevated on cracker boxes. The com-pany cooks, when preparing the meals,

stand knee deep in water.
Some of the roads leading to Pasay are simply impassable, and the rice fields on all sides are one great lake. A high wind blew over several tents of the Second Reserve hospital.

A Big Indian Powwow. Decatur, Neb., July 10.—The greatest Indian powwow in recent years began at the Omaha and Winnebago Indian reservation yesterday. It is held at Yellow Smoke's Lodge, five miles north of Decatur. The Indians of the reservations of Northern Nebraska have been arranging for this great event for months. The chiefs say the celebration this year will eclipse anything attempted by the Omaha and Winnebago tribes during the last quarter of a century. The traditional riter and ceremonies of these ancient tribes men will be performed. If not pro hibited by the authorities the savage war dance will be indulged in as a grand finale.

### A PLENARY COUNCIL

Of Catholic Church Officials May Be Held in 1902.

ORDERS MUST COME FROM ROME

Washington, July 10.—It is said at houses, fencing, stock and bridges will be residence of the apostolic delegate be \$2,500,000, while the loss to the the residence of the apostolic delegate that the reports emanating in the west that a plenary council of the Catholic church of America would be held two years hence are doubtless the outgrowth of the well known fact that these councils are held about every 20 years, and that two years hence will mark the 20 year period from the time of the plenary council of Baltimore, Reports

The assembling of such a council is an event of unusual importance to the church, as it brings together the entire hierarchy of archbishops and tions will be sont by the first train. In-bishops to frame the legislation of the tense suffering is said to exist in the thurch applicable to this country. Before it can be held, however, there must be a due determination by the authorities in the country, and then direction from Rome, for the assemdirection from Rome, for the assem-bling of the council. Prior to the counis not essential, yet some such formal action is required, and in case a couneff is to be held in 1902 it is thought the coming meeting of the American archbishops, which is to be held in Washington next October, might consider the matter and frame a petition to the Vattean.

It is not known, however, whether such a plan is being seriously con-sidered by the prelates, and the re-port from the west is said to be conjecture, which may or may not prove true. Except that plenary councils are held every 20 years, and there is a de-sire to make this the established pe-riod for their assembling, there is said to be no special occasion for such an Important convocation of church au-

The question of "Americanism," which has excited much attention, has seen disposed of finally by the lotter of the pope, and it is said this is not a subject which could come before a plenary council. The condition of the church in Cuba and other Spanish-American countries is working out satisfactorily, and it is said this would not require attention from a council, particularly as the Cuban, Porto Rican and Philippine churches are still out-side the American hierarchy. For this reason the new archbishop of Santiago will not be present at the coming meeting of American archbishops, nor will other branches of the Spanish-American church be represented.

Thus far the American church authorities have been given no duties in connection with the church in Cuba, Porto Rico and the Philippines, the affairs there being directed through apostolic delegates reporting directly to Rome.

The new apostolic delegate to Canada, Archbishop Franconia, is well known to the shurch authorities here, and the appointment is regarded as an important one, owing to the position of the church in public affairs in Canada, particularly in the province of Quebec. Archbishop Franconia was brought up in Allegheny, Pa., and for some time was conected with the Franciscan fraternity there. Later ha was vicar general at St. John, N. B., thence going to Rome and being ad-vanced to a high place near the pope. His former residence in this country is relied upon to make his administra-

tion in Canada an auspicious one.

Archbishop Keane has started from Rome for this country, but he will proceed slowly, making frequent visits on the continent, and not reaching Washington before October.

Mgr. Martinelli, the apostolic delegate, will go to the summer school at Madison, Wis., the latter part of this month, and will make several other visits in the west.

Killed by the Kissing Bug. Trenton, July 10.—Helen, the 2-year-id daughter of Frank Lersch, died Saturday night, and the attending physician, Dr. Griffith, is satisfied that death was produced by a bite from a kissing bug. The child was bit on the leg about a week ago. The leg began to swell and Dr. Griffith was called in. The child was treated for blood pois-oninf, and the pain was somewhat subdued, but the swelling continued and then extended to the other leg. The arms also began to swell and then these members turned black. All efforts to relieve the child proved unavailing.
