mining representative and his reports, ought to be pretty well known by this time here. There is trade abroad for anthracite. We get it there for the price, just the same as there is trade and demand here. If the price compared with soft coal or nearly so.

Iron Works Combine.

Lebanon, Pa., July 19.—A big combination of iron mills of this city and Reading has been formed, and will be controlled by a new corporation to be known as the American Iron and Steel company. The plants included in the deal are the Pennsylvania Bell and Nut company, the Lebanon Iron company, all of this city, and the best and nut works of J. H. Sternberg & Sons, of Reading, and the National Bell, Nut and Rivet works, of Reading. The five plants employ about 4,900 men, and their combined annual product of finished bar iron alone is over 140,000 tons. The new company will assume control Sept. 1, by which time it is believed other companies in this locality will be absorbed.

Family of Ten Drowned.

Tekamah, Neb., July 19.—Word was received here yesterday of the drowning in the Western Iowa, near the Minnesota line, Monday night, of A. W. Blades, his wife and eight children, while en route to Minnesota in an immigrant wagon. The family was en-camped for the night on a creek, when a cloudburst raised the creek 15 or 20 feet and the family, team and wagon were swept away. No trace of them has been found save parts of the wagon, which were found in tree tops some distance down the creek. Mr. Blades had resided in this country for 20 years.

Brave Men Fall.

Victims to stomach, liver and kidney troubles as well as women, and all feel the results in loss of appetite, nervousness, headache and tired, run-down feeling. But there's no need to feel like that. Listen to J. W. Garner, Leavitt, Ind. He says: "Electric Bitters are just the thing for a man when he is all run down, and don't care whether he lives or dies. It did me more good than any other medicine I ever took. I can now eat anything I like to eat. I can now eat anything and have a new lease on life." Only 50 cents, at A. W. Slay's drug store. Every bottle guaranteed.

Anthracite Prospect Abroad.

A contributor to the Wilkesbarre Times frankly counts the possibility of doing much in the way of selling hard coal to the peoples of Europe. Says he: "In the first place the demand for anthracite is very limited, it being exported only from Great Britain to Germany, Holland, Belgium and France in small quantities, and amounts to about 1,800,000 tons per annum. It is used largely for making purposes or where a quiet, dry heat is required in a special kind of a heater. For household purposes it is not in demand and would be worthless unless the American stove was also introduced, and that means revolutionizing social conditions; while for steam purposes, stationary engines, locomotive engines and for marine purposes it would require a radical change of fire bars and alteration in the system of draught.

The Buffalo to Be a Transport.

Washington, July 19.—The board of naval chiefs decided at their meeting yesterday to completely refit the cruiser Buffalo as a naval transport, at a cost of about \$70,000. The ship was bought of the Brazilian government at the time of the war, and was commonly known as a dynamite cruiser. She has not proved all that was expected, however, and it seemed desirable to transform her into a transport for the Philippines service.

A Child Enjoys.

The pleasant flavor, gentle action, and soothing effect of Syrup of Figs, when in need of a laxative, and if the father or mother be constipated or bilious, the most gratifying results follow its use; so that it is the best family remedy known and every family should have a bottle. Manufactured by the California Fig Syrup Co.

Reciprocity With British Colonies.

Washington, July 19.—Special plenipotentiary Kasson, for the United States, and Secretary and Charge d'Affaires for Great Britain, yesterday signed at the state department the reciprocity treaties made under the terms of section 4 of the Dingley tariff act with Bermuda and the other British West Indian colonies.

Pleaded Guilty of Polygamy.

Salt Lake City, Utah, July 19.—Angus M. Cannon, president of the Salt Lake Stake of Zion, charged with polygamy, entered a formal plea of guilty before Judge Norwell in the Third district court yesterday, and will be sentenced tomorrow. Cannon did not appear personally, the plea being entered by his attorneys. Mr. Cannon was asked as to whether he had considered what his punishment would be. He said: "It is a matter of history that in the olden times six months' imprisonment, \$200 fine and costs was the regulation punishment. There has been but one arrest since the stoppage of the old crusade and the defendant in that case was fined \$100 without imprisonment."

Ex-Governor's Widow Accused.

Edensada, Mex., July 19.—Jesus Gutierrez, a boy about 10 years old, who has been working for the late ex-Governor Ryerson's wife, and who, it is alleged, has been abused by the woman, was found on his knees dead yesterday, and a post mortem examination showed his neck was broken. Mrs. Ryerson has been arrested, charged with murder, and under the Mexican laws will be held uncommunicado for 24 hours, hence no statement can be obtained from her. It is said she put a dog collar around the boy's neck and with a rope hanged him to a tree.

CUBAN REVOLUTIONISTS.

They Have Established a Regular Party With Headquarters in Havana.

Havana, July 19.—The truth regarding the recent proclamation issued in Matanzas shows that a regular revolutionary party has been established, with headquarters in Havana. Its object being to incite Cubans throughout the entire country. This party has agents in every large city and also a Junta in Mexico, one of the agents of which is now here. All this is perfectly well known to the authorities, and a manifesto comes off the press now, but the government receiving a copy of it.

Of course, these inflammatory addresses are hurtful to the peace of the country, but it is generally considered that it would work more harm to arrest the leaders of the movement, who would undoubtedly pose as martyrs, which is seemingly their desire, and though they must know that their machinations are discovered, they persist in the agitation.

Each province has, or will have, an address widely circulated, signed by some prominent and influential citizen to be borne by many and thus to prevent the accusation of forgery.

WILL SNUB THE SCRIBES.

Government Will Not Notice the Criticisms of General Otila.

Washington, July 19.—It was stated at the war department yesterday that no attention would be paid to the "round robin" of the Manila correspondents. The protest was not sent to General Otila, and will not be. General Otila was called upon for an explanation. In addition to this, it was intimated that encouraging news had been received from the Philippines, and that the situation was much better than has been generally believed.

Important cablegrams have been received from the Philippine commission and the war department from General Otila concerning a new move in the direction of peace. All that can be learned about them is that alleged direct overtures for peace have been made to General Otila, and that some of his principal leaders.

A cabinet official says that if the promises are fulfilled the volunteers now being enlisted will not be needed.

What is Shiloh?

A grand old remedy for Cough, Colds and Consumption; used through the world for half a century, has cured innumerable cases of incipient consumption and relieved many in advanced stages. Molnoux Before the Grand Jury.

New York, July 19.—The grand jury yesterday resumed consideration of the case of Roland B. Molnoux, accused of having caused the death by poison of Mrs. Kate J. Adams. Those who testified during the morning were H. S. Clark, paying teller of the Lincoln National bank, handwriting expert Tyrrell, of Milwaukee, and Jacob R. Demarest, lawyer of the New Amsterdam bank, all of whom were called to testify in relation to Molnoux's writing on certain checks. Tyrrell is a witness summoned by the prosecution. The grand jury sent for David N. Carvalho, the handwriting expert who has testified previously for the defense. Carvalho declares that the writings submitted to him and pronounced by others to be Molnoux's were not the work of the prisoner. The jury adjourned until today without having found an indictment.

Young Mothers.

Croup is the terror of thousands of young mothers because its outbreak is so agonizing and frequently fatal. Shiloh's Cough and Consumption Cure sets like magic in cases of croup. It has never been known to fail. The worst cases relieved immediately. Price 25 cts., 50 cts. and \$1.00. Sold by P. D. Kirin on a guarantee.

Millions Given Away.

It is certainly gratifying to the public to know of one concern in the land who are not afraid to generously give away millions of dollars. The proprietors of Dr. King's New Discovery for Consumption, Coughs and Whooping Cough, have decided to give away millions of dollars in the form of cash prizes to the thousands of people who are suffering from these troubles. The prizes are given away in the form of cash prizes to the thousands of people who are suffering from these troubles. NUGETS OF NEWS.

Mamie King, a New York girl, has lost her reason through excessive cigarette smoking. A recruiting surgeon at Cincinnati suggests that federal convicts be enlisted in the army for service in the Philippines. Josie Mansfield, for whose sake Edward S. Stokes shot and killed James Flisk, Jr., in 1872, is lying at the home of relatives in Philadelphia, paralyzed and speechless.

The two daughters of Mrs. John Moore, of Dallas, Tex., died from drinking poison said to have been intended for their mother, who was an important witness in a lynching case.

Twelve members of the steamer Elk expedition to Kotzebue sound, Alaska, succumbed to scurvy, starvation and frost. Mrs. Hens, wife of the captain, the only survivor, is at St. Michael's, dying of scurvy.

Charged With Robbing Postal Clerks.

Cleveland, July 19.—M. J. Alton, the former postmaster of Lorain, O., who retired on April 1, was arrested yesterday on the charge of having stolen \$166.88 from two young women who were clerks in the office. He was released on \$1,000 bail by Commissioner Uhl. The charge is based on the allegation that when these clerks were granted an increase of salary by the postmaster general Alton did not notify them, but put the increased pay in his own pocket.

An Epidemic of Smallpox.

Harrisburg, July 19.—Governor Stone received a letter from Dr. Benjamin Lee, secretary of the state board of health, yesterday informing him of the outbreak of smallpox at Uthsville, Clearfield county. The village has been quarantined, and the situation is alarming, although every precaution is being taken to prevent a spread of the disease.

Valentine Gets Six Years.

Perth Amboy, N. J., July 19.—George M. Valentine, cashier of the suspended Middlesex county bank, was sentenced in the Middlesex county court yesterday to six years in the New Jersey state penitentiary at Trenton. Valentine pleaded non vult to the charge of larceny in connection with his misappropriation of about \$130,000 from the bank.

A CITIZEN DISCUSSES

A Vital Question.—Fought With Interest to Shenandoah People.

When a citizen right here at home makes a public statement like the following, all room for doubt disappears and the most skeptical must be convinced. It's pretty hard for our readers to prove a statement made by a stranger living in some far-away point of the United States, but the endorsement of neighbors and citizens is the best of proof; no better evidence can be had.

Mrs. E. Williams, of 237 East Coal street, says: "My son John, was greatly troubled with his back and kidneys. He had several times in his head, mostly in the top and back and a constant aching pain in the loins. He did not rest well nights owing to a bladder trouble and he had much nervousness. A commercial man was at our home and he advised us to get Doan's Kidney Pills. He related what he had done for him and we were so impressed that we procured them at once from Kirin's drug store. At that time my son was suffering from his back so intensely that he had him take them. They did benefit him at once and soon banished the whole trouble and annoyance."

Doan's Kidney Pills for sale by all dealers. Price 50 cents. Mailed by Foster-Milburn Co., Buffalo, N. Y. Sole agents for the U. S. Remember the name Doan's and take no other.

The Philpot-Griffin Feud.

London, Ky., July 19.—Today's news from Clay county confirms Monday night's reports of the Philpot-Griffin fight, and while reducing somewhat the number of fatalities gives details which emphasize the horrible ferocity of the conflict. Three men, all of the Griffin faction, were killed in Monday's fight, three were fatally wounded and two were seriously hurt. Messengers from Manchester report the situation more threatening than ever, because of the spread of the feud to families not hitherto directly concerned. The Chadwells and Barnetts are said to be joining the Griffins and Morris, while the Philpots, in themselves the strongest faction, are gathering their followers from neighboring districts.

Killed in a Street Brawl.

Harrisburg, July 19.—Charles Walker, an employe of the Pennsylvania steel works, was found dying on the streets of Harrisburg yesterday morning after daylight. He was shot through the right hip and his right arm was terribly crushed near the shoulder. Walker was taken to the Harrisburg hospital and died two hours later. The theory of the police is that he was injured in a street brawl.

President of California University.

San Francisco, July 19.—At a meeting of the board of regents of the University of California yesterday Professor Benjamin Ide Wheeler accepted the presidency of the university, the regents granting every request and condition made by him.

To Grant Admiral Dewey.

Trieste, July 19.—Admission C. Harris, United States minister to Austria-Hungary, Charles V. Herdlika, secretary of the American legation, and Frank W. Mahin, consul at Reichenberg, have been invited to great Admiral Dewey upon the Olympia reaching this port.

Against the Westinghouse Company.

New York, July 19.—The long expected opinion in the suit of the Westinghouse Air Brake company against the New York Air Brake company for alleged infringement of patents was handed down yesterday by the United States circuit court of appeals, which decides in favor of the New York Air Brake company. This sustains the decision of the lower court.

Scrofula, a Vile Inheritance.

Scrofula is the most obstinate of blood troubles, and is often the result of an inherited taint in the blood. S. S. S. is the only remedy which goes deep enough to reach Scrofula; it forces out every trace of the disease, and cures the worst cases.

My son, Charlie, was afflicted from infancy with Scrofula, and he suffered so that it was impossible to dress him for three years. He had a head and body were a mass of sores, and his eyesight also became affected. No treatment was of any avail until I thought I would give him S. S. S. I had almost despaired of his recovery, but by the advice of a friend I gave him S. S. S. The result was the result, and after taking a dozen bottles, no one who knew his former dreadful condition would have recognized him. All the sores on his body have healed, his skin is perfectly clean and smooth, and he has been restored to perfect health.

For real blood troubles it is a waste of time to expect a cure from the doctors. Blood diseases are beyond their skill. Swift's Specific.

S. S. S. For the Blood

reaches all deep-seated cases which other remedies have no effect upon. It is the only blood remedy guaranteed purely vegetable, and contains no poison, mercury, or other mineral.
