THE BODY MAY BE CREMATED.

Should It Be Decided to Have Funeral Services John Clark Ridpath Will Be Invited to Deliver the Oration-Mr. Ingersoll's Charlty Kept Him Poor. New York, July 24.-Colonel Robert

G. Ingersoil died a comparatively poor man. There is, it is said, an insurance of \$100,000 on his life; that is all. Yet the great agnostic made from \$50,000 to \$60,000 a year every year since the What he did not spend on his family he gave away.

"I don't think the colonel left a will," said his brother-in-law and secretary, C. P. Farrell. "If he did, I don't know of it. He was a great money earner, but a poor money saver. For perhaps 30 years his income was immense, but others have had the benefit of all that he earned in the law and in lecturing. What he did not spend on his loved ones he gave away

This showed that he felt that the end might be near. It is likely the widow will receive the insurance on her husband's life before it is legally

The body of Colonel Ingersoll lay on an improvised bier yesterday in the bedroom in which he died at the home of Walston H. Brown, his son-in-law in Dobb's Ferry. Many men of all sorts and conditions, but mostly humble toilers, made the pilgrimage to Dobb's Ferry in the hope that they might be permitted to gaze once more upon the noted agnostic. In no instance was the quest refused.

No arrangements whatever have yet een made concerning the funeral. Mrs Ingersoll and her daughters. Mrs. Brown and Miss Maude Ingersoll, are still too much overcome with sorrow consider the matter.

"They cannot tear themselves from the beloved dead," said Mr. Farrell. "They have not left the chamber since he passed away, except to go into an adjoining room when visitors who wished to see him called. They cannot reconcile themselves to the idea that they must part with him, and all allusions to the removal of the body only cause distressing outbursts of grief. It may be a few days before they are calm enough to discuss the steps that necessarily soon must be taken for the removal of the body."

Mr. Farrell expressed the conviction that the body will be cremated. If it is not it will be burled in Sleepy Hollow cemetery, at Tarrytown, Washington Irving rests. If any fu-neral exercises are held it is expected that John Clark Ridpath will deliver the enlogy.

At the request of the family George Grey Barnard, the sculptor, who was a warm personal friend of the colonel, visited the house today and made a death mask.

A Sunday of Turbulouce, in Which the Police Were Kept Busy Fighting Riotons Mobs - The Strikes in Greater New York About Ended.

Cleveland, July 24.—The rioting which continued throughout Saturday night was renewed yesterday and there were severa: Sutbreaks of violence, but no clashes between the mobs and the

Cars were running as usual yester day morning on all but one or two The mobs were sstir early Soon after 10 o'clock a thousand or more porsons gathered on Burton street, on the South Side, and proceeded to obstruct the track. When a car came along with two policemen on board it was attacked with a shower of stones. In spite of the policemen the non-union motorman and conductor were roughly handled. One of them, named McDermott, had two ribsbroken and the other was badly brutsed. One of the policemen fired at the mob, the bullet striking a man named Wennick. The mob assaulted the officers, both of whom were struck repeatedly with stones, and but for the intervention of a priest of the Catholic church near at hand the officers might have been lynched. By this time three cars had been mixed up in the meice and a patrol wagon load of police arriving, the rioters dispersed and the cars were taken back to the brans.

There was a serious disturbance on

the Broadway line at the corner of Petrie street, where a mob of 3,000 assembled in the forenoon and obstructed the track. Finally a car came along from the Wilson avenue barns, having on board Sergeant Burrows and a private of militia and Detective Kelso. They ordered the mob to disperse when he motorman attempted to remove the obstruction from the track, but the rioters showed fight. Then Sergeant Burrows and the one soldier, with fixed bayonets, faced the mob and attempted to clear the way. There was a sharp fight for a few minutes, durng which a perfect shower of stones ell about the detective and the soiiters, smashing the car windows. No one was seriously hurt, and after aresting two of the rioters and placing them on the car it was returned to the barns. The police afterward charged

the mob, making several arrests.

The military on guard at the Holmden avenue barns on the South Side were annoyed during the greater part of the day by a jeering mob, and 15 arrests were made there with the as-

sistance of the police.
In the afternoon a mob of 1,000 conceived the idea of blocking the track on Orange street by placing a big lder in the middle of the street and milding a fire around it. The plan vorked successfully and the cars were delayed for nearly an hour, when the police drove the mob away, put out the fire and gave the street railway men a chance to move the stone. Three

Martin, Mrs. Catherine Harris and She suffered a compound fracture of the skull, had one arm broken and was otherwise injured. She was with her

husband, who was also badly hurt.

The explosion tore out the front end of the car, smashed all the windows and destroyed the brake. After considerable difficulty the car was stop-ped and a call for ambulances was sent out. The motorman, William Draggers, who came from Cincinnati, was dazed by the shock, but the con ductor, Frank Schroeder, of St. Louis

escaped injury.

The force of the explosion was so The force of the explosion was 30 great that it shook all the houses in the neighborhood and was heard for a distance of two or three miles. There is no clew to the identity of the person who placed the explosive on the track. Persons living in the neighborhood say they saw a man in a buggy s.op at the corner of Kensington street, where the explosion occurred, and get out by the railroad track. He remained there a short time and then drove rapidly away.

In the vicinity of the Holmden avelarms last night there was continuous rioting for three or four hours. Every car that passed was attacked with stones and several pistoi shots were fired at them. There was a lively fusillade at one time, the non-union

NEW YORK STRIKE ENDED. Cars Bunning About as Usual in the

New York, July 21.—The trolley car strike, both in Manhattan and Brooklyn, seems to be practically at an end. General Master Workman Parsons says it is not, and yesterday at a meeting of the Central Federated union he nched a new scheme for a new labor political party, and at the same

time urged upon the delegates of the various trades unions in greater New York the expediency of contributing to a fund to mid the strikers, and the delegates promised their financial sup-port. This is probably what causes General Master Workman Parsons and District Master Workman Pines to promise important developments in the strike situation this week.

It is a fact, however, that both Sat-urday and Sunday cars were being run under almost nominal bendway on all the lines except the Nassau through-out Brooklyn, even to the various beaches, and carrying large numbers

In New York, except for the presence of several hundred policemen and avenue, and guards about the various power houses, a strike would be out of consideration. There was no deiny in the trolley car service in Manhattan yesterday on any line with the exception of the Second avenue line,

and that is affected but little.

It is stated by the police officials that this evening or tomorrow at the farthest, most of the police who have been gnarding the property of the rail-road companies will be withdrawn.
