20 MILLION

Dr. Jackson points to the startling fact that there are now 20 million victims in this country and the number rapidly increasing.

The Aborigines are said not to have known the disease. That proves it is not caused by our climate and must have been imported. Forty years ago there were less than 40,000 cases in the U. S. to-day there are 20 million. How there will be 20 million. Where is it to end? Shall we not awake till it has fastened its fangs on every man, woman and child in the land? Will we not prevent it unless we take immediate and vigorous steps to stamp out the plague? This disease is now in the hands of the next station. It is everywhere. A germ (microbe) disease it spreads by contagion. The victim is loaded with these microbes. Others breathe them in the air and judgment and they release them. It holds the victim life down in death, unless every microbe is killed. Can they be killed? Yes, but not by any blood medicine. No Catarrh germ was ever found in the blood. The trouble is local and must be treated locally. Catarrh has been discovered that is sure death to the Catarrh microbe, making a radical and permanent cure. It is Brazilian Balm. It has cured tens of thousands in the past 15 years. It also cures all the troubles caused by Catarrh, such as: Old Coughs, Bronchitis, Asthma and Lung troubles. The swallowing of the Catarrh germ causes the stomach and intestines to become inflamed and the system to be attacked. As all sufferers with Catarrh and Asthma have run-down systems, the most necessary next step is a thorough treatment of Catarrh, free, with a very effective, \$1.00 bottle of Brazilian Balm. It is the only medicine that will cure Catarrh, and it is sold in all drug stores. It will cure you, and it is sold in all drug stores. It will cure you, and it is sold in all drug stores.
