### OUR COUNTRY: First, Last and Forever.

BUSINESS men expect the newspaper to boom the town, and thus indirectly boom the business men. That being true, the business men should do all possible to help the newspaper. Good newspapers represent the spirit of a town and its people.

POSTMASTER SCHRIK, of Pottsville, has been granted a month's vacation, but will be in "direct telephone and telegraph communication" with the office. "Gins feels his importance, evidently. Suppose, however, the legislator should pass "to the great beyond." What then?

THE Beaver Falls-Tribune tells of a young married man of that town who recently returned home quite late after attending a smoker. The doors were locked, and as he did not care to disturb his wife he sat down on the rear porch to think the situation over and to caress his big dog. Finally he fell asleep, and when his wife found him in the morning his head was pillowed on his faithful dog, and the animal refused to allow her to touch her husband in order to wake him. Further, the Tribune saith not. It would be interesting to know whether the wife was angrier at the dog or her husband.

Cannot Stomach Bryan.  
In the opinion of some of the gold Democrats, that party, which nominated Palmer and Buckner for the presidency in 1896, will put a ticket in the field in 1900. The meeting of the Democratic national committee at Chicago has demonstrated to the conviction of the anti-Bryan Democrats that Bryan is in control of the party, and that there is no possibility of a compromise to the satisfaction of the anti-silver element, and not the least chance of their being able to capture the convention or even to control enough delegates to render the two-thirds rule embarrassing to the Bryan people.

The gold Democrats have never relinquished their national party organization formed at Indianapolis in 1896, though Mr. Bynum was deposed from the chairmanship of the executive committee, and there has been little done along the line of independent party work.  
Their work has been chiefly directed towards efforts to reclaim the old Democratic party from Bryanism, and until a comparatively recent time they have had some hope that the old party might be brought to a state of mind which would open the way for both wings of the party to get together and act in harmony on a platform from which free silver would be dropped. If this were to be accomplished there would be no need for a gold Democratic ticket in the field, and the question of duplicating the Indianapolis convention has been held in suspense.

Now that there is no reasonable ground for hope that Bryanism can be got rid of, the question of putting a gold Democratic ticket in the field is being considered, with the probability that the decision will be favorable to the proposition. There is no anticipation that such a ticket would poll a very large vote, since most of the extreme gold men will vote for the Republican candidate as a more direct means of striking at Bryanism. But the theory upon which the ticket will be nominated, if that is decided on, will be that there are still some gold men who did not support Bryan in '96, who will not vote the Republican ticket, and that, moreover, many of those who voted for Bryan in '96 rather than break away from their party allegiance, and who had an idea that by remaining true to the party through that campaign they would be in a position to redeem it from Bryanism after the defeat, have now given up all hope of ever accomplishing anything within the party lines, and will be ready next year to break away from the party in despair if a place is provided for them to go.

## THE CLEVELAND STRIKE

Mayor Farley Defends Proposed Interference by the Council.  
Cleveland, July 28.—Mayor Farley proposes to finish the campaign against lawlessness in Cleveland on the lines he has laid down, and he will not tolerate any interference. That was made clear at the special meeting of the city council last evening, when the attempt to institute an investigation of the strike on the Big Consolidated street railway lines by a special committee of the city body was defeated.

Mayor Farley proposed the proposed action in a vigorous speech, in which he declared that the appointment of the special committee would interfere with the plans of the executive for the crushing out of disorder. He said the only result could be to keep alive the agitation, and that the city would be served. "This seems to be a good time," the mayor declared, "for everybody to mind his own business."

Several of the councilmen favored the committee, but when the resolution came to a vote it was lost.

Many of the council sympathizers have been very bitter toward Farley. In public meetings they have charged him with responsibility for the present troubles, and threats against his life have been made. This has led him to provide a guard for his residence on Euclid avenue, and detectives watch the house every night.

The coroner's inquest into the killing of Henry Cornwell last Monday by a non-union conductor named Ralph Hawley has been in progress for two days. All the witnesses who have testified thus far have told pretty much the same story, which is to the effect that the shooting was unjustifiable, the boy having done nothing which would have warranted a resort to violence on the part of the conductor.

## THE DEATH OF A TRAITOR.

The Only Deserter From Our Flag in the Philippines.  
Kansas City, Mo., July 28.—The tragic scene which attended the death of Corporal Leonard F. Hayes, American's only traitor in the Philippines, was witnessed by Sergeant George A. Lamarch, of Company H, Twentieth Kansas volunteers, now in this city. Corporal Hayes, he says, became enamored of a Filipino beauty, and deserting his comrades was placed in charge of a Filipino battery, with the rank of lieutenant. He met his death almost in the first engagement in which he fought against his country. Speaking of this battle Sergeant Lamarch said:

"We had charged the Filipinos, driving them back and killing and wounding many. Among the wounded left on the field we found Hayes. He was apparently several of the boys. One of the soldiers of the Second Oregon drove his bayonet through the body of the wounded traitor and lifted him above his head and held him there while the soldiers shot him. The body was thrown into a trench and buried with several volunteers. We would have treated him worse if we had known how."

Hayes was a corporal in Company I, First Colorado volunteers.

### Japan and Russia Friendly.

Washington, July 28.—The reports that Japan and Russia are arming for a struggle over Korea are received with much allowance in the diplomatic quarters chiefly concerned, and it is pointed out that an entire cordiality exists between the two countries last year concerning affairs in Korea. This arrangement is still in force, and there has been no evidence that either government desired to depart from it. It is in the form of a protocol, dated at Tokyo, April 25, 1898, and is signed by Baron Rosen, Russian minister to Japan, and Baron Nisul, plenipotentiary for Japan.

### Discovered by a Woman.

Another great discovery has been made, and that too, by a lady in this country. "Discovery" is believed to have been made by a woman who for seven years she withstood its severest tests, but her vital organs were undermined and death seemed imminent. For three months she suffered incessantly, and could not sleep. She finally discovered a way to recovery, by the use of a bottle of Dr. King's New Discovery for Consumption, and was so much relieved on taking first dose, that she slept all night; and with two bottles, has been absolutely cured. Her name is Mrs. Luther Lutz. This was W. C. Hamrick & Co., of Shelby, N. C., trial bottle free. A. A. Wadley, Drug Store. Regular size 50c and \$1.00. Everybody guaranteed.

The importance of the new company is regarded as second only to that of the Amalgamated Copper company. James A. Murray, the millionaire banker, and other capitalists are at the head of the company, which started out with a capital stock of \$1,500,000.

### Wharton Baker For President.

Frankfort, Ky., July 28.—The Populist state convention yesterday named a full state ticket. John G. Blair, of Nicholas county, was nominated for governor by acclamation. The platform adopted endorsed Wharton Baker, of Philadelphia, for president and Ignatius Donnelly, of Minnesota, for vice president. It condemns the Goebel state election law, and "regrets to see that Hon. William J. Bryan, by his public endorsement of the ticket nominated at Louisville, assumes the responsibility of endorsing the criminal attempts of corrupt elements of Kentucky politics to subvert the ballot."
