The Aboriginal Indians are said not to have known the disease. That proves it is not caused by our climate and must have been imported its growth was slow but persistent. Forty cars ago there were less than 40,000 cases it the U.S., to-day there are 20 million. Soot litere will be 30 million. Where is it to end shall we not awake till it has fastened its fauran every man, woman and child in the lamidiate and vigorous steps to stamp out the plaque of this putrid disease knows no see, no class, mainton, it is everywhere. A germ (instrobe lisease it spreads by contagion. The carno oreath and expectoration of the poor victim are loaded with these microbes. Others broath them, they find lodgement and never release their hold till the victim lies down in death, unless every microbe is killed. But can they be killed? Yes, but not by any "blood medicine." No Catarrh germ was ever found in the blood. The trouble is local and must be treated locally. A balaum has been discovered that is sure death to the Catarrh microbe, making a radical and permanent cure. It is Brazilian Baim. It has cured tens of thousands in the past 15 years. It is occured all the troubles caused by Catarrh as Sore Throat, Old Coughs, Bronchitis, Asthment Lung troubles. The swallowing of the Catarrh pus makes the Stomach awa and alcerated. The Brazilian Baim soon makes a radical cure of the Stomach and alimentary canal. It is the changest remedy on the market, a \$1.00 bottle containing a whole month's treatment at all sufferers with Catarrh and Asthma haven-down systems we will till January next put in with every \$1.00 bottle of Brazilian Baim.
