and the second OUR COUNTRY : First, Last and Forever.

As an evidence of the unprecedented condition of railroad pros perity, it is said that every railroad entering Chicago needs more cars than it has or can get to meet the demands of shippers. This condition is not due to any great and sudden inorease in any particular traffic, but is due to the steady growth of all kinds of traffic. From all indications the year 1899 will eclipse all former years in the volume of business done by the railroads. Some of the railroads are declining freight for quick delivery. "When the farmers are prosperous is a fact worth mentioning. More pianos were shipped over our road from Chicago to the West and Southwest in the last three months than the entire number in the years from 1893 to 1897." This is good proof of the prosperity of the farmer, for a

Two of His Wives Died Under Suspleious Circumstanc

Chicago, Aug. 1.-Martin Dotz, said o have married six women, all but two of whom are said to be now living, was arrested here yesterday. The police allege that Dotz, in Wheeling, W. Va., under the name of Henry Doesing, married a woman who later died under suspicious circumstances. His watch and clothing were found on the banks of the Ohio river, but the impression of suicide thus given was dispelled by his arrest here a year ago for disposing of mortgaged goods. Before reaching Chicago Dotz married in Milwaukee Maximillana Sperl, a Chiago woman; Elizabeth Schmidt and

Caroline Schnelder, both of Milwaukee. Upon obtaining their money, the allegation runs, he left them. In this city he took to wife a woman worth \$12,000. She died suddenly, willing her prop erty to Dotz, then known as Fred Hoh. His next wife was a south side woman possessed of \$1,000. His arrest at this point cut short his matrimonial experiences. During the year he has been in Bridewell the police have been gathering evidence against him.
