FRIDAY, AUGUST 4, 1899.

OUR COUNTRY: First, Last and Forever.

EX GOVERNOR WARMOTH, the first Northern Governor of Louisiana, has lived down the bitter unpopularity which at one time nearly cost him his life, and is now one of the leading sugar planters of the state and a most successful lawyer.

THE experiments carried on by the P. & R. Company with compressed air locomotives in the mines have resulted in an unqualified success and it is only a matter of a short time when the thousands of mules owned by the company will be superceded by the new motive power.

WILLIAM WALDORF ASTOR, finding American citizenship irksome, has become a sworn subject of Queen Victoria. Mr. Astor's precedents are: Benedict Arnold, traitor; Judah Philip Benjamin, rebel, and A. Oakes Hall, friend of "Boss" Tweed. Close calculation is not necessary to ascertain which nation profited by these transactions.

THE Pennsylvania Railroad could take no better step in the way of increasing the faithfulness and efficiency of its employes than by the provision which they have recently announced for the pensioning of those who have been in the service of the company for a period of thirty years. Each employe will feel that he is part and parcel of the great corporation.

ATTORNEY GENERAL ELKIN, while of the opinion that the action of the Legislature in the proposed amendments to the Constitution is defective in its not having made appropriation to carry it into effect, yet there are other important questions involved that lead him to approve the writ for mandamus, so that they can be finally determined by the court. It is doubtful if a decision can be reached in the lower court, and an appeal taken to the Supreme Court and a decision reached by it in time to have the amendments voted on, should the decision of the court be in favor of the contestants.

The City of Culture, Too!

Massachusetts and especially Boston, can produce more idiotic cranks than any other state or city in the Union. The latest specimen is a Boston councilman named Michael Brick, who opposed a small appropriation by the city councils to the fund for defraying the expenses of a fitting reception of Admiral Dewey when he reaches that city. Mr. Brick explained that in his opinion the admiral is not anywhere near so great a man as Grant or Sherman, and, for one, he was opposed to making any fuss over him. Not content with that, he was "opposed to making a second Boulanger of Dewey."

It certainly is amazing that a city like Boston should produce so many cranks and in such great variety as it does. What is there in the atmosphere of Massachusetts, anyway, that can account for the existence of such men as Councilman Brick? And what is worse, the people seem to encourage them and place them in positions of prominence and responsibility. It would serve Boston just about right if Dewey quietly changed his plans and did not enter the harbor there, but strike for some other port. He is a sensitive man and despises small-souled people. He is independent, too, and attaches very little value to demonstrations of any kind.

Councilman Brick may be a poor representative of the people of Boston, but he is one of the "City Fathers," and consequently a man of more or less importance. It was in his official capacity he offered Admiral Dewey an insult by comparing him with the French blatherskite Boulanger.

THE DOMINICAN REVOLT.

The Movement in Favor of Jiminez Growing in Strength.

Cape Haytien, Aug. 4.—It has just become known that an armed insurrection has broken out at La Vega, a town 78 miles northwest of St. Domingo, in favor of Jiminez, who aspires to the presidency in succession to the late President Heureaux.

Later advices from the Dominican republic indicate that the revolution is growing in strength. At Santiago de la Cruz well armed men have risen under the command of General Ramon Pacheco and General P. Reyes, who is very influential in those districts, has joined the insurgents, with several other generals, each commanding fairly important forces.

A Thousand Tongues

Could not express the rapture of Annie E. Springer, of 1125 Howard st., Philadelphia, when she found that Dr. King's New Discovery for Consumption had completely cured her of a hacking cough that for many years had made life a burden. All other remedies and doctors could give her no help, but she says of this Royal Cure—"it soon removed the pain in my chest and I can now sleep soundly, something I can scarcely remember doing before. I feel like sounding its praise throughout the Universe." So will everyone who tries Dr. King's New Discovery for any trouble of the Throat, Chest or Lungs. Price 50c. and $1.00. Trial bottles free at Wasley's drug store; every bottle guaranteed.

The Glencairn Sailed Alone.

Dorval, Que., Aug. 4.—Yesterday's "race," which proved to be the final one for the Seawanhaka cup between the American challenger Constance and the Canadian defender Glencairn, turned out most unsatisfactorily, for Skipper Duggan had to sail his boat over the course alone, while Mr. Craig, of the Constance, after protesting the race through having taken ground with her centerboard in maneuvering on the starting line, had the Constance brought down to the St. Lawrence Yacht club house at Dorval. Glencairn finished the race within the time limit. The question has been raised as to whether the Constance, not having crossed the starting line and therefore not having been in the race, has the right to protest it. The sailing committee awarded the race to Glencairn.

The readers of this paper will be pleased to learn that there is at least one dreaded disease that science has been able to cure in all its stages, and that is catarrh. Hall's Catarrh Cure is the only positive cure known to the medical fraternity. Catarrh being a constitutional disease, requires a constitutional treatment. Hall's Catarrh Cure is taken internally, acting directly upon the blood and mucous surfaces of the system, thereby destroying the foundation of the disease, and giving the patient strength by building up the constitution and assisting nature in doing its work. The proprietors have so much faith in its curative powers, that they offer One Hundred Dollars for any case that it fails to cure. Send for list of testimonials.

Georgia Lynchings Continue.

Blakeley, Ga., Aug. 4.—Louis Henderson, a negro, who has been in the employ of J. W. Bowman, a planter, in this county, for four years past, on Wednesday attempted to commit an assault on the 6-year-old daughter of Mr. Bowman. He was captured by the father, and yesterday was taken in hand by a band of lynchers. The mob was very quiet and orderly, and before the town knew what was going on the negro was hanging from a limb in one of the yards of the town.

Grain-O aids digestion and strengthens the nerves. It is not a stimulant but a health builder, and children, as well as adults, can drink it with great benefit. Costs about ¼ as much as coffee—15 and 25c.

CARRABELLE WIPED OUT.

Nothing Escaped the Tornado's Fury in the Florida Town.

Tallahassee, Aug. 4.—The first train from Carrabelle through the storm stricken gulf section since Monday reached here yesterday afternoon. The train crew and passengers agree that reports of the destruction wrought by the storm have been extremely moderate. Carrabelle is literally wiped from the map. Her docks and wharves, containing about 400,000 feet of lumber and 50,000 barrels of rosin, were quickly swept away. Thirteen of the 14 large vessels in the bay were blown ashore, and are now lying well up on dry land. These vessels contained several million feet of timber. No information is yet obtainable as to the loss of life from the vessels and from the large fleet of fishing boats in the neighborhood.

Only two or three huts are left standing in Carrabelle, and one colored woman is known to have been killed by the falling of a house. Citizens of Carrabelle are in a state of confusion, and are flocking in every direction for relief. The town is isolated and the wires are still down. The towns of McIntyre and Curtis Mill are completely demolished, and large interests have been destroyed. The coast resorts, St. Teresa and Lanark, are more seriously wrecked than at first reported, and visitors have suffered hardships, though no loss of life is yet known.

Fifteen men seen to have been fishing on an islet called Dog island, just before the storm broke, cannot be found.

NUGGETS OF NEWS.

The number of enlistments Wednesday were 384, making a total of 9,063.

Free delivery postal service will be established at Cranford and East Orange, N. J., Oct. 1.

Herman Goldberg was arrested at his wife's funeral in New York, charged with having caused the woman's death.

At least six people were killed by Wednesday's cyclone in southern Maryland and the damage to crops was enormous.

At Garfield Park, Chicago, Major Taylor, the colored cyclist, rode a mile, paced by a steam motor, in 1:22, the best record.

Judge D. W. Shackelford received the Democratic nomination to succeed the late Congressman R. P. Bland from the Eighth Missouri district.

Mrs. Lindemann's trunk, packed in anticipation of a trip to Europe, was rifled by a burglar at her New York home, and the trip has been postponed.

George Avaroff, the wealthy Greek whose gift of a million francs for the restoration of the Stalum at Athens led to the revival of the olympic games a few years ago, died in Alexandria, Egypt.

SNUBBED HER GRANDFATHER.

Little Gladys Perot Evidently Prefers Her Mother's Care.

London, Aug. 4.—Mrs. William Y. Perot, of Baltimore, Md., who was arrested at Liverpool on an extradition warrant July 27, after reaching that port from Canada, charged with the abduction of her daughter Gladys, and who was brought here and remanded the same day in £100 bail, with two sureties, appeared for examination yesterday in the Bow street police court. She was again remanded on the same bill, and with the same sureties, Cir G. Ewed-Smith and Mr. N. Blood.

Mrs. Perot looked remarkably well and entered the court, holding Gladys by the hand, accompanied by her brother, Mr. T. Pierce, and Lady Colin Campbell. Mr. N. Blood, a brother of Lady Colin Campbell, who accompanied Mrs. Perot to this country, was warmly greeted, and all around handshaking followed his arrival.

There was some excitement in the court room when Mr. W. H. Perot, the father-in-law of Mrs. Perot, entered, accompanied by Mr. Hodson, of the United States embassy. Mr. Perot advanced to greet his granddaughter, but she hid her face in her hands, muttering:

"I don't wish to speak to you."

"But, my dear," he replied, "I have a letter from your father, and he sends his love."

Thereupon Mr. Perot handed Gladys an envelope. The child wept, but did not answer Mr. Perot.

During the examination Mr. Perot stood by the dock, regarding the prisoner in a withering manner and evidently much hurt by the reception accorded him by Gladys.

Eventually the party hurried out of court, evidently relieved by the expedition of the proceedings.

Elevated Engineers' Wages Cut.

New York, Aug. 4.—The expected cut in wages of the Brooklyn Elevated engineers has just gone into effect. The men are now called "motoneers" and receive $2.50 a day, instead of $3.50. The surface motormen are to receive $2 a day and the bridge motormen $2.25. At the time of the recent strike of the trolleymen the engineers of the elevated system, who belong to the Brotherhood of Locomotive Engineers, anticipating a cut in their wages when the change from steam to electricity was made, sent a committee to President Rossiter to protest. The men declare that he gave them to understand that no cut would be made.

Suicide at Niagara Falls.

Niagara Falls, Aug. 4.—F. R. Case, of Philadelphia, a guest at the Lower Hotel, states that he saw an unknown man jump into the river at 7:30 o'clock last evening and pass over the brink. Mr. Case described the man as being about 35 years old, five feet six inches high, and of medium weight. He had a dark mustache and wore a good suit of black clothes. Mr. Case says the man put his left hand to his face as he neared the brink, but he did not hear him make any outcry. Several other persons verify Mr. Case's statement. An effort is being made to find some clew that will lead to the identity of the suicide.

Soldier Charged With Cowardice.

Des Moines, Aug. 4.—The adjutant general is in receipt of Manila advices that Captain A. F. Burton, of Company B, Fifty-first Iowa, from Villisca, has been suspended for cowardice, and is now at Manila awaiting dishonorable discharge. Burton was principal of the schools at Wymore, Neb., when the war broke out, and disappeared, going back to his old home at Villisca, Ia., and taking the captaincy of the company. He is reported to have deserted his troops in an engagement and hidden in a ditch, while the company went into action without him.

Mrs. McKinley's Health Improving.

Plattsburg, N. Y., Aug. 4.—Mrs. McKinley's health is improving rapidly. Yesterday she went driving twice, the president holding the reins both times. The deer hunting season will open one week from next Tuesday, and President McKinley will have an opportunity of enjoying the sport, as some of the finest hunting grounds in the Adirondacks are within a few hours' journey. The deer are so numerous this year that they are coming out of the woods into the clearings and causing much damage to the crops of farmers.

All Quiet at Port au Prince.

Port au Prince, Aug. 4.—The political situation here has improved, and the city is calm. The prompt action of the United States minister here, Mr. W. F. Powell, in the case of M. Du Vivier, the newspaper man who was taken by police officers out of the American legation, has created an excellent impression among the foreign population, who consider that the action of the Haytien government in surrendering the prisoner to the minister on his demand probably avoided serious trouble.

The Cruel Knife!

It is absolutely useless to expect a surgical operation to cure cancer, or any other blood disease. The cruelty of such treatment is illustrated in the alarming number of deaths which result from it. The disease is in the blood, and hence can not be cut out. Nine times out of ten the surgeon's knife only hastens death.

My son had a most malignant Cancer, for which the doctors said an operation was the only hope. The operation was a severe one, as it was necessary to cut down to the jaw bone and scrape it. Before a great while the Cancer returned, and began to grow rapidly. We gave him many remedies without relief, and finally, upon the advice of a friend, decided to try S. S. S. (Swift's Specific), and with the second bottle he began to improve. After twenty bottles had been taken, the Cancer disappeared entirely, and he was cured. The cure was a permanent one, for he is now seventeen years old, and has never had a sign of the dreadful disease to return.

J. N. MURDOCH,
279 Snodgrass St., Dallas, Texas.

Absolutely the only hope for Cancer is Swift's Specific,

S.S.S. For The Blood

as it is the only remedy which goes to the very bottom of the blood and forces out every trace of the disease. S. S. S. is guaranteed purely vegetable, and contains no potash, mercury, or other mineral.

Books on Cancer will be mailed free to any address by the Swift Specific Co., Atlanta, Ga.

MRS. EYLER'S GENERAL DENIAL.

Contradicts Witnesses Who Declared Her Methods of Punishment Cruel.

Trenton, Aug. 4.—In the investigation into the management of the State Industrial School for Girls yesterday Mrs. Myrtle Eyler, the alleged chief offender, was on the stand. Mrs. Eyler made a general denial of being cruel, and taking her own punishment book and the diary kept by Mrs. McFadden, her predecessor, said that the method of dealing with the girls was about the same under both regimes. She denied absolutely having struck any girl in the face, or having pulled any girl's hair or having strapped any.

She said that there were a few girls in the school who were very bad, and that when they became unruly they could only be subdued by being placed in a dungeon until they expressed penitence. The girls were always released just as soon as they expressed sorrow for their misconduct. The diet of bread and water twice each day was given to those girls in the dungeon in accordance with the orders of the board of managers.

In the case of Annie Chamberlain, the girl who was in the dungeon three weeks, the witness said the girl was given one full meal each day after the first week. This was a flat contradiction of the statement made Wednesday by Miss Rosell.

When Mrs. Eyler had finished the governor announced that the investigation was over, with the exception of receiving some depositions which Mr. Backes had promised to secure. As soon as these depositions are received the governor will consider the matter and announce his conclusion.

Governor Voorhees yesterday received the resignation of Trustee Parker, and has decided to accept it. None of the other trustees has resigned.

Dr. Solf Proposed Osborn.

Berlin, Aug. 4.—A dispatch received from Apia, Samoa, under date of July 17, confirms the report of the appointment of Luther W. Osborn, United States consul general at Apia, as acting chief justice, and asserts that he was appointed on the proposal of Dr. Solf, German president of the municipal council.

Robbed the Grave

A startling incident of which Mr. John Oliver of Philadelphia, was the subject, is narrated by him as follows: "I was in a most dreadful condition. My skin was almost yellow, eyes sunken, tongue coated, pain continually in back and sides, no appetite—gradually growing weaker day by day. Three physicians had given me up. Fortunately, a friend advised trying 'Electric Bitters,' and to my great joy and surprise, the first bottle made a decided improvement. I continued their use for three weeks, and am now a well man. I know they saved my life, and robbed the grave of another victim." No one should fail to try them. Only 50 cents per bottle at A. Wasley's drug store.

PLENTY OF IT.

Lots More Proof Like This, and It Is all From Shenandoah People.

"The proof of the pudding is in the eating of it." If any city or town in the Union has sufficient proof on the following subject it is Shenandoah. Genuine merit is finding its reward in the hearty endorsement of local citizens. When people living right here at home, friends and neighbors of our readers, give a statement like the following for publication, it is proof convincing for the most skeptical. Read this testimony:

Mr. Benjamin Davis of 213 Mayberry alley, machinist, says:—"For 12 months or more, I had an extremely painful attack of lumbago and there was a lameness across me which made every movement cause sharp twinges in my back. There was also a dull, gnawing pain which made me miserable all the time. I could not do any work and was only able to draw myself from place to place. The kidney secretions were annoying and inactive. All the remedies I had tried did me no good until I got Doan's Kidney Pills from Kirlin's Pharmacy. They caused a change for the better immediately. I quite recovered from the lameness and pain in my back. In addition I wish to say that my wife used Doan's Ointment for a very sore foot which commenced with an itching and burning caused by poisoning 5 years ago. Remedies were applied one after another but without healing it. Doan's Ointment reduced the inflammation and caused it to heal at once."

Doan's Kidney Pills and Doan's Ointment for sale by all dealers. Price 50 cents. Mailed by Foster-Milburn Co., Buffalo, N. Y. Sole agents for the U. S. Remember the name Doan's and take no substitute.

Lady Churchill to Wed Again.

Cowes, Isle of Wight, Aug. 4.—The sensation here yesterday was the announcement of the engagement of Lady Randolph Churchill to Lieutenant G. F. M. Cornwallis-West, son of the famous beauty, Lady Cornwallis-West. It is said that the marriage will occur in October next. Lieutenant Cornwallis-West is tall and good looking, and very closely resembles his sister, Princess Henry of Pless. Lady Randolph Churchill and her son, Lieutenant Winston Leonard Spencer Churchill, have apartments at the Marine hotel.

Mrs. Botkin May Get a New Trial.

San Francisco, Aug. 4.—In view of the decision of the supreme court granting Albert Hoff, the murderer of Mrs. P. A. Clute, a new trial on the ground that the judge's charge to the jury was improper, the police are worried lest Mrs. Botkin may secure a new trial for the murder of Mrs. John P. Dunning, of Dover, Del., on the same ground. It is alleged that in both these cases the judge delivered practically the same charge that was used in the Durrant case.

Another Victory For Meteor.

FOUR DOCTORS FAIL

18 months in a chair.

A Specialist also fails to even relieve a bad case of Asthma.

The BRAZILIAN BALM instantly relieves and effects a Radical Cure.

Shaker Station, Ct., Feb. 3, 1899.

Brazilian Balm has done wonders for me, after suffering 2 years with Asthma. I received no help from four of our local physicians, and a specialist in Hartford, who is at the head of the hospital and receives all the critical cases in the adjoining counties. For 18 months I never laid down—sat in a chair day and night and had to be drawn from one room to another. By my doctor's orders I went south and staid several months but received no benefit. At last **Brazilian Balm** was recommended to me so highly I decided to try it. Inside of a week I could sleep in my bed. Now I am out doors every day, tending to everything, do not have any Asthma and will soon resume my old occupation, foreman of the Eddy Electric Mfg. Co., of Windsor Ct. Most gratefully yours.

WM. H. WOOD.
