SHAMROCK SAILS AWAY
From the Shores of England to Try For the America's Cup.
SIR THOMAS LIPTON CONFIDENT.

He Urges His Crew to Strain Every Nerve to Win the Cup, Assuring Them That He Would Show His Appreciation in a Manner Satisfactory to All.
Fairlie, Aug. 4.—The cup challenger Shamrock, escorted by the Erin, started for America at 5 o'clock last evening. A private signal to start came from Sir Thomas Lipton, who was on board the Erin. The Shamrock cleared twice around the Erin, receiving hearty cheers from the crews assembled in Fairlie Roads. The crew of the training ship lying near sang out lustily "Bring back that cup."
Sir Thomas Lipton, having bidden the challenger Shamrock, immediately started for London. The Shamrock cleared the Mull of Kintyre last night, and the Erin will catch her off Malin Head.
Addressing the crew on his farewell visit, Sir Thomas Lipton expressed his confidence that they would strain every nerve to win the cup. If they succeeded, he said, he would show his appreciation of their services in a manner that would satisfy all. He bade them remember that the eyes of the civilized world were upon them, and he remarked that he was entirely confident that they would get as fair play in the United States as anywhere in the world.
Sir Thomas Lipton, Captain Hogarth and Captain Wringe, in their concluding interviews, expressed themselves in terms of the utmost confidence regarding the result.
The breeze gave Shamrock a good run down Fairlie roads, and even in the broken water she left practically no wave. She appeared to be a good weather boat.
If Shamrock and Erin lose sight of each other, the plan is to run for the Azores, and another rendezvous being arranged between the Azores and America.
Shamrock carries two collapsible boats, a cutter gig and a dingy, and is provided with all the necessaries for the safety of the crew.
Captain Hogarth expects to reach New York with his yacht, but he does not intend to push the yacht to any extent. She is insured at Lloyds for \$240,000.
Shamrock's racing spurs will be taken to New York by the Anchor Line steamer City of Rome.
The Shamrock light started on her journey in the morning, but was compelled to put back on account of a slight accident to her bowsprit.

Discouraging News From Dawson.
San Francisco, Aug. 4.—The steamer Charles Nelson yesterday from St. Michael's. The Nelson carried 111 passengers, who brought down about \$150,000. The amount of treasure sent down in care of the purser is understood to be large. The news from Dawson is not encouraging. Thousands of men are idle, loafing on every street corner and in every saloon. The government has already sent many boats to their former homes. Capt. Nome has the appearance of great success. There are many reports, and some proofs of gold being found there, but nothing sure as to the amount.

SWAMP-ROOT. Is not recommended for everything, but if you have kidney, liver or bladder trouble it will be found just the remedy you need. At druggists in fifty cent and dollar sizes. You may have a sample bottle of this wonderful new discovery by mail free, also pamphlet telling all about it. Address, Dr. Kilmer & Co., Binghamton, N. Y.

The Castellines and the Prince.
Crows, Aug. 4.—Comte and Comtesse de Castellaine entertained the Prince of Wales at dinner last evening on board their steamer yacht Ythalla. Music was supplied by a full Hungarian band and the "Musical Japs." Among the guests were Du Chesse de Luynes, Madame de Gallifet, Mrs. Arthur Paget, Lady Randolph Churchill and Hon. Sidney Robert Greville, private secretary to the Marquis of Salisbury. The yacht dinner table was extravagantly decorated with flowers, but at the special request of the prince the menu was made as simple as possible, as his royal highness is disinclined to sit long at dinner.

WELL KNOWN SOCIETY LADY PUBLICLY COMMENDS AND Brazilian Balm Toxicola Tablets
"I am glad of the opportunity to publicly commend Brazilian Balm and Toxicola Tablets. They are certainly very excellent remedies as I can testify from long experience. They have kept me in splendid health, so I have never had to call a physician since I used them. Brazilian Balm is the one thing that cures Grippe, so it leaves no evil effects behind; and for colds, coughs, catarrh and lung troubles, I never knew its equal. And Toxicola is the most wonderful thing to put vigor and life into the system I ever saw. It corrects biliousness, tones up the nerves, clears the complexion and purifies the blood. It is good any time but for a Spring and Fall medicine it is worth its weight in gold. I know Miss L. I. Clark, "The Woman Who Coughed," and can say these remedies did all that is claimed for her and more too. I know of a great many cures in this locality. They ought to be in every home in America. They would save thousands of lives for they cure the worst cases. The best people here use them." Miss Sara Elmira Reynolds, Indianapolis, Ind.

Brazilian Balm at Druggists, 25 cts., 50 cts. and \$1.00 a bottle. More doses for the money than any other remedy. Toxicola Tablets 15 cts. and 50 cts. a box. With every \$1.00 bottle of Balm you get a month's treatment of Toxicola Tablets FREE. Do not fail to try these remarkable remedies.

A CHERUB REPORT
From the Fever Stricken Soldiers' Home at Hampton.
NO FEAR OF CONTAGION SPREAD

The Home Thoroughly Quarantined and the Condition of the Stricken Ones Favorable—No Deaths in the Institution Since Tuesday Last.
Washington, Aug. 4.—The yellow fever situation at Hampton continues favorable and encouraging. In the opinion of the officials of the Marine hospital service, according to official reports there has been no spread of the contagion since Wednesday, nor has any of the cases now under treatment proved fatal since that time. It is hoped to confine the disease to the Soldiers' Home and Phoebus, but too early to make a definite prophecy regarding the outbreak, as it is only four or five days since the presence of the fever became known to the officials here. Last night Dr. Wyman received the following telegram from Dr. Vickery, stationed at the Soldiers' Home: "Situation favorable and encouraging. No new cases and no deaths."
Dr. Wyman last night received from the home a list of the members of the institution who were furloughed on and after July 22, the day after a number of the inmates became sick with the fever. The surgeon general says that these persons have gone to places to which that medical officers hold under close observation for a period of at least ten days after they left the home sick. Most of the inmates furloughed fortunately have gone to northern cities.
The list of inmates furloughed, and their destination, is as follows: Henry W. Arnold, Enos Brand, Thomas Cummings, Samuel W. Hutchinson, James Hickey, John McSorley, Hugh McDonald, John Peters, Edward Townsend and John Young, Philadelphia; John Ball, Thomas N. Craig and Jacob Trantwein, Baltimore; John M. Jackson and James C. Lomax, Washington; David W. Hiddle, Harper's Ferry, W. Va.; Stephen Corey, Phoebus, Va.; William T. Flynn, Norfolk, Va.; Matthew Goslin, Harrington, Del.; Solomon Mullen, Elizabeth City, N. C.; William T. Tallmadge, Newburgh, N. Y.; George A. Vance, New York City; William H. Wheeler, Wellsville, N. Y.; Surgeon Pettus wired from Fort Monroe last night that there is nothing new, and that a good patrol is being maintained.
Acting Assistant Surgeon P. St. L. McCure will be on duty at Craney Island. He went there last night with persons held in detention at Berkeley Springs, from Norfolk, where sent over yesterday. Dr. John Archibald, of New Orleans, will reach Washington in a few days for duties that may be assigned to him.
Regarding rumors said to prevail in Newport News that government experts had pronounced the disease not to be yellow fever, Surgeon General Sternberg each said that no reason was known for questioning that the disease was yellow fever.
Governor Woodfin, of the Hampton Soldiers' Home, last night wired the press as follows:
"In view of the exaggerated reports in the daily press throughout the country as to the epidemic of yellow fever at the home I deem it incumbent to the duty I owe the public, and particularly the families of the 4,000 members of this home, to make the following statement:
"The disease first made its appearance about the 22d of July, when several members were sick in quarters, but did not consider themselves sufficiently ill to require hospital treatment, but on the 27th the surgeon ordered several to the hospital, and until the 30th day did any symptoms of yellow fever appear, at which time Surgeon Vickery reported the facts to me, and I recommended that a yellow fever expert be requested from Surgeon General Wyman, of the hospital marine service, who ordered Dr. Wickery to report to Dr. Vickery for the purpose of investigation. On Saturday he reached here, and he hesitated about reaching a decision until such time as he could hold an autopsy. Such autopsy was held on Sunday, and the doctor without hesitation declared it to be yellow fever. Since the outbreak of the disease there has been 40 cases, out of which number five have died to this date.
"The outlook at the present time is that if the present favorable weather continues we shall have no further spread of the fever, and we feel confident it is now under control. The home is so thoroughly quarantined by land and water that there is no possibility of the fever spreading beyond the home limit. The improvement in the conditions of the patients is so great that of the total number above referred to as having the disease there have been transferred back from the hospital as convalescent."
Stock Headaches,
The cause of overworked workmen, are quickly and surely cured by Karl's Clove Root Tea, the great blood purifier and tissue builder. Money refunded if not satisfactory. Price 25c. and 50c. Sold by P. D. Kirlin on a guarantee.

JUMPED FROM BROOKLYN BRIDGE.
Theatre Treasurer Hauser Wanted to Please a Little Girl.
New York, Aug. 4.—Hanna Hauser, treasurer of the Herald Square theater, in this city, jumped from the middle span of the Brooklyn bridge at 5 o'clock last evening. He struck the water just as the ferryboat. A passenger sprang overboard and seized Hauser as he disappeared to the surface. He was lifted aboard, taken to shore and sent to the hospital. He is uninjured.
When asked why he made the jump he said it was because he was a drunkard. He insisted that he had had no trouble of any source, either in his family or financially. Finally he jokingly remarked: "That's what Coney Island booze does for a fellow."
One story, which Hauser confirmed, was to the effect that a little girl on her way back from Coney Island commenced to interrogate her father concerning the big incident just about the time they reached the Brooklyn end. The child, perhaps 7 or 8 years of age, finally inquired whether any one had ever jumped from the bridge. The parent replied in the affirmative and attempted to induce his daughter to stop all further inquiries. The mother and the little girl, so the story runs, was Mr. Hauser. Suddenly, and without warning, the child began again, and broke out with the remark: "Say, papa, I would like to see somebody jump off."
"Well, I am afraid you won't get your wish today," replied her father. "Won't she?" came a voice in reply. "I'll jump for the little girl."
Then Mr. Hauser sprang up from his seat and dropped from the car into the roadway with an agility that surprised the spectators. Quickly he climbed high up on the rail, waved his hand toward the people on the car, then sprang into the air, and went down like a shot.

The Death Sentence. The wretched prisoner who is reading of his death warrant is not more surely doomed than the man who is threatened with dread consumption and fails to take the right method to repulse its attack.
The child that is bothered with shallow, narrow chest; the youth who daily crouches over an aching back; the mechanic who toils in an atmosphere of dust, and the woman whose household duties constantly restrict her to the close, heated atmosphere of her home, all live under the blighting shadow of consumption. There is but one sure protection against this wholesale murderer of men—a sound healthy body; pure, rich, red blood; and clean, clear breathing organs. Dr. Pierce's Golden Medical Discovery makes a man healthy, and really hungry men are usually healthy. But that isn't the whole battle—you may fill a stove with fuel, and if the grate is clogged with cinders and the chimney with soot, you will have no fire. The Golden Medical Discovery is that fuel which cleanses the life-giving elements of the food are absorbed into the blood, and that new, healthy tissue are built up in the breathing organs. It prevents consumption by curing all the abnormal conditions which, if neglected, lead to the consumptive.
Mrs. Josie H. Clark of Enterprise, Shelby Co., Mo., writes: "I had despair of ever getting well. I had been in bed for twelve years. Had aches all through me, numb hands, cold feet, and everything I ate distressed me; bowels constipated, and very nervous, depressed and despondent. I have taken six bottles of Dr. Pierce's Golden Medical Discovery, and my health is restored."
Constipation disappears while you sleep when you take Dr. Pierce's Pellets.
