# AND Brazilian Balm Toxicola Tablets

"I am glad of the opportunity to publicly commend Brazilian Balm and Toxicola Tablets. They are certainly very excellent remedies as I can testify from long experience. They have kept me in splendid health, so I have never had to call a physician since I used them. Brazilian Balm is the one thing that cures Grippe, so it leaves no evil effects behind; and for colds, coughs, catarrh and lung troubles, I never knew its equal. And Toxicola is the most wonderful thing to put vigor and life into the system I ever saw. It corrects billiousness, tones up the nerves, The curse of overworked womankind, are clears the complexion and purifies the blood. It is good any time but for a Spring and Fall

medicine it is worth its weight in gold. I know Miss L. L. Clark, 'The Woman Who Coughed," and can say these remedies did all that is claimed for her and more too. I know of a great many cures in this locality. They ought to be in every home in America. They would save thousands of lives for they cure the worst cases. The best people here use them." A Denial of Charges of Extravagance Made Against Them.

GENERAL JIMINEZ INTERVIEWED

The Claimant to the Presidency of San Domingo says the People Are Urging Him to Come at Once, But For a Time He Prefers Delay,

Havana, Aug. 5 .- Considerable comment has been caused here by the publication of a dispatch from the United States embodying the charge made by Governor General Brooke, Brigadler General Ludlow, military governor of Major Davis, sanitary officer at Havana, have been receiving extra allowances out of the Cuban revenues to maintain themselves in luxury. The feeling among Americans in Havana is that this charge is based upon a serious misapprobension of the facts of The suggestion of luxurious living perplexes the Cubans, who are in a position to contrast the democratle way in which men holding the high rank held by Generals Brooke and Ludlow conduct the establishments with the prodigal habits of the old Spanish

As to the charge that General Brooks has expended money in repairing the palace the Americans reply that this old and historic structure had either to be repaired and renovated or to be pulled down, and consequently about \$100,000 has been expended on it. But it is pointed out, instead of being, as heretofore, the private residence of the governor general, the palace 's now a veritable network of public of ces, inluding one large wing devoted to the eral Brooke's private quarters are un-equal to what would be allowed him at any station in the United States. Aside from the official reception room, his apartments are only modestly fur-

As to the governor general's carringes and horses, the fact is that the necessary expenditure in this direction does not come out of the insular funds, but is met by the United States. eral Brooke's coachman is paid in the

The same answer to the charge can be made in the case of General Lud-low, who has only a few rooms and is literally surrounded with offices. He has very few servants. Not many men of equal rank and means in the United States would be content with what satisfies Géneral Ludlow. Brigadier General Lee lives in a

house which he rents, and Generals Wilson and Wood, the military governors of the departments of Matanzas-Santa Clara and Santiago, live most

As for Colonel Bliss and Major Davis, army officers of their rank who hold high administrative office, are put to many expenses, especially in this most expensive country, and the opinion is generally expressed that it is only fair to make them a reasonable allowance to cover what is reasonable. General Juan Isidro Jiminez, when his attention was called to a cable summary of an alleged declaration made by him here recently and pub-lished in the United States to the effect that he was about to proceed to the United States to organize an expedition against the existing govern-ment of San Domingo, replied that he had not made the statement attributed to him. He went on to say that it was quite unnecessary for him to proclaim himself hostile to the present San Domingo government, as it could not pos-sibly last beyond the 15th of this

"I did hear," he continued, "that Heureaux was sending men to Cuba to kill me, but I knew nothing whatever regarding the plot to kill him. I had no connection and have no conpection with Ramon Caceres, who did

the shooting. I do not believe that the United States will interfere with my govern ment in San Domingo, which will be a government peaceful and helpful to all, for the United States did not interfere with the government of Heureaux, who robbed and murdered for 14

years." General Jiminez admits that he has often been to the United States in-cognito, but says he has not had interviews with official persons. He considers that there is no need of promoting expeditions to land in San Domingo, as there already are a thousand men waiting for him, a force which he deems quite sufficient for his purposes. The people of San Domingo, he declared, are impetuous, and are urging him to come to them at once, but for a time he prefers delay, as each day is worth a battle won.
