Astor Cannot Become a Peer. London, Aug. 9.—Henry Labouchere says in Truth: "The rumor that Mr. William Waldorf Astor will soon be raised to the peerage assumes what is impossible. A law passed during the reign of William III deprives the crown of the power of conferring the rank of peer upon naturalized aliens. It was enacted because the king was converting too many Dutch Republicans into British peers. A baronet or a knight Mr. Astor could be, and if he is ready to pay there is no doubt that he will find no difficulty in negotiating the matter."

Charity. It is an old saying that charity begins at home, but this is no reason it should not go abroad. A man should live with the world as a citizen of the world. IT'S DIFFERENT

THE NORTH AMERICAN (PHILADELPHIA)

IT'S DIFFERENT, because it prints all the news, and all the news it prints is true.

IT'S DIFFERENT, because it's bright and brisk, up-to-date and vigorous, but not yellow.

IT'S DIFFERENT, because its only policy is to tell the truth. It has no covert or personal interests to promote. It serves no political ambition, no creed, no class prejudice, no mere partisan purpose.

IT'S DIFFERENT, because it advocates equal taxation and battles against the existing system, which puts the rich corporation at the expense of the farmer, the merchant, the manufacturer and the wage-earner.

IT'S DIFFERENT, because it stands for Republican principles, and makes war upon all who, under the stolen name of Republicanism, are disloyal to those principles.

IT'S DIFFERENT, because it believes manhood and not money should rule. Therefore it upholds the rights of all, as against the aggressive power of the privileged few.

IT'S DIFFERENT, because no boss, no corporation, can control one line of its space.

IT'S DIFFERENT, because it is non-sectarian and broad; every party, every faith, every class, and the workingman equally with the millionaire, gets a fair hearing in its columns.

IT'S DIFFERENT, because it upholds faith in humanity, and the progress of mankind toward higher ideals, larger hopes and better living.

IT'S DIFFERENT. It will continue to be different. Watch The North American and see it grow.

THE YAQUIS SURROUNDED. Mexican Troops Will Precipitate a Big Battle With the Indians. Guaymas, Mex., Aug. 9.—General Torres has almost completely surrounded Bimam, a Yaqui stronghold, where nearly 2,000 savages are massed.

On the arrival of the artillery and the machine guns the Mexican general will close on the Indians and precipitate the biggest battle ever fought between the government and the Yaquis. The reports from General Torres regarding the killing of Remley and Miller say their bodies were found hanging from a tree, with the hands and feet cut off.

The uprising reaches down the Yaqui river to the sea, and it is not expected to extend further north than the Sahuapipa district. The government now has nearly 5,000 men in the field.

A fight is expected on the Yaqui river with a large band of savages that last week attacked and burned three sloops, A. Eares, a well known Mexican at Hermosillo, losing his life in the encounter.

Peter B. Chisem, a prominent American merchant in Guaymas and one of the signers of the treaty made by the Mexican government with the Yaquis in 1897, declares the Indians have been spoiled through kindness. The government has given them the very choicest strip of land in the valley, containing 250,000 acres, encroachments on which have never been made and would not be tolerated by the government.
