Until recent years woman's severest trial has been the bringing of children into the world. Today nearly all the sickness, pain, discomfort and dread are avoided by those expectant mothers who use **Mother's Friend**, that wonderful liniment made famous by the great good it has done. It is used externally. That is the only sensible and safe way to relieve morning sickness, headache, tightness, swollen, hard or rising breast. The bearing of children need no longer be dreaded. **Mother's Friend** has been called a Godsend by mothers all over this land. Sold at drug stores for \$1 a bottle, and by

IT'S DIFFERENT, because it prints all the news, and all the news it prints is true.

IT'S DIFFERENT, because it's bright and brisk, up-to-date and vigorous, but not yellow.

IT'S DIFFERENT, because its only policy is to tell the truth. It has no covert or personal intention to promote. It serves no political ambition, no creed, no class prejudice, no mere partisan purpose.

IT'S DIFFERENT, because it advocates equal taxation and battles against the existing system, which favors the rich corporation at the expense of the laborer, the merchant, the manufacturer and the wage-earner.

IT'S DIFFERENT, because it stands for Republican principles, and makes war upon all who, under the stolen name of Republicanism, are disloyal to those principles.

IT'S DIFFERENT, because it believes manhood and not money should rule. Therefore it upholds the rights of all, as against the aggressive power of the privileged few.

IT'S DIFFERENT, because no boss, no corporation, can control one line of its space.

IT'S DIFFERENT, because it is non-sectarian and broad; every party, every faith, every class, and the workingman equally with the millionaire, gets a fair hearing in its columns.

IT'S DIFFERENT, because it upholds faith in humanity, and the progress of mankind toward higher ideals, larger hopes and better living.

IT'S DIFFERENT, it will continue to be different. Watch The North American and see it grow.

## FUND TO FERRET OUT CRIMINALS

Anti-Boycott Meeting Promptly Raises a Ten Thousand Dollar Fund—Toledo's Mayor Addresses the Strikers on the Uselessness of the Boycott.

Cleveland, Aug. 10.—Five hundred business men of Cleveland held an anti-boycott meeting yesterday afternoon in the chamber of commerce rooms, and a fund of \$10,000 was started to ferret out the criminals who are dynamiting cars and creating disorder in the city. In a few minutes' time not less than \$5,000 was subscribed and the rest of the amount was fully made up today.

The meeting was largely attended, and it was a representative one in every respect. Millions of dollars were represented in the men present. Vigorous speeches denouncing the boycott, strike disturbances and disorder were made by J. G. W. Cowles and James H. Hoyt. In their addresses they called attention to the lawless acts which have terrorized the public and upheld the course of Mayor Farley in his measures to suppress disorder, and said it was time for reputable citizens to unite and restore peace and quiet to the city.

At the strikers' picnic held at scenic Park yesterday Mayor S. H. Jones, of Toledo, was the guest of honor and orator of the day. In his address the mayor said:

"We are in an epidemic of labor troubles, strikes, lockouts and boycotts, affecting widely separated portions of our country, and as widely diversified industrial interests disturb the land, the condition may be fitly characterized as one of industrial civil war. The boycott is a cruel and unjust weapon in many ways. Boycott is war, and both sides have a right to fight. I am not here with a plan for setting the difficulty in Cleveland alone. I am here to urge, to plead for, to propose a remedy that is a sovereign and final remedy, not only for street railway strikes, but for all kinds of difficulties with labor in every sort of public utility. There is such a remedy, and only one. The remedy may be found in absolute municipal ownership, operation and control. In short, the fundamental cause of the trouble in Cleveland today is found in the fact that a few men are granted that right of ownership in a class of property that should never under any circumstances become private possession, but should be property of the whole people. I am an apostle of peace, and emphatically disavow any belief in war under any circumstances. I do not believe that any good thing was ever accomplished through war that could not have been better done by methods of peace."

Mayor Jones held a political conference with strike leaders and local agents in the American Hotel in the afternoon, at which he decided to leave the Cleveland end of his campaign as an independent candidate for governor of Ohio entirely in the hands of the street railway strikers.

PUBLICLY COMMENDS AND

# Brazilian Balm Toxicola Tablets

"I am glad of the opportunity to publicly commend Brazilian Balm and Toxicola Tablets. They are certainly very excellent remedies as I can testify from long experience. They have kept me in splendid health, so I have never had to call a physician since I used them. Brazilian Balm is the one thing that cures Grippe, so it leaves no evil effects behind; and for colds, coughs, catarrh and lung troubles, I never knew its equal. And Toxicola is the most wonderful thing to put vigor and life into the system I ever saw. It corrects biliousness, tones up the nerves, clears the complexion and purifies the blood. It is good any time but for a Spring and Fall medicine it is worth its weight in gold. I know Miss L. L. Clark, 'The Woman Who Coughed,' and can say these remedies did all that is claimed for her and more too. I know of a great many cures in this locality. They ought to be in every home in America. They would save thousands of lives for they cure the worst cases. The best people here use them." Miss Sara Elmira Reynolds, Indianapolis, Ind.

# MACARTHUR'S ADVANCE

Angelo Will Be the Northern Base of Operations.

## HARDSHIPS OF ONWARD MARCH.

Our Soldiers Waded Through Mud Which is Knee Deep in Places—Our Loss Thus Far Eight Killed and Twenty-six Wounded.

Manila, Aug. 10.—Details of General MacArthur's advance beyond San Fernando show that the Americans covered five miles in the first five hours, and at 2 o'clock had advanced six miles along the railway, stretching on each side of it for two miles and resting at night three miles from Angeles, which will be the northern base of operations, instead of San Fernando, where a garrison of 600 men have been left. The casualties are between 30 and 40. The Filipinos were surprised, expecting the American forces to move against Tico. They followed their usual tactics of holding their trenches until they became too warm, and then retreating in disorder. They are now falling back westward toward Poric. The Twelfth and Seventeenth regiments had the sharpest engagements. The country our troops passed over is covered with rice fields and bamboo thickets, the hardest possible ground for marching. The mud in places was knee deep.

Angelo is one of the richest towns north of Manila, and is considered to be a better base of operations than San Fernando. The forces at San Fernando consisted of the Iowa regiment, the Seventeenth regiment, the Ninth regiment, the Twelfth regiment, Bell's new Thirty-sixth regiment, a battalion of the Sixteenth regiment, Troop E of the Fourth cavalry and fifteen guns.

The movement had been planned for some time, but was delayed by rains. Finally two days of sunshine dried the roads sufficiently to warrant the attempt. The Americans' position had long been unpleasant. The rebels all night long, the Americans not replying, except on extreme provocation. It was necessary to keep 500 men on outpost duty constantly.

The American loss in the fighting about San Fernando at 3 o'clock was known to be eight men killed and 36 wounded. The loss may possibly exceed these figures, as the line is five miles long and it is impossible, at this hour, to hear from every point.

Our troops are now at Angelo waiting for the artillery, which has the greatest difficulty in moving, owing to the wet ground. The attack opened at 5 o'clock in the morning, a battery of the First artillery shelling the rebels on the left. Simultaneously Bell's Thirty-sixth infantry struck Bacolor from the rear and drove the rebels out. Armored cars, each with a six-pounder and two gutting revolving cannon on board, then moved out on the railroad track in the center of our lines. Soon afterwards these guns did sharp execution.

Battery M. of the Third artillery, and a hundred men of the Iowa regiment made a feint towards Mexico, while the main body of troops, consisting of the Iowa regiment, the Seventeenth regiment and a battalion of the Twenty-second, under General Wheaton, on the right and the Ninth regiment, Twelfth regiment and Bell's regiment, under General Liscum, on the left, advanced steadily, pouring their fire into the rebels and receiving a heavy fire in return.

The rebels were well protected by trenches and seemed not to lack ammunition. But they were unable to withstand for any length of time the hail of shots our artillery and infantry poured in on them and retreated, leaving dead and wounded on the field. A dozen prisoners were captured by our troops.

The reports indicate that the Ninth infantry suffered the most, though the casualties of all the regiments are not yet reported.

Captain Deems, with a provost guard, Tuesday night captured a Filipino fakir, with several aliases, who, by means of ventriloquism, has persuaded the natives that he has supernatural powers. He raised much money, ostensibly for the insurrection, which he kept for himself. Our soldiers surrounded his house and ordered 30 Filipinos. Many others escaped. The troops also captured \$1,000, Immanuel, as the fakir is generally known, has been predicting the fall of Manila. His "prophecies" have created excitement among the natives, who believed them.

Replies from reliable sources say 150 Filipinos were killed in General Hall's engagement at Calamba and in the subsequent skirmishes.

## DECLARES OTIS INCOMPETENT.

A British Officer's View of the Situation in the Philippines. Victoria, B. C., Aug. 10.—Commander St. John, of the British cruiser Peacock, who arrived here from Manila, yesterday by the steamer Empress of Japan, declares that General Otis is utterly ignorant of the necessities or possibilities of a campaign in the tropics. He has 5,000 men at his disposal, the British officer declares, and his hesitation has already shown his forces that he has no grasp on the situation.

Otis' field train port service is declared to be very inefficient and his hospital corps a farce, and his plan of campaign calculated to advance the enemy's interest as no other could. A serious breach is declared to exist between the United States army and navy at the front, and Commander St. John says the "first thing the United States government should do is to recall this man. It is really pitiful to see the sacrifice of the splendid men of his army."

Incidentally Commander St. John says that the press censorship is carried to the extreme in Manila to save Otis from being swept down in a flood of popular indignation.

**Remarkable Rescue.** Mrs. Michael Curtin, Plainfield, Ill., makes the statement, that she caught cold, which settled on her lungs; she was treated for a month by her family physician, but grew worse. He told her she was a hopeless victim of consumption and that no medicine could cure her. Her druggist suggested Dr. King's New Discovery for consumption; she bought a bottle and to her delight found herself benefited from first dose. She continued its use and after taking six bottles, found herself sound and well; now does her own household, and is as well as she ever was.—Free trial bottles of this New Discovery at A. Wasley's Drug Store. Large bottles 50 cents and \$1.00.

# SAD DEATH OF FOUR FIREMEN.

Fire Ladder Came in Contact With a Live Electric Wire.

Omaha, Aug. 10.—Four brave firemen lost their lives last night in a blaze on an upper floor of the Mercer Chemical company's building at Eleventh and Harvey streets. The fire in itself was insignificant, the fatalities resulting from contact with a live wire. The dead firemen are Joseph Adams, Lieutenant Otto Gelsler, Millerman, George Benson, pipeman; Charles Hopper, relief driver; Firemen George Farmer and Albert Livingston, of the chemical company, also suffered severely from shock.

When the fire had been brought under control the firemen got work to lower the big extension truck upon which they had been working. Suddenly here was a sputtering and succession of flashes such as occur when a connection is made with a live wire carrying a high voltage of electric current. The men who were working at the crank lowered the ladder, writhed in agony a moment and then fell to the pavement limp and apparently lifeless. In lowering the ladder it had come in contact with a live electric light wire, carrying a current of 2,000 volts. The injured men were at once carried into an adjoining building and doctors who were present used every means known to revive them. Hopper revived in a few minutes, and saying he was all right started to walk away. He had gone about 50 feet when he dropped dead. Gelsler showed signs of reviving, but when he partially rallied sank back and expired. The other two never at any time showed any signs of animation, and were doubtless dead when picked up.

There is no truer, kinder spirit than that which prompts a woman to aid in the comfort and uplifting of her own sex—members of the moral and physical. We admire as heroines those women who make it a life's purpose to rescue or nurse or teach their unfortunate sisters, but equally admirable is that spirit which impels a woman who has found help and comfort in sickness to use all her influence in bringing the same relief to others.

"I shall be glad," writes Mrs. Benj. H. Fairbanks, Rochester, Franklin Co., N. Y., in a cordial letter to Dr. V. Pierce, of Buffalo, N. Y., "if my testimony will help to influence others in your treatment with the disease peculiar to our sex, to write you. I am glad to be able to tell you of the great good your medicines have done me. I was troubled with nervousness and indigestion and my attention was called to your medicine several times; and finally made worse by a miscarriage. I wrote you. I took Dr. Pierce's Favorite Prescription and the 'Golden Medical Discovery' for about three or four months, and can truly say they cured me. I shall never cease to be grateful."

No woman afflicted by such agonizing and discouraging complaints need hesitate to write to Dr. Pierce. She may feel assured, no matter what her circumstances may be, of his respectful, earnest, fatherly sympathy and best professional efforts in her behalf. He stands among the most eminent practitioners of the century in this special field, and his advice will be given absolutely without charge.

A free paper-bound copy of Doctor Pierce's thousand page illustrated Common Sense Medical Advisor will be sent for 21 one-cent stamps, to pay the most cost of mailing; or for 31 stamps, a heavier, handsome cloth-bound copy will be sent.
