Guagua and Santa Arita Now Within Our Lines.  
THE FILIPINOS' PORTS CLOSED.  
Vessels Under Foreign Flags Cannot Trade With the Rebels—Our Loss in Wednesday's Fighting Five Killed and Twenty-nine Wounded.

Manila, Aug. 11.—Official reports received here from the scene of the recent fighting with the Filipinos say that yesterday was spent in reconnaissance, during which the American troops found a few of the enemy, but there were no engagements of importance. A battalion of the Seventeenth Infantry, under Major O'Brien, advanced very close to Angeles. The major reports that there are about 250 insurgents there. A battalion of the Twelfth Infantry made a reconnaissance in the direction of Porac, but the enemy there scattered. The main body of the American army is at Calumpit. The line has been materially changed since the advance was stopped on Wednesday, and now includes the towns of Guagua and Santa Arita.

Major General Otis yesterday issued an order closing the ports in the hands of the insurgents to inter-island traffic. Aguinaldo issued a decree July 24, dated from Tarlac, closing the American ports to vessels flying the American flag and inviting vessels under other flags to visit them. Vessels under other flags cannot traffic with these ports without running the blockade.

The gunboats Concord, Yorktown, Callao and Pampana bombarded San Fernando Tuesday. The Filipinos replied with cannon and musketry for an hour, and then fled to the hills, the gunboats firing on them with their machine guns until the rebels disappeared. The bombardment was continued for some time, and the Filipinos and many houses were killed and destroyed, but the town was not set on fire. The gunboats did not land men. The rebel losses are not known.

The United States transport Sheridan sailed for home yesterday with 567 men of the South Dakota regiment, 406 of the Minnesota regiment and 205 men discharged from various organizations.

**IT'S DIFFERENT**  
THE NORTH AMERICAN (PHILADELPHIA)

IT'S DIFFERENT because it prints all the news, and all the news it prints is true.  
IT'S DIFFERENT because it's bright and brisk, up-to-date and vigorous, but not yellow.  
IT'S DIFFERENT because its only policy is to tell the truth. It has no covert or personal interests to promote. It serves no political ambition, no creed, no class prejudice, no mere partisan purpose.  
IT'S DIFFERENT because it advocates equal taxation and battles against the existing system, which favors the rich corporation at the expense of the farmer, the merchant, the manufacturer and the wage-earner.  
IT'S DIFFERENT because it stands for Republican principles, and makes war upon all who, under the stolen name of Republicanism, are disloyal to those principles.  
IT'S DIFFERENT because it believes manhood and not money should rule. Therefore it upholds the rights of all, as against the aggressive power of the privileged few.  
IT'S DIFFERENT because no boss, no corporation, can control one line of its space.  
IT'S DIFFERENT because it is non-sectarian and broad; every party, every faith, every class, and the workingman equally with the millionaire, gets a fair hearing in its columns.  
IT'S DIFFERENT because it upholds faith in humanity, and the progress of mankind toward higher ideals, larger hopes and better living.

ONE CENT EVERYWHERE

IT'S DIFFERENT. It will continue to be different. Watch The North American and see it grow.

**WELL KNOWN SOCIETY LADY PUBLICLY COMMENDS AND BRAZILIAN BALM AND TOXICOLA TABLETS**

"I am glad of the opportunity to publicly commend Brazilian Balm and Toxicola Tablets. They are certainly very excellent remedies as I can testify from long experience. They have kept me in splendid health, so I have never had to call a physician since I used them. Brazilian Balm is the one thing that cures Grippe, so it leaves no evil effects behind; and for colds, coughs, catarrh and lung troubles, I never knew its equal. And Toxicola is the most wonderful thing to put vigor and life into the system I ever saw. It corrects biliousness, tones up the nerves, clears the complexion and purifies the blood. It is good any time but for a Spring and Fall medicine it is worth its weight in gold. I know Miss L. Clark, 'The Woman Who Coughed,' and can say these remedies did all that is claimed for her and more too. I know of a great many cures in this locality. They ought to be in every home in America. They would save thousands of lives for they cure the worst cases. The best people here use them." Miss Sara Elmina Reynolds, Indianapolis, Ind.

St. Thomas, Aug. 11.—An later advice comes from the island of Monsieurrat regarding cyclone damage it is seen that the first reports conveyed only a faint idea of the sufferings of the people and their deplorable condition. The administration appeals for help.

**TERRORS OF THE KLONDIKE.**  
Another Body of Prospectors Who Narrowly Escaped Death.  
Seattle, Wash., Aug. 11.—The Stricker river steamer Strathcona stuck at Wrangell, Alaska, last Sunday with 30 survivors of the Edmonton trail. They are all western men except C. H. Jefferson of Ashbury Park, N. J., H. Veley of Ohio, J. McGillivray of London, Eng., and six Canadians. All the men came in with the pack trains sent out from the pack trains Laketon by the various trading companies last spring.

The unfortunates tell heartrending stories of hardships endured and comrades lost and abandoned, and strongly denounce the trading and transportation companies as well as the Canadian officials and newspapers that so profusely advertised this route as a feasible one to the Klondike gold fields. To outward appearances these men certainly give evidence of the awful suffering undergone since leaving Edmonton 18 months ago. Most of them are sickly looking, with unkempt beards and greasy clothes—pictures of physical and financial woe. Several have grown gray and bear marks of scurvy. A few have just enough money to reach Seattle or Victoria, but the majority are without funds. Many had narrow escapes from starvation along the trail. The last reports brought to Laird Port were that many were dying of scurvy and hunger. It is estimated that there are 30 or 40 sufferers at Telegraph Creek awaiting the next trip of the boat. The sick that had to be carried on stretchers had not yet reached Glenora when the Strathcona left. Several starvation cases are reported.
