#### A BRUTAL NEGRO

Assaults Five Women in Twenty-

four Hours. Little Rock, Aug. 17.-Five brutal asaults by a negro man on white women have occurred in Little Rock in the past 24 hours. It is generally believed that all these crimes were committed by the same negro, but three suspects have been arrested and if the right man can be positively identified he may receive summary punishment. The victims of the assaults are all righly respected white women of this

As Mrs. Aiken was passing by Twenty-first and High streets the negro seized her and dragged her to help. A passerby frightened the negro away after he had severely beaten his victim. At 9 o'clock yesterday morning, few blocks from the scene of the first crime, Mrs. Young was assaulted in almost the same manner. The negro knocked her down with such force that a rib was broken, causing internal injuries of a serious nature. The negro finally seized her purse and disappeared in the woods. An hour later Mrs. Kennedy was attacked at her home. She was knocked down, beaten and choked. Her child ran for assistnce and the negro fled, About 11 'clock Emma Longcoy, 11 years old, was attacked and beaten by a negro half a dozen blocks from West End Park. She escaped from her assailant. The fifth assault occurred on a well known young woman at Twentieth and Cross streets, She was likewise knocked down and badly beaten. These outrages were brought to the attention of Governor Jones and he at once of-fered a reward of \$100 each for the arrest and conviction of the guilty

#### TILLMAN ON RACE TROUBLES.

Pitches Into Whitecappers Who Have Been Terrorizing a Georgia County. Greenwood, S. C., Aug. 17.-The second day of the Farmer's institute was enlivened by a speech from Senator Tillman. The senator pitched into the whitecappers who have been ter-rorizing a portion of the county for the last ten days and whipping fensive negroes. He thought if the Tolberts, the Republican party leaders in this section of the south, were still stirring up the negroes, they ought to be dealt with. "If you want to uproof this evil and kill the snake, go kill the Tolberts, but don't abuse the poor, innocent black wretches," said the sen

ator in an outburst. "The Yankees," said Senator Till-man," are watching us closely and the bad feeling. Why, just look at that Jewett woman coming down here and taking away the negro postmaster's family," continued the senator. "She came from Boston, the hold and center of all deviment. The Yankees are ready to take up any such deviltry as this whitecapping business and you people ought to put a store."

> Saverely Commented on in Germany. Berlin, Aug. 17 .- The refusal to adfourn the Rennes trial pending the recovery of M. Labori is severely commented upon here. Captain Dreyfus is compared to a man in the stocks-at the mercy of anybody choosing to pelt him and without means of self defence. The German papers, hitherto reserved and moderate, now express its feelings strongly on the subjects of the evidence of Generals Mercier and Billot. Keen analysis and criticism characterized every comment. The references by General Mercler to Germany are denounced as "Inaccurate, mendacious and puerile." They will not be officially contradicted, "because Germany cannot be held responsible for the casuistry of French generals." It is equally improbable that Mercier's statement will be denied in the reichstag, or that any steps will be taken which would imply interference in the domestic affairs of France, beyond \$2.45. JIMINEZ TO GO TO SAN DOMINGO. Will Place Illmself at the Head of the

Havana, Aug. 17.-General Juan laidro Jiminez, the aspirant to the presidency of the republic of Santo Domingo, will probably leave Havana for Santo Domingo today, going by a south coast steamer from Batabano, He will be accompanied by two friends and will travel unarmed. In his judg-ment the time is now ripe for him to place himself at the head of the move-ment in his favor. The advices he has received personally, he says, from his representatives tell of nothing but success. Stories to the contrary are he is satisfied, put out in the endeavor to injure his cause and to prevent his friends from co-operating with him. He declares that, had he consulted only his personal wishes, he would have started long ago, but he has been guided entirely by his friends, who have felt that the best policy for him was to remain in Havana. Troops to Be Harries to Philippines. Washington, Aug. 17.—Secretary Root has been in consultation with the officers of the quartermaster's chartered. They are the Pueblo, Bel-gian King, Columbia and Charles F. Nelson. These four ships have a ca-pacity of 2,550 men, and it is expected that all of them will be ready to sail for Manila by Sept. 10. It is Secretary Root's desire that the entire body of reinforcements for General Otts' army may reach the Philippines for service during the month of October at the latest. It is now believed that all of the ten regiments will have landed at Manila by the time the dry season opens. A short and successful campaign by this new army would obviate the necessity for sending any additional volunteers to the Philippines, it being the intention that whatever additional troops may be recruited will be held in reserve for possible contingencies.
