MILES FOR MANILA. It Leaks Out He is Preparing to Go October pecial to EVENING ITERALD.

Washington, Aug. 19.-General Miles has rdered a new outfit for the tropics. The secret leaked out at the War Department today that the General had given such an

significance of it. It seems to be setfled now that General Miles has deelded to start for Mauils the

new army in the field. He will not super the Mesars Mull, the Local Milk Dealers, and will fight against the election of Capt Charged With Selling 1 and/ord Seeds D. C. Henning, the judicial nomines. I am will go in his capacity as General of the Army, and remain on the ground for a time directing in a general way the organization of the new army. He may stay until hos tilities close. The date fixed for General Miles' de-

parture, the last week in October, will bring him in Manila about the close of the rainy eason, in December.

Drought still Prevails The water in the borough dams continues to decrease, and there is barely two feet in the reservoir at Brandonville. The superintendent has been compelled to further curtail the supply for the town, as will be seen from a notice published to day. The old company rofuses to furnish the borough water, and if the drought continues much longer the borough dams will be practically dry. See the bridge made of the best silver pelish

portant events in this end of the county.

The Miners' Journal, in making the an-nonneement, stated that Judge Koch would ppose the entire Republican county ticket SCARCITY OF IRON AND STEEL. "I told the Journal reporter," said Judge Koch, this morning, "that I am opposed to Completion of Many Vessels Building on the Delaware is Affected, and Many Hands Are Laid Off For the Want of Material.

Herald.

New York, Aug. 19.-Bradstreet's agency says. The trade situation gath-ors strength as animmer wanes. Re-

large and price advances numero

The question of outlook as to prices seems to be largely transferred to next

year, and liberal bookings are reported for the first quarter of 1900, with some

southern engagements reported run ning as far ahead as autumn a year

R G. Dun & Co.'s weekly review of

trade says: The Cramps have dis-charged many hundred hands and asks

Russia to extend time for completion of two warships because they cannot

get the steel. Completion of 21 out of 27 vessels building in the Delaware is

expansion of home demand. No one can question the fact that payments

business is known, but there is

growing handleap in the advance o prices. How long and how far this ad

rance can go without reaction is the problem which level headed business

In Iron the question is of steel bill lets, which the great consuming com-

panles have bought far in advance, so that all new orders have a narrow

market. For six months billets have sold at \$4 to \$6 higher than the rails

made from them. Other demands, not covered by contracts, are mainly for

various shapes and sizes only prese

ports of expanding fall demand arrive accompanied by very cheerful advice as to the outlook in most parts of the country. In manufacturing lines pro duction appears to be at a maximum and the price situation retains most o its old scrength Notable in the matter of added strength are most of the cereals and iron and steel in many

forms. The impetus given to wheat prices by the government report last week has been further reinforced by less favorable crop advices from other ountries, notably India, and export business is reported somewhat im proved. Advices as to the corn crop are still as favorable as ever, some states, notably Kansas, reporting phenome-

nally large yields. Judging from numerous reports the talwart-a Quayite

scarcity of supplies of Iron and steel is becoming increasingly serious, sup-

plies of structural and shipbuilding material being reported inadequate at a number of points. There is an ap-pearance of quiet at eastern markets not shared in, however, by western concerns, where sales are reported
