OUR COUNTRY: First, Last and Forever.

OUR friends of the Miners' Journal should continue to heap abuse upon ex-Judge Koch, if they desire to defeat the Republican candidate for Judge.

THOSE who are insisting that Col. Roosevelt will not last until 1904 ought to consult some of the Spaniards in Cuba on the subject of the Colonel's staying qualities.

LAWYER SKELTER may be a whole party within himself, but it will be a difficult matter to make the people believe that there are 5,000 citizens of the county that follow his leadership.

THE gentleman from Auburn is still dealing out harmony in big chunks—by the aid of a big club. As a result, note the position of ex-Judge Koch. What may we expect next?

THE School Directors of West Mahanoy township are to be commended in securing an amicable agreement among them, resulting in the election of teachers and avoiding redress to the courts.

GENERAL Prosperity has carried the flag so far into the interior that the expedition has already caused a famine in pig iron. Prosperity will have to halt until the "calamity howlers" come up with some raw recruits.

THE rival telephone companies in Lebanon are making things easy for the users of that service. The old company is now putting 'phones in residences for \$15 per year and in business places for \$18. Here in Schuylkill we are at the mercy of a monopoly, due primarily to the county seat Town Council.

SOMETHING more than Captain Dreyfus, an officer charged with selling military secrets to another nation, is on trial in the little medieval capital of Brittany, in France. The governmental system of France is on trial. This case will show whether France is ruled by her people or by a conclave of military officers.

WHAT a great undertaking the topographical survey of Pennsylvania is may be gauged from the fact that the maps are required to show every house in city and country; every road and path; the size, shape and height of every hill, mountain, valley, stream, lake and pond; by means of contour lines. It is estimated that the work will require fifteen years, and an expenditure at the rate of \$20,000 annually.

POTTSVILLE for some time has felt that she has grown too big to be dubbed a town or borough, and is looking about with the intention of taking on city airs. A committee of her citizens will next week visit Allentown, Easton, Lancaster, Lebanon, York, Hazleton, Wilkesbarre and Scranton to see how city matters are run. The most remarkable thing regarding their visit is that the members of the committee pay their own expenses. They will find any encouragement for that sort of thing from the city dais of the cities they propose to visit.

INEXPENSIVE. The Chicago platform, like the inaugural address of Thomas Jefferson, was built for all time. We need not repudiate a syllable or idea of it. But when new and important issues arise we can take them into the family and make campaign upon them without expending for any past fight—W. J. Bryan.

He has evidently discovered that it is inexpensive, in the face of returning prosperity, to continue a fight for free silver—such an issue thrives best in times of adversity.

**Workmen Charge Intimidation.**  
Philadelphia, Aug. 19.—A secret meeting of the machinists employed at Cramp's ship building yards was held last night. Frederick Kunzmann, an official of the local machinists' association and formerly employed at Cramp's, stated that the recent wholesale discharges of the ship yards were made for the purpose of intimidating the men. Recently 500 employees were discharged from the various departments in the yard and it was intimated that many more would follow. The reason given by the firm was the scarcity of structural iron. Mr. Kunzmann asserts the machinists are not affected by this shortage and that there is enough work to keep them busy for two years.

Plattsburgh, N. Y., Aug. 19.—Promptly at 4 o'clock yesterday afternoon the cannon on the parade ground at Plattsburgh barracks boomed out a presidential salute signifying that President McKinley had arrived at the government fortifications where he was to review the Twenty-sixth regiment. Wasted to a skeleton; his lungs a mass of ulceration; his death was hourly awaited by his doctor and family. He was kept in a constant state of agony. A friend, thinking to relieve his terrible cough, gave him a bottle of **Brazilian Balm**. Seeing its wonderful effect, the doctor advised its continued use. Mr. Marquis soon after dismissed his doctor, and depended on the Balm alone. His recovery was rapid and complete, and in February he returned to work.
