TOWNSHIP TROUBLES.

The School Board of Hylte Township Involved in a Law Suit.

Last Saturday night at a meeting held by the School Board of Hylte township, it was decided to employ M. M. Burke, Esq., of town, as additional counsel, to assist the regular solicitor, James F. O'Hare, Esq., of Pottsville, in disposing of a law suit which will be heard at the coming term of court.

In the case in the P. & R. Coal & Iron Company. The suit arises over the erection of a school house at Furnace in said township. It appears that the old school house was destroyed by fire last Spring. At an engagement of the Board it was proposed to erect a new building on the site of the one destroyed. To this the officials of the company objected because the ground was their property and furthermore because certain suggestions made by the company relative to the erection of the building were not complied with.

The School Board failed to pay any attention to the desires of the P. & R. officials and set forth to build the foundation. The mason employed to erect the foundation, and whose name is not given, was arrested by the company and placed under \$2000 bail at Pottsville on Saturday. He is charged with larceny of stone, the property of the presentors. The case will be argued at the next term of court.
