OUR COUNTRY: First, Last and Forever.

If Aguinaldo should surrender now he might come to this country and assist his friends in the next election.

The political campaign in this county can be said to be on from this date. The Orwigswalk fair closes today.

The strongest thing in connection with the Dreyfus rehearing is that nobody has challenged anybody to fight a duel.

SECRETARY ROOF hopes that all the twenty new regiments will eat their Christmas dinner in the Philippines. It is only a question of ships. The men will be ready.

A COUNTY seat newspaper is again causing its readers to suffer from that "fired feeling." A "historical writer" has again come to the front with his favorite theme, the Indian.

A QUESTION of interest is whether any of the Britons who want war with the Boers will drop to the miserable level of snarling copperheads as soon as hostilities begin.

WITH the royalties reduced, a good demand for the product, and the price of anthracite coal steadily increasing, there is no good reason why the miners' wages should not be above the \$2.50 basis.

THE "need of more money in the West with which to move the crops"—the argument annually tried for the tightening of the money market—falls flat this year. The banks of the West are able to furnish the funds required without Eastern assistance.

JUDGE ENDLICH, of Reading, while hearing an application for transfer of a liquor license in that city, gave a warning to hotel men that they must not sign transfers before the license is granted by court, and said he would revoke all such licenses in the future where he finds that the parties to the transfer violate the law in that respect. The same practice has existed in this county, but the court here has not been appealed to so far as is known.

THERE is every reason to believe that next Monday will mark an important epoch in the history of Shenandoah—the demonstration under the auspices of the Soldiers' Monument Association. The town will be thronged with visitors, including people from different parts of the state prominent in political and military affairs. And they will all receive a hearty welcome, the hospitality of the "largest town in the county" being proverbial.

THE President's speech at Pittsburgh to the 10th Regiment, is pointed and significant in what it has to say concerning the policy of the Administration in the matter of the Philippines. The fear of an uprising against imperialism, militarism and expansion has evidently found no lodgment in his mind. He is going right ahead with the intention of fighting the thing to a finish. He evidently has no doubt as to what the end will be. And in this the President will be supported by all loyal Americans.

DISTRICT ATTORNEY MILLAR, of Dauphin county, has fixed September 28 for the trial of the legislative bribery cases. By calling the cases for trial on Thursday the District Attorney will have three days within which to dispose of the jail cases. Ex-Senator John J. Coyle, now of Philadelphia, will be the first of the alleged bribers called for trial. He is alleged to have offered a bribe of \$500 to Representative John Engler, of Lycoming county, to vote for the McCarrall jury bill. Coyle will be represented by the leading attorneys at the Dauphin county bar, and a determined fight will be made to prevent a conviction.

LIGHT ON THE DREYFUS CASE.

Would Be a Valuable Witness if His Story is True. Atlanta, Sept. 1.—The Jewish Sentinel in its regular weekly edition, printed a hearing with almost startling directness on the Dreyfus trial. Several statements, apparently new to the now celebrated Dreyfus case, are given, together with names of those who are said to be in possession of information which will throw new light on the trial.

The Dreyfus case is a story which comes from a man who was employed several years ago by the German government as a document translator and maker of relief maps, and who after quitting Germany served in the United States Army during the war with Spain.

"The plans, specifications and details of the French war vessels Jaureguiberry, Charles Martel and Lazare Carnot, together with the plans for mobilization were purchased through Germany's embassy in Paris, presided over by Prince Hans Heinrich Pleiss.

"I met Count Esterhazy several times in person at dinners given by Baroness De Delden, who was Esterhazy's sweetheart. He furnished most of the information. These documents were never received at the embassy—always at a church, a public function or a private dinner party.

"Baroness De Delden is the party referred to in the Dreyfus trial as the 'veiled lady.' She receives from Prince Pleiss a regular pension. Every six months Baroness De Delden sends anonymously to Baroness De Delden through the Credit Lyonnais, in Paris.

"Mr. Franz, a doll manufacturer of Sonneberg, Germany, used to send dolls to Paris to be dressed. In the body of these dolls important documents were concealed, and they were sent to a village postoffice in England, forwarded from there to Sonneberg and then to Berlin."

France and England Want Parcels Post. Washington, Sept. 1.—The recent success of the German minister, Mr. Von Mumm, in negotiating a parcels post convention with this country is leading to inquiries from other governments. It is understood France would welcome a similar parcels post treaty, and that negotiations are likely to open up, at an early date. The British government likewise has taken steps looking to a treaty on the same lines as Germany.

THE HOME FOR ADMIRAL DEWEY. Chairman Vanderlip and Treasurer Tolson Decline to Accept It. Washington, Sept. 1.—Frank A. Vanderlip, chairman of the Dewey home fund, and Ellis H. Roberts, treasurer, issue a statement to the public saying: "The Dewey home fund now exceeds \$21,000 in the hands of the treasurer, from 26,695 contributors, with sums aggregating about \$15,000 of \$18,000 reported as subscribed, still held by local committees and subscribers. Delay has occurred in raising the fund by reason of published rumors that Admiral Dewey has declined to accept the proposed gift. The committee has never received any declination from him, and on the contrary has every reason to believe that he will accept as a gracious and precious testimonial a home purchased for him in the names of so many of his admiring fellow citizens."

The Cruel Knife!

It is absolutely useless to expect a surgical operation to cure cancer, or any other blood disease. The cruelty of such treatment is illustrated in the alarming number of deaths which result from it. The disease is in the blood, and hence can not be cut out. Nine times out of ten the surgeon's knife only hastens death.

My son had a most malignant cancer, for which the doctors said an operation was the only hope. The operation was a severe one, as it was necessary to cut down to the jaw bones and saw it off. Before a great while the cancer returned, and finally upon the advice of a friend, decided to try S. S. S. (Swift's Specific) and within the week, and without the aid of a doctor, the cancer began to improve. After twenty bottles had been taken, the cancer disappeared entirely and he was cured. The cure was a permanent one, for he is now seventeen years old, and has never had a sign of the disease return.

For Blood S.S.S. The Blood as it is the only remedy which goes to the very bottom of a blood, and forces out every trace of the disease. S. S. S. is guaranteed purely vegetable, and contains no potash, mercury, or other mineral. Books on Cancer will be mailed free to any address by the Swift Specific Co., Atlanta, Ga.

TO BE DEPENDENT ON.

Because It is the Experience of a Shenandoah Citizen and Can Readily be Investigated.

A stranger lost in a large city would place far more dependence on the directions given him by a local resident than the guidance of another stranger like himself. This is a natural consequence of experience; it's like a ship in a strange port—a trusty pilot familiar with the harbor is always called upon to bring her safely to her moorings. So it is with enlightenment; we doubt the sayings of people living at distant points because we can't investigate, but public expression of local citizens can be depended on, for 'tis an easy matter to prove it. Evidence like the following is beyond dispute:

Mrs. Thomas McKay, of 808 Raspberry alley, says: "I had aching in the small of my back and a lameness or tenderness in my loins when stooping or rising from a chair. There were pains in the top and back of my head and a feeling of weariness hanging over me all the time. I had no energy and seemed more tired mornings than I was the night before. Doan's Kidney Pills were highly recommended to me. I got them from Kirilin's pharmacy on South Main street and began using them according to directions. I found immediate relief, they soon stopped the dull, grinding aching in my back, removed the lameness and also the languor from which I suffered."

Doan's Kidney Pills for sale by all dealers. Price 50 cents. Mailed by Foster-Milburn Co., Buffalo, N. Y. Sole agents for the U. S. Remember the name Doan's and take no other.

Dewey Sails for Gibraltar. Villefranche, Sept. 1.—Admiral Dewey remained on board the Olympia yesterday morning. Preparations for sailing commenced at 3:15 p. m., when the launches were hoisted up, interested crowds on shore watching the preparations and admiring the activity of the crew. At 3:30 the mail orderly left the quay with the latest mails, the anchors were hoisted and at 4 o'clock sharp the cruiser sailed out of the harbor for Gibraltar. The admiral says he is in perfect health. He expects to stay at Gibraltar until Sept. 12.

Revenues Exceed Expenditures. Washington, Sept. 1.—Yesterday's treasury statement shows that the amount of net gold on hand was \$247,580,691. This is the largest amount on hand at one time in the history of the department, the next largest amount having been \$246,973,625 on Dec. 31, 1898. This situation is accounted for by the fact that during the last two weeks or more the revenues of the government, of which from 80 to 90 per cent are paid in gold, have largely exceeded the expenditures.

AN ANTI-IMPERIALIST ROW.

Editor Halstead Called Them Traitors, and Then These Was Trouble. Cincinnati, Sept. 1.—Editor Murat Halstead lectured last night by invitation before the Economic club. The audience was miscellaneous, in addition to the members of the club, which is largely anti-imperialistic. Mr. Halstead's subject was the Philippines. After the lecture, according to the rules of the club, Mr. Halstead was pined with questions. One of the questioners, with decided sympathy for Aguinaldo, after his question had been answered, asked the remark: "I hope Otis will be kept, and he will keep blundering till he and the whole army are driven into the sea or captured."

Mr. Halstead said: "A man with those sentiments is a traitor to his country."

Several men jumped up and remarked: "Two-thirds of this audience think that way." Mr. Halstead replied: "Whoever thinks that way is a traitor." Then there was a rush down the hall which raised first toward the hall, and a great number of men stepped in between Mr. Halstead and those who were rushing at him. There was a great noise and uproar, which disclosed the fact that the audience was composed of men on both sides of the question. Mr. Halstead was quietly led out of the church by a side door and taken home. No blows were struck, but chairs and seats were upset, and there were loud threats and great uproariousness.

A WOMAN RAILROAD PRESIDENT Committed to Jail For Five Days For Contempt of Court.

San Francisco, Sept. 1.—The only woman president of a railway company in the United States was yesterday formally committed to the county jail for five days for contempt of court by Judge Froot.

The woman is Mrs. Annie Kline Rickett, and the railway corporation of which she is the head is the Stockton and Tuolumne Railway company. Some time ago Charles Erickson, a contractor, sued the company to recover \$8,705 for labor performed and material furnished. When the case came up for trial on Monday R. S. Clark, secretary of the company, was ordered to produce the books of the corporation in court. On the following day he reported that the president, Mrs. Rickett, declined to allow the books to leave the company's office.

The court ordered Mrs. Rickett to bring the books into court. Mrs. Rickett again ignored the order, and the court fined her \$50 for contempt and sentenced her to jail for five days.

Mr. Clark was fined \$25, with the alternative of five days' confinement. Subsequently Judge Troutt remitted the fine imposed on Mrs. Rickett, but the commitment to jail was allowed to stand.
