OUR COUNTRY: First, Last and Forever.

GEN. AQUINALDO'S forces in America go marching on—to destruction.

OUR Democratic friends should hold a jollification meeting over the "personal" triumph of the "traitors of 1896."

PARTIES who are watching the game would like to know how many times Gen. Mercier is to be permitted to go to bat.

THE political atmosphere in Schuylkill county is heavily charged with meteoric truth, and ere many days the explosion will take place.

ALEXANDER DUMAS once remarked that if he were accused of stealing the towers of Notre Dame he would bolt and not undertake to defend himself in a French court. It seems, for one thing, to be a life occupation.

GEN. BUCKNER speaks plainly about political brigands who are prominent just now in Kentucky and Ohio. "Goebel is not a Democrat," he says. "He would be anything to get anything. He is not unlike John R. McLean."

IT is proposed in Kenosha, Wis., to make wheelwomen take out a special license. A lawyer who was run down not long ago by a girl on a wheel has drawn up an ordinance, requiring the license, and providing that before a girl may have one, she must give a specimen of her riding before a committee of three experts, and if she succeeds in proving that she can control her wheel, must file a bond of $100, to establish the victims of possible collisions beyond the reach of loss.

THE Miners' Journal makes an attempt to prove that letters sent to the employes of the Pottsville Electric Railway, demanding that they sever their connection with labor unions, was merely a joke. But the Superintendent of the company denies the Journal's story, and says his company will enforce the rules mentioned in the letters. We don't know where this man Duncan came from, but we do know that America is not his proper abiding place. The men have as much, if not more right to combine for their mutual benefit, as his company has to combine the railways in that section.

Those Copperheads.

The presence of the Grand Army of the Republic in Philadelphia recalls to mind the fact that during the period of the war in which they were engaged, there was a class of citizens in the North whose sympathies were with the armies of the South rather than with those from their own section. These people, on account of their snaky actions, were known as copperheads. Rebel victories caused them to rejoice and Union victories caused them to mourn.

Recent events have proven that these "snakes" have worthy followers in the persons of many of those who are opposing the policy of the President in the Philippines. If the report from Cincinnati be correct, the anti-imperialists who attended the lecture of Murat Halstead, before the Economic Club, were worthy sons of the old breed of copperheads. Mr. Halstead had lectured on the Philippines, and at the close of his lecture was interrogated by many of the audience. One of the copperheads more bold than his fellows said: "I hope Otis will be kept, and he will keep on blundering until he and the whole army are driven into the sea or captured." All honor to Mr. Halstead, who instantly replied: "A man with those sentiments is a traitor to his country."

There was no place in the country that bread more of the copperhead snakes than the state of Ohio, and the above incident would indicate that a new progeny of the old snake are about to oppose the Administration of President McKinley as their ancestors opposed the Administration of President Lincoln.

Their disloyalty will be of little effect for the great heart of the nation beats in true sympathy for the support of the flag and its defenders.

BARRELS OF SAMPLES.

Over Two Hundred Thousand Trial Bottles Sent Free by Mail.

By special arrangement with the manufacturers of that justly famous Kidney medicine, Dr. David Kennedy's Favorite Remedy, the readers of this paper are enabled to obtain a trial bottle and pamphlet of valuable medical advice absolutely free, by simply sending their full name and post office address to the DR. DAVID KENNEDY CORPORATION, Rondout, N. Y., and mentioning this paper.

Of course this involves enormous expense to the manufacturers, but they have received so many grateful letters from those who have been benefited and cured of the various diseases of the Kidneys, Liver, Bladder and Blood, Rheumatism, Dyspepsia and Chronic Constipation, and all weaknesses peculiar to women, that they willingly send trial bottles to all sufferers.

Upon investigation it was found that 91 per cent of those who had used the trial bottle had received such benefit from it that they purchased large sized bottles of their druggists.

It matters not how sick you are or how many physicians have failed to help you, send for a trial bottle of this great medicine, it costs you but a postal card, and benefit and cure will most certainly be the result.

Put some urine in a glass tumbler and let it stand 24 hours; if it has a sediment or if it is pale or discolored, milky or cloudy, stringy or ropy, your Kidneys or Bladder are in a bad condition. Dr. David Kennedy's Favorite Remedy speedily cures such dangerous symptoms as pain in the back, inability to hold urine, a burning scalding pain in passing it, frequent desire to urinate, especially at night, the staining of linen by your urine and all the unpleasant and dangerous effects on the system produced by the use of whiskey, wine or beer. Dr. David Kennedy's Favorite Remedy is sold at all drug stores at $1.00 for a large bottle; six bottles for $5.00.

GIGANTIC RAILWAY SYSTEM.

Proposed Trunk Line Consolidation to Eclipse All Others.

Pittsburg, Sept. 7.—The Post says: There is a plan arranged to form a gigantic railway system which will create a trunk line consolidation greater than any now in existence in this country, and it will embrace the Baltimore and Ohio, Pittsburg and Western, Buffalo, Rochester and Pittsburg, Philadelphia and Reading, West Virginia and Pittsburg and several smaller roads in as many states. This gigantic enterprise will, if carried out, mean a series of first class roads reaching from Philadelphia, Baltimore, Washington and New York to Reading, Rochester and Buffalo, and from Baltimore to Cincinnati and St. Louis, with the main line passing through Pittsburg to Chicago. It would mean also the shortest and most direct route from Cleveland and Chicago to Richmond, Va., and Charleston, S. C., and the South Atlantic coast seaports.

Glorious News.

Comes from Dr. D. B. Cargile, of Washita, I. T. He writes: "Four bottles of Electric Bitters has cured Mrs. Brewer of scrofula, which had caused her great suffering for years. Terrible sores would break out on her head and face, and the best doctors could give no help; but her cure is complete and her health is excellent." This shows what thousands have proved,—that Electric Bitters is the best blood purifier known. It's the supreme remedy for eczema, tetter, salt rheum, ulcers, boils and running sores. It stimulates liver, kidneys and bowels, expels poisons, helps digestion builds up the strength. Only 50 cents. Sold by A. Wasley, druggist. Guaranteed.

Consumption Cured.

BROUGHT BACK FROM THE GRAVE.

Last November Mr. Joseph James, painter, of 325 W. Pearl St., Indianapolis, Ind., was at death's door with quick consumption. Wasted to a skeleton; his lungs a mass of ulceration; his death was hourly awaited by his doctor and family. He was kept in a constant stupor with opium. A friend, thinking to relieve his terrible cough, gave him a bottle of Brazilian Balm. Seeing its wonderful effect, the doctor advised its continued use. Mr. James soon after dismissed his doctor, and depended on the Balm alone. His recovery was rapid and complete, and in February he returned to work. His lungs are sound, and his weight greater than at any time in his life. His recovery is regarded as almost a miracle.

COMMA BACILLUS.

In consumption beware of cough mixtures and prescriptions that contain opium. Opium paralizes the nerves, and gives the comma bacillus a good chance to destroy the lungs. It is always fatal. Brazilian Balm does not contain a trace of any opiate, but stimulates the nerves with new life and power, destroys the microbe, and restores all that is left of the diseased lungs to a sound and healthy state which no other remedy has ever been known to accomplish.

THE WARSHIPS' OARSMEN.

Men of the Brooklyn Won Two of the Four Events.

Philadelphia, Sept. 7.—The races between the crews of the warships of the North Atlantic squadron were held yesterday on the Delaware river at Washington Park, a few miles below this city. Rear Admiral Sampson, Captain Chadwick and a number of other officers of the fleet were interested spectators of the sports. Crews from the New York, Brooklyn, Indiana, Massachusetts and Texas took part. There were four races over a course a mile and a half long. The events resulted as follows:

Twelve-oared cutters—Brooklyn won, New York second. Time, 10:59¼.

Six-oared gigs and whaleboats—Massachusetts won, Indiana second. Time, 11:42½.

Four-oared dinghys—Indiana won, New York second. Time, 12:47.

Ten and twelve-oared special class cutters, handicap—Brooklyn won, New York second. Time, 10:50 4-5.

There was a tug of war between the crews of the squadron, which was won by the jackies of the Indiana.

The sailors and marines of the fleet were entertained in the grove of Washington Park after the sports were over. There was a huge barbecue and clam bake provided for the crews.

Spreading Rail Caused Fatal Wreck.

Roanoke, Va., Sept. 7.—On the Norfolk and Western railway yesterday near Narrows, a station on the Radford division, two coaches of passenger train jumped the track and rolled down a 30 foot embankment. Two persons were killed and 28 more or less injured. The dead: A. B. Luck, a contractor of Roanoke; infant, name unknown, Bluefield, W. Va. All the injured will recover. It is said that spreading rails caused the accident.

SPANISH REPRESENTATION

In the National Export Exposition to Be Held in Philadelphia.

Philadelphia, Sept. 7.—Director General Wilson, of the National Export exposition, who is also chief promoter of the International Commercial congress, which is to assemble on Oct. 10, is particularly pleased with the acceptances from Spain of the invitation to

DR. WILLIAM P. WILSON.

send delegates to the great trade conference. Several months ago when the invitations were first sent out through the department of state there were refusals on the part of the Spanish chambers of commerce, but during the past two days half a dozen acceptances have been received, and they are from six of the leading commercial bodies in Spain—Bilboa, Burgos, San Sebastian, Seville, Valencia and Palma, the latter in the island of Majorca. Don Carlos Jensen, one of the wealthiest and most influential merchants of Spain, will head the delegation.

The President a Trades Unionist.

Chicago, Sept. 7.—President McKinley is now a trades union man. He was yesterday elected a member of the Bricklayers' and Stone Masons' International Union No. 21, of Chicago. President Gubbins, of the union, said that since the chief executive was to lay the corner stone of the new postoffice it was necessary that the president join the union before he is allowed to handle a trowel in Cook county. It was at first intended to make out the president's card Sept. 1, but as this would have necessitated his presence in the parade on Labor day or the payment of $2 fine for being absent it was decided to delay the matter.

A Tornado in Ohio.

Bowling Green, O. T., Sept. 7.—Bowling Green barely escaped being torn up by a tornado shortly before Tuesday midnight. Just north of town a strip two miles long and half a mile wide was cleared of almost everything. One person was seriously hurt and two others slightly injured, 15 or 20 oil derricks blown down, a couple of barns unroofed, wind mills demolished, orchards destroyed, and the crops badly injured. Corn in the wake of the storm was riddled by hail and torn up by the roots.

HARDSHIPS OF GOLD SEEKERS.

How Seven Members of a New York York Company Met Death.

Seattle, Wash., Sept. 7.—Otto Thews, of Primrose, Ia., who has arrived here from Copper River, Alaska, brings news confirming the reported deaths of seven members of the Scientific Prospecting company, of New York. The dead are Earhardt, Miller, Allerman, Schutz, Peter Siegel, Butner and Baumgartner.

George Hooker, another member of the party, got out alive, but is badly crippled with scurvy, which carried away the majority of his companions. Baumgartner went out hunting and was never seen again. The most affecting case was that of Butner, who was driven insane by his sufferings. His weak companions had to strap him down, but even then they could not restrain him. One morning Thews, whose camp was near, found Butner sitting out in the snow with his clothes and hat off. The thermometer was 45 degrees below zero. Butner was taken inside, but he died in a few hours. The party was camped at Twelve Mile, just beyond Valdez Glacier.

Thews also brings a gruesome story in connection with the finding of the remains of a jeweler named Smith, who perished last November on Valdez Glacier. Every exposed portion of the body had been eaten by ravens.

Christian Science Hastened Death.

New Haven, Sept. 7.—A medical examiner yesterday performed an autopsy on the body of Ira O. Estey, of West Haven, who died Monday after an illness during which his only treatment was at the hands of Christian Scientists. The medical examiner says that death resulted from an incurable liver trouble, but that with proper medical treatment the patient's life might have been prolonged.

WRECKED IN A TUNNEL.

Seven Men Killed and Three Others Seriously Injured.

Williamson, W. Va., Sept. 7.—In a wreck in a tunnel on the Norfolk and Western railroad near here yesterday seven men were killed and three seriously injured. The dead: Frank Archer, Kenova, brakeman; Charles Booth, East Lynn, brakeman; John Chaffins, Dingess, fireman; four men, unknown, mangled beyond recognition. Injured: Conductor Frank Mercer, Superintendent V. A. Riton and Trainmaster Walter Hale, the latter being almost asphyxiated.

The wrecking train was slow in arriving and the wreck took fire. By its light those able crept out and fell exhausted at the tunnel's entrance. They then returned to help the others, but without being able to find any one who could be relieved.

Through freight 91 was running at full speed, when it parted and ran together again near the middle of the tunnel. Twenty-three cars were completely wrecked.

The unknown men are supposed from their clothing to have been tramps.

ORDERED TO VENEZUELA.

The Presence of the Detroit Will Give Resident Americans Confidence.

Washington, Sept. 7.—The navy department yesterday sent orders to the Detroit, which has just arrived at Philadelphia from New York, to proceed at once to La Guayra, Venezuela. She will coal and start on the voyage in the course of two or three days. The occasion for her presence at La Guayra is a report to the state department that there are signs of great unrest and excitement in the interior of Venezuela, and that the presence of an American warship might have a good effect in maintaining the confidence of the resident Americans and other foreigners in their safety. The extent of the disaffection is not known here, though it is said that ever since the last election there have been mutterings on the part of the defeated candidate and his friends.

A Message From Kruger.

New York, Sept. 7.—The World publishes a dispatch from Paul Kruger, president of the South African republic, in which he says: "The existence of the republic is a standing eyesore to certain British residents, who, not content with having here the best mining laws in the world, wish also to have complete control of all legislation and administration. The object clearly is the destruction of our republic and the complete control of the richest mines in the world. We have determined to defend to the uttermost that freedom and self government for which our people have shed blood in every part of South Africa."

The Distress in Bessarabia.

FOUR DOCTORS FAIL

18 months in a chair.

A Specialist also fails to even relieve a bad case of Asthma.

The BRAZILIAN BALM instantly relieves and effects a Radical Cure.

Shaker Station, Ct., Feb. 5, 1899.

Brazilian Balm has done wonders for me, after suffering 2 years with Asthma. I received no help from four of our local physicians, and a specialist in Hartford, who is at the head of the hospital and receives all the critical cases in the adjoining counties. For 18 months I never laid down—set in a chair day and night and had to be drawn from one room to another. By my doctor's orders I went south and staid several months but received no benefit. At last Brazilian Balm was recommended to me so highly I decided to try it. Inside of a week I could sleep in my bed. Now I am out doors every day, tending to everything, do not have any Asthma and will soon resume my old occupation, foreman of the Eddy Electric Mfg. Co., of Windsor Ct. Most gratefully yours,

WM. H. WOOD.

Thousands of doctors prescribe Brazilian Balm in Catarrh, Asthma, Pleurisy and Grippe. Only thing known that removes all the after effects of Grippe in Lungs, Liver, Kidneys, Etc. 50 cts. and $1.00 a bottle at druggists.
