

A Virginia Mother

says she used five bottles of Mother's Friend, beginning six months before confinement. She felt perfectly well up to a few hours before the baby was born, and was in labor less than two hours. She had no morning sickness, no headache, no distressing tightness, no swollen or rising breasts. Her baby was strong and the picture of health.

Mother's Friend is the only remedy known which relieves the expectant mother. It is a liniment to be applied externally. Nothing but harm can come from taking medicine internally at such times. All starry promises to relieve coming mothers are not only humbug, but positively dangerous.

Mother's Friend costs \$1 a bottle at druggists, or you can send to The Bradford-Regulator Co., Atlanta, Ga.

IT'S DIFFERENT

THE NORTH AMERICAN (PHILADELPHIA)

IT'S DIFFERENT because it prints all the news, and all the news it prints is true.

IT'S DIFFERENT because it's bright and brisk, up-to-date and vigorous, but not yellow.

IT'S DIFFERENT because its only policy is to tell the truth. It has no covert or personal interests to promote. It serves no political ambition, no creed, no class prejudice, no mere partisan purpose.

IT'S DIFFERENT because it advocates equal taxation and battles against the existing system, which favors the rich corporation at the expense of the farmer, the merchant, the manufacturer and the wage-earner.

IT'S DIFFERENT because it stands for Republican principles, and makes war upon all who, under the stolen name of Republicanism, are doing to these principles.

IT'S DIFFERENT because it believes manhood and not money should rule. Therefore it upholds the rights of all, as against the aggressive power of the privileged few.

IT'S DIFFERENT because no boss, no corporation, can control one line of its space.

IT'S DIFFERENT because it is non-sectarian and broad; every party, every faith, every class, and the workingman equally with the millionaire, gets a fair hearing in its columns.

IT'S DIFFERENT because it upholds faith in humanity, and the progress of mankind toward higher ideals, larger hopes and better living.

IT'S DIFFERENT. It will continue to be different. Watch The North American and see it grow.

UNREST IN VENEZUELA.

Why the Detroit Was Sent to the Disturbed Republic.

OUTBREAK LIABLE AT ANY TIME.

Though Revolutionist Hernandez Is in Jail, the Debate Over a Governorship Between Generals Castro and Morales Makes Trouble.

Washington, Sept. 9.—Information reaching officials here is to the effect that while no actual outbreak has occurred in Venezuela, yet a latent agitation is going on which may at any time assume serious proportions. This accords with Senator Pulido's advice that no actual outbreak has occurred at La Guayana. It appears that there have been two distinct movements, one of a national character, headed by the conservative leader Hernandez, and the other of a local character, headed by General Castro. Hernandez led a revolution against President Andrade last autumn, and within the last month has been imprisoned for the fourth time as a political prisoner and the inciter of a movement to overthrow the government. He is now in the military prison at Caracas, and it is believed that the agitation leading up to the dispatch of the cruiser Detroit was caused by the arrest of a number of Hernandez's adherents in and about Caracas.

Throughout this movement the Andrade administration has maintained a large military force. The peace footing is 3,000, but of late this has been raised to 10,000 to 15,000. The soldiers are armed with Mausers and have a number of rapid fire field guns.

Besides the Hernandez movement, which involves a struggle for the presidency, the movement led by General Castro has given considerable trouble recently. It originated in a dispute between Castro and General Morales for the governorship of a province, but the local fighting became so severe that the federal government was compelled to send an army of 12,000 men to subdue the uprising. Another bloody battle occurred, a recent official report to the state department placing the casualty list at 1,100. Castro's forces were scattered, and he is now a refugee.

The state department has been informed that the situation has become more favorable for the government of Venezuela.

Mr. Bryan was brought over from Lake Tahoe in a coach drawn by six horses and escorted by the leading Democrats and silverites of Nevada. He was received with tremendous enthusiasm, the conclusion of a very successful and brilliant campaign, and he spoke for more than an hour, devoting himself principally to the question of expansion. Mr. Bryan left for the east on the evening train, being accompanied to the depot by practically the entire population of Carson.

DREYFUS' CONVICTION

Is Predicted by Both His Friends and His Foes.

LABORI WILL KEEP UP THE FIGHT

Elaborate Military Precautions Which Will Quickly Suppress Any Attempt at Disorder—M. Demange's Plea Moved the Judges to Tears.

Rennes, Sept. 9.—That Captain Dreyfus will be condemned, in the almost universal opinion heard in Rennes, Hitherto there has always been a divergence, but now both camps, the Dreyfusards and the anti-Dreyfusards, seem unanimous in the conviction that the verdict will go against him.

Upon just what this is based and the precise reason for the conclusion are a mystery, but there is no denying the fact that, from M. Labori down to the numerous Dreyfusards who crowd the hotels and cafes, and who on Thursday night were still hopeful that Dreyfus would be saved, all seem now to agree that his last chance is gone.

The one source of hope is M. Labori himself, who said to a press correspondent: "We fear that Captain Dreyfus will be condemned, but we do not intend to throw up the sponge. We shall go on fighting for him."

M. Jaurès, the Socialist leader, and other prominent Dreyfusards expressed a similar opinion. Excitement is at fever heat, and nothing is discussed but the probable verdict.

The military precautions are of the most elaborate character, and no attempt at disorder is likely to have the slightest success. Orders have been issued to repress the first symptom of trouble with an iron hand.

A small anti-Semite meeting was held here last evening, and the complete calm that attended it is an indication of quietness. A strong force of gendarmes guarded the approaches to the building where the meeting was held, and the orders were to arrest the first man who raised a sedition cry. Nothing, however, occurred.

Indeed, the inhabitants of the town seem indifferent, and the neighborhood of the Lycee and the prison is deserted, save for a few gendarmes. The news of the publication of Count Von Buelow's speech in the reichstager reached Rennes last night and is considered very important on the eve of the verdict which, in some quarters, it is thought will be regarded as a slight by Germany, if it be a condemnation, as being tantamount to a public refusal to take the word of Emperor William, as his minister is merely his mouthpiece.

According to the latest report the verdict may be delivered between 3 and 5 this afternoon, the court adjourning after M. Demange's speech until 3 o'clock today.

The great plea which Maitre Demange made for his client first announced and then took complete possession of his hearers. Within an hour after his opening words two of the seven judges were visibly weeping, and more than half of the audience were in tears.

There is some criticism of M. Labori's decision not to speak, the friends of M. Demange thinking it his object to escape his share of the responsibility in the event of a verdict of condemnation. M. Demange, having once signed Dreyfus' condemnation under his advocacy, would naturally like M. Labori to share the criticism this time, especially as M. Labori has assumed such a prominent part in the proceedings.

OFFICIAL GERMAN STATEMENT.

A Further Declaration of the Innocence of Captain Dreyfus. Berlin, Sept. 9.—The Reichsanzeiger, in the official portion of the paper, publishes the following statement: "We are authorized to repeat herewith the declarations which the imperial government, while loyally observing the orders of the emperor, repeatedly made in December, 1894, and in January, 1895, to M. Hanotaux, M. Dupuy and M. Casimir-Perier declarations to the effect that the imperial embassy in France never maintained either directly or indirectly any relations with Dreyfus."

"Secretary of State Von Buelow, in the reichstager Jan. 24, 1895, made the following statement: "I declare in the most positive manner that no relations or connections of any kind ever existed between the French former Captain Dreyfus, now on Devil's Island, and any German agents."

JIMINEZ'S TRIUMPHAL MARCH

The Santo Domingo Revolutionist Received With Enthusiasm.

Mexico, Santo Domingo, Sept. 9.—General Jiminez arrived yesterday afternoon at Mexico, with an escort of 500 cavalry, largely augmented by armed horsemen from the villages along his route. Everywhere the utmost enthusiasm is displayed.

It was here that the late President Huerta was killed by Ramon Casas, who is now the idol of the people and the minister of war in the provisional government.

The conspirators claim that they have secured a list of the names of persons whom Huerta had designated for execution.

General Jiminez has received a dispatch from a Parisian banking house promising to furnish all the funds necessary to establish the government, the French interests being second only to the American ones in the country.

Delegals Jury Failed to Agree. Darien, Ga., Sept. 9.—The jury in the case of Henry Delegals, colored, charged with criminal assault on a white woman, yesterday failed to agree on a verdict after being out 12 hours and a mistrial was ordered. The jury, all white men, stood five for acquittal and seven for conviction.

Rutland, Vt., Sept. 9.—James McDonald, a prisoner in the house of correction here, committed suicide by setting fire to his bedding, and burning himself to be buried to death. Mr. McDonald had pulled his bed to pieces, torn the mattress open, scattered the excelsior over the floor, and set fire to it. It is thought McDonald tied himself to the bed before lighting the fire, but could not find his way out and broke loose. He was lying on his back on the fire when found.

BEARDED WOMEN.

Designing men, through alluring and cunningly worded advertisements, constantly endeavor to work upon the feelings of sick and suffering women by writing them "write to a woman" and "secure a woman's sympathy." It is well to remember that the best sympathy is to be had at home and not from strangers, who are hundreds of miles distant. The object of the sick is to get well, and however precious sympathy may be, it never cures serious ailments.

It is loudly proclaimed through the press that a woman can cure a man, and a woman's ailments, and on this ground sick women are invited to "write to a woman" and get the benefit of a woman's advice. The sort of "understanding" medicine wanted by a sick woman is a trained medical understanding. If a woman has this trained medical knowledge she understands the ailments of a man, and she can not understand the ailments of a man, and cannot treat them successfully, because she lacks the necessary training.

As far as known, there is no regularly qualified woman physician connected with any proprietary medicine especially designed for women—no one, therefore, qualified by learning and experience, to advise on questions of disease and its cure.

It is certain that there is no man or woman, connected with any "put-up" medicine for women, excepting only Dr. Pierce's Favorite Remedy, who is a regular physician, and who has, like him, devoted more than thirty years to the special study and treatment of diseases of women.
