A starting incident of which Mr. John Oliver of Philadelphia, was the subject, is marrated by him as follows: "I was in a most dreadful condition. My skin was almost yellow, eyes sunken, tongne coated, pain continually in back and sides, no appetite-gradually growing wester day by day. Three physicians had given me up. Fortunately. a friend advised trying Electric Hitters," and to my great joy and surprise, the first bottle made a decided improvement. I continued their use for three weeks, and am now a well man. I know they saved my life, and rubbed the grave of another victim." No one should fail to try them. Only 50 cents per bottle at A. Wasley's drug store.
