OUR COUNTRY: First, Last and Forever.

It is said houses of ill fame still exist in this town. What say the police department?

The Hon. John O. Ulrich is laying low and saving wood. He expects his reward in 1900, and therefore supports the traitors of '06.

Quite a number of persons who had no idea of reaching the Paris Exposition will now be able to explain why they remained at home.

The silence of the Hon. James B. Reilly leads one to believe that he is paying strict attention to official business. Politics has no charms for the wily United States Marshal this year.

There has been a renewal of the talk about an extra session of the legislature for the purpose of making another effort to elect Mr. Quay to the United States Senate. This talk, however, is confined to the "in surgent" press.

There is one particular in which Bryanism is persistently consistent. It never overlooks an opportunity to take up a collection. Mr. Belmont, of New York, has contributed \$25,000 to the Democratic national committee to be used in 1900.

An enterprising newspaper man has decided to establish a paper which shall contain nothing but news. The experiment will be watched with interest. A newspaper containing well written editorials and no news is not in demand, but whether or not a paper can thrive with plenty of news and no editorials is a matter for the public to decide.

The United States government has laid hands upon the plowshare and in nowise can it look back. Having by the necessity of warfare destroyed the only responsible government upon the Philippine Islands, another must be replaced. Life and property must be protected before American authority can be withdrawn. No one with an ounce of practical wisdom can disregard this manifest proposition.

Politics and the Trusts. The public is deeply interested in the conference which was held in Chicago on the subject of trusts. There is probably no question before the American people to-day which is causing the same amount of concern as this question of the formation of large capitalized corporations, which are seeking to control the output of all branches of business.

One of the speakers on Saturday was the Hon. William Jennings Bryan. It is easy to find a reason for his presence at this gathering. The Democratic party is striving to impress the people with the idea that only through them can come relief from this new form of monopoly, and Mr. Bryan is seeking political capital. If the managers of the conference are wise they will not allow Mr. Bryan to make the conference a hob to the Democratic kite.

The people of the United States are largely of the opinion that the trusts are a most gigantic evil, and they are exceedingly anxious that some means may be found to check their growth, but the majority of the people do not believe that the only proper regulation of the trusts can come through the Democratic party.

The settlement of the question will not be made by politics. It is an issue that will require statesmanship rather than partisanship. Too many men of all parties are directly interested in these combines for partisan politics to prove effective in their regulation, and too much Bryanism injected into conferences of this character will very materially reduce the power and influence of such great assemblages.

Mrs. Bradish, of Detroit, Wrote Mrs. Pinkham and Tells the Result.

LETTER TO MRS. PINKHAM NO. 36,310. "About two years ago I began to run down and soon became almost a wreck. I lost my appetite and began to lose flesh; my blood was impoverished and I had to leave out store. The doctors gave me a little tonic, but I steadily grew worse and consulted another doctor. He helped me in some ways, but my headaches continued, and I began to have night sweats and my rest was so disturbed that I would have business matters and my poor health. Finally, however, took me South, but with no benefit. This was a year ago; no one can ever know what a winter of misery I spent. Would blot after eating and was troubled with palpitation of heart and whites. Having read by happy chance of your medicine, I bought it and wrote for your advice, and before having finished the first bottle of Lydia E. Pinkham's Vegetable Compound, the hysterics nearly stopped and I slept soundly. "I used seven or eight bottles with such benefit that I am as healthy as I can ever remember of being. I shall never cease to sound your praises." - Mrs. E. M. BRADISH, 179 DIX AVE., DETROIT, MICH.

DECLARES DR. YFUS GUILTY.

A Former Fellow Officer Denounces Him as a Traitor. Vancouver, B. C., Sept. 18.—Lieutenant Glin was one of the 97 members of the Canadian militia who returned yesterday from Yukon on the steamer Albatross, and the most interesting passenger on board. On arriving he eagerly asked for the latest news of the Dreyfus trial, and when told exclaimed: "Good, he deserves more. He is guilty, a traitor to his country. Before becoming a British soldier I was an officer in the French army, a brother officer of Dreyfus. I was his comrade and knew him well. I perhaps spoke hastily, but if you know what I know you would not sympathize with Dreyfus. I believe him guilty, and could give reasons why." At this juncture several soldiers passed and the excited little Austrian stopped speaking and refused to say any more.

That Throbbing Headache Would quickly leave you, if you used Dr. King's New Life Pills. Thousands of sufferers have proved their matchless merit for Sick and Nervous Headaches. They make pure blood and strong nerves and build up your health. Easy to take. Try them. Only 25 cents. Money back if not cured. Sold by A. Wasley, druggist.

Tried Suicide on the Street. Quincy, Ill., Sept. 18.—William Morgan, son of General James D. Morgan, famous in the civil war, made a deliberate attempt at suicide on the principal street of this city yesterday afternoon. He is about 50 years old, and has been suffering from illness for some months. He threw himself in front of an electric car, which was traveling at a rapid rate, and before the motorman could reverse Morgan had been rolled along the track for ten feet, seriously injuring him. Morgan, who served as a river pilot during the war, was well provided for in his father's will.

Some Foolish People Allow a cough to run until it gets beyond the reach of medicine. They often say, "Oh, it will wear away," but in most cases it will wear them away. Could they be induced to try the successful medicine called Kemp's Balsam, which is sold on a positive guarantee to cure, they would immediately see the excellent effect after taking the first dose. Price 25c. and 50c. Trial size free. At all druggists.

Birmingham Carpenters on Strike. Birmingham, Ala., Sept. 18.—A general strike among the union carpenters of Birmingham occurred this morning, between 200 and 400 quitting work. They made a demand Sept. 1 for a minimum wage of \$2 a day and also hours instead of ten to constitute a day's work, effective today. The contractors declined the demand and the Builders' Exchange took sides against the movement. Work on a large number of buildings was suspended today. Twelve to twenty contractors have already signed the agreement, and it is believed that by noon a majority of the carpenters will return to work.

THOMAS B. REED'S FAREWELL To the Republicans of the First Maine Congressional District. Portland, Me., Sept. 18.—The Press prints this morning the following: "To the Republicans of the First Maine district: While I am naturally reluctant to intrude myself again upon public attention, even here at home, I am sure no one would expect me to leave the First Maine district after so long a service without some words expressing to you my appreciation of your friendship and my gratitude for your generous treatment. Words alone are quite inadequate, and I must appeal to your memories. During these three and twenty years of political life, not always peaceful, you have never questioned a single public act of mine. Other men have had to look after their districts. My district has looked after me. This in the place where I was born, where you know my shortcomings as well as I do myself, gives me a right to be proud of my relations with you. No honors are ever quite like the ones which come from home. It would not be just for me to withhold my thanks from those Democrats who have so often given me their votes. This friendship I can acknowledge with all propriety even in a letter to Republicans, for both they and you know that I have never trimmed a sail to catch the passing breeze or ever flown a ribbon to stick to your coat" is worth anybody's consideration. Office as opportunity is worth all consideration. "That opportunity you have given me untrammeled in the fullest and simplest measure, and I return you sincerest thanks. If I have deserved any praise it belongs of right to you. "Whatever may happen, I am sure that the First Maine district will always be true to the principles of liberty, self government and the rights of man. THOMAS B. REED."

NEGROES SHOT DOWN.

Six Men Killed in a Fight With Union Miners.

NEGROES STARTED THE SHOOTING

The Whites Promptly Retaliated. Firing at the Non-Unionists as They Fled—One of the Wounded Negroes Will Die—The Militia Ordered Out.

Cartersville, Ill., Sept. 18.—Cartersville was the scene of a bloody riot yesterday, in which six negroes were instantly killed and one fatally wounded, while two others received slight wounds. Trouble has been brewing since the militia was recalled by Governor Tanner last Monday. The white miners of this place have refused to allow the negro miners to come into town, always meeting them and ordering them back. Yesterday, however, 18 negroes, all armed, marched into town, going to the Illinois Central depot, where they exchanged a few words with the white miners there. Then the negroes pulled their pistols and opened fire on the whites, who at once returned the fire. A running fight was kept up. The negroes scattered, some being closely followed by the whites up the main street, while the remainder fled down the railroad track. Here the execution was done, all who went through town escaping. After the fight was over six dead bodies were picked up and another mortally wounded. Two other dead negroes were found last night near the Brush mines. They were taken to the city hall, where the wounded man was attended to and an inquest held over the dead ones.

The killed: Rev. T. J. Floyd, Hune Bradley, John Black, Henry Braum, Jim Hayes and one unidentified. Mortally wounded: Slim Cundins. One of the negroes, when first shot, started to run. He was shot again and fell. One of the white men then ran up and shot him through the head with a rifle. The shooting took place immediately in front of Mayor Zimmerman's home, and in full view of several ladies seated on the porch. Just the notion of the first shots had died away the streets began to fill with excited men. After the crowd of negroes had been killed and scattered it was the evident intention of the infuriated miners to go to Greenville, where the big non-union negro camp is located, and finish the work. All afternoon an angry crowd of men patrolled the streets. Later the projected trip to Greenville was apparently called off.

Trouble has existed here off and on for over a year, but no fatalities occurred until June 30, when a passenger train on the Illinois Central railroad was fired into and one negro woman killed. These negroes were on their way to the mines, having come from Pana. A short time afterwards a pitched battle ensued between the union and non-union forces, during which time the dwellings occupied by the non-union negroes were burned. Several arrests were made, and the accused are in jail at Marion awaiting trial on the charge of murder. Superintendent Donely, of the Brush mines, where the negroes reside, reports that the negroes are worked into a frenzy, and that while he is doing all in his power to hold them in check he is afraid he cannot do so much longer. Company C, Fourth regiment, I. N. G., arrived here last night and will endeavor to preserve order. The company from Newton arrived this morning. Forty miners from the Herrin mines are ordered to have left that place for this city armed with Krags-Jorgensen rifles and determined to assist the white miners here.

NEGROES ON NEWS.

Seven hours of rain has broken the drought which has existed in northern Texas since June 25. A Paris dispatch says General Mercier will be a candidate for the senate in the department of Sarthe. A reception will be given Booker T. Washington, the colored educator, at Atlanta, Ga., upon his return from Europe. The Chicago Building Trades' Council intend to order a general strike on the new postoffice building, to enforce employment of union labor. General Benjamin Pligler, formerly chief of ordinance of the New York National Guard, is reportedly ill with Bright's disease, at Niagara Falls.

Little Pimples Turn to Cancer.

Cancer often results from an impurity in the blood, inherited from generations back. Few people are entirely free from some taint in the blood, and it is impossible to tell when it will break out in the form of dreaded Cancer. What has appeared to be a mere pimple or scratch has developed into the most malignant Cancer. "I had a severe Cancer which was at first only a few blotches, that I thought would soon pass away. I was treated by several able physicians, but in spite of their efforts the Cancer spread until my condition became alarming. After a month's treatment and growing steadily worse, I decided to try S.S.S. which was so strongly recommended. The first bottle produced an improvement. I continued the medicine, and in four months the last little scab dropped off. Ten years have elapsed, and not a sign of the disease has returned." B. F. WILLIAMS, Gillesburg, Miss.

THE CONDEMNED SOLDIERS.

They Cannot Be Executed Without Sanction From Washington. Washington, Sept. 18.—The secretary of war, in response to numerous requests, called General Otis regarding the two men of the Sixteenth infantry who, according to the press dispatches, have been condemned to death in the Philippines. The secretary was given the names of the soldiers and the date of their execution. It is said that there was a third soldier now about to be tried in connection with the same case, and that when the court martial was concluded the papers would be forwarded to the department.

The two men sentenced are Corporal Danholfer and Private Collins, of the Sixteenth infantry. Senator Foster, of Washington, and many others petitioned the secretary of war to intervene and prevent the summary execution of the sentence. It does not appear, however, that the case, which involves assaults on native women, is one in which the sentence can be executed without first being reviewed by the department. The papers cannot reach Washington in less than 30 days. The names of the third soldier involved has not yet been made public.

Colorado Honors Her Dead Heroes. Denver, Colo., Sept. 18.—Twenty thousand people crowded the state capitol grounds yesterday to attend a memorial service in honor of Colorado volunteers who died in the Philippines. The services were given under the auspices of the Colorado Society of Sons of the Revolution. A thrilling feature of the service was the display of the battle worn flag of the regiment, given it by the society before its departure for the Philippines, by Sergeant Dick Holmes, who planted the standard on the ramparts of Manila on the memorable 19th of August, when Private Phoenix was shot down by his side. Women wept and men bowed their heads in reverent homage.

Ex-Senator Blackburn Reports. Versailles, Ky., Sept. 18.—Mrs. J. C. R. Blackburn, wife of the ex-senator, died here of heart disease last night, aged 60. Mr. Blackburn left home a few days ago, his wife's health showing great improvement. He was on his way from the east when Mrs. Blackburn died. At her bedside were all of her children except one daughter, the wife of Colonel William P. Hall, U. S. A., who is ill in Washington. Mrs. Blackburn was the daughter of the late Dr. Chris. C. Graham, a noted Kentuckian and a statesman.
