OUR COUNTRY: First, Last and Forever.

How easy it is to find fault, but how much more difficult to point out one's own shortcomings.

A COUNTY seat contemporary complains that the present political campaign is too mild to suit its tastes. It is early yet.

JAPAN sends to this country for paper mill machinery, though the Japs made paper thousands of years ago. American inventiveness is marching on all over the world.

CONGRESSMAN JAMES W. RYAN will attend the funeral of the late Hon. Daniel Emmertout at Reading on Thursday next, as a member of the Congressional Funeral Committee. Mr. Ryan is chairman of the committee.

PROPHETS who insisted that the annexation of Hawaii would cause the United States an enormous amount of trouble and expense have to be reminded now that the peaceful and flourishing little islands are still on the map.

The bitter experience many Shenandoah people had when the New York National Building and Loan Association went to pieces will teach them no doubt that the safest investment in that line is with local associations. The object of our home association is to better the working-man, as well as the business man, and provide him with a home or to lay up a snug sum for future emergencies. On such principals our local association has prospered. All building and loan associations are good if managed properly, but when the business office is in some distant city you can not know on what some things are being conducted. High rentals and big salaries officers are often the root of big associations going to the wall. With the local association it is different, and your money is a hundred times safer. Invest your money at home and be sure of it.

No English Alliance.

Whenever the Democratic party has nothing else upon which to exercise itself and whenever issues are running short, as they are at the present time, it generally gives the tail of the British lion a twist. This pleases a large number of the members of the party, and helps to divert their minds from other subjects. The Democratic party of Ohio, ever watchful of American liberties, protested against the alliance which, according to their platform, has been formed between the United States and England.

The Hon. John Hay, recently Ambassador to England, and now Secretary of State, in a letter to Chairman Dick, of the Republican State Committee, emphatically denies that any such alliance exists, either with England or any other power under heaven, except the treaties of ordinary international friendship for purposes of business and commerce. "If any man is in a position to speak authoritatively upon this subject, it is Secretary Hay, and his stirring letter will prove a convincing argument that this last effort of the Democracy to find an issue will meet the same fate as has befallen all their efforts up to date.

The United States does not need to form an alliance with any foreign power. She has taken her place in the front ranks of the nations, and is abundantly able to take care of herself. At the same time it is the desire of every true citizen that there shall exist a bond of friendship between our country and the nations of the world, and with no government should we be on better terms than with that country whose people speak the same language and who are most nearly like ourselves, but all of this we can do without any formal alliance.

The Democratic party in its search for an issue will have to try again.

Don't let the little ones suffer from eczema or other torturing skin diseases. No need for it. Don't Ointment cure. Can't harm the most delicate skin.

QUIET AT CARTERVILLE.

The Death List of the strike riot now placed at five. Cartersville, Ill., Sept. 19.—There is little change in the situation here, but a little there is for the better. Last Sunday night, the wounded negro, died last Sunday night, making a total of five killed. Four more were seriously wounded, but are expected to recover. The coroner's jury is still in session and will not adjourn before tonight.

Mayor Zimmerman comes in a sterner statement in which he says that Governor Tanner sent a personal representative to him and told him that if the better class of citizens would sign an agreement to the effect that they would guarantee that there would be no more loss of life or rioting, the governor would remove the troops. Mayor Zimmerman told this representative that the governor sent the troops here without consulting the citizens of Cartersville and that he could remove them the same way, but that as long as the negroes remained at the Brush mines just so long might he expect to hear of trouble here.

Residents here were halted Sunday night by guards near the Brush mines and placed under arrest while on their way home from Cartersville. They were taken to Marion yesterday morning, where they are being guarded.

FOUR DOCTORS FAIL 18 months in a chair.

A Specialist also fails to even relieve a bad case of Asthma. The BRAZILIAN BALM instantly relieves and effects a Radical Cure.

Shaker Station, Cl., Feb. 3, 1899. Brazilian Balm has done wonders for me, after suffering 2 years with Asthma. I received no help from four of our local physicians and a specialist in Hartford, who at the head of the hospital and receives all the critical cases in the adjoining counties. For 18 months I never laid down—set in a chair day or night and had to be drawn from one room to another. By my doctor's orders I went north and staid several months but received no benefit. At last Brazilian Balm was recommended to me so I bought a bottle to try it. Inside of a week I could sleep in my bed. Now I am out every day, trying to everything. I do not have any Asthma and will soon resume my old occupation, foreman of the Eddy Electric Mfg. Co., of Windsor Ct. Most gratefully yours, Wm. H. Wood.

IT'S DIFFERENT

THE NORTH AMERICAN (PHILADELPHIA) IT'S DIFFERENT, because it prints all the news, and all the news it prints is true. IT'S DIFFERENT, because it's bright and brisk, up-to-date and vigorous, but not yellow. IT'S DIFFERENT, because its policy is to tell the truth. It has no cover-up or personal interests to promote. It serves no political ambition, no creed, no class prejudice, no mere partisan purpose. IT'S DIFFERENT, because it advocates equal taxation and battles against the existing system, which favors the rich corporation at the expense of the farmer, the merchant, the manufacturer and the wage-earner. IT'S DIFFERENT, because it stands for Republican principles, and makes war upon all who, under the scenic name of Republicanism, are disloyal to those principles. IT'S DIFFERENT, because it believes manhood and not money should rule. Therefore it upholds the rights of all, as against the aggressive power of the privileged few. IT'S DIFFERENT, because no boss, no corporation, can control one line of its space. IT'S DIFFERENT, because it is non-sectarian and broad; every party, every faith, every class, and the working-man equally with the millionaire, gets a fair hearing in its columns. IT'S DIFFERENT, because it upholds faith in humanity, and the progress of mankind toward higher ideals, larger hopes and better living. IT'S DIFFERENT, it will continue to be different. Watch The North American and see it grow.

Pattern Makers Want Shorter Hours. Philadelphia, Sept. 19.—The Pattern Makers' association of Philadelphia yesterday sent a circular letter to every shop in the city where pattern makers are employed demanding a nine hours' work day. The employers are given until Thursday to accede to the demand, when a strike will be inaugurated in all the places where the request of the men is not complied with. There are about 500 pattern makers in the city, many of whom are employed at Cramps' shipyard and at the Baldwin locomotive works.

Duel on a Virginia Street. Charlottesville, Va., Sept. 19.—Late yesterday afternoon a shooting affray occurred on the main street, in which Police Officer L. S. Hall was shot in the shoulder by Officer H. Stratton shot in the wrist and Charles W. Joseph, of Batesville, was seriously wounded in the region of the heart. The shooting grew out of an altercation between J. Frank Kelley, city superintendent of the telephone exchange and Officer Joseph. The company has been forced to shut down its plant, which was recently started up, after being idle for years. The employees are fighting the fires. Much pulp wood has been destroyed. Robbers Loot an Illinois Bank. Joliet, Ill., Sept. 18.—Six robbers blew upon the safe of the Exchange bank at Frankfort, a small village 50 miles east of Joliet, on the Michigan Central railway, early yesterday morning and carried away nearly \$2,000 in money and jewelry. The robbers were blindfolded, gagged and thrust into a ditch, where one man stood guard over him. Then the bank was broken into and work begun on the safe. Three explosions were necessary to blow off the door. The first aroused a family living above the bank, but the robbers made good their escape. They made an outcry or strike a light under penalty of death. Having secured the money, the robbers escaped, leaving no clew.

Passengers from points between New Orleans and Hazelhurst will be required to show health certificates when en route to other points in the state. The inspection goes into effect at once.

Pope's Encyclical to France. Rome, Sept. 18.—The long expected papal encyclical addressed to France, which has just been issued from the Vatican, ignores the Dreyfus case. It is merely an elaborate theological lecture, urging upon the bishops that their zeal should be accompanied by discretion, rectitude and purity, and forbidding priests to read pamphlets and other papers emanating from "over zealous surprised politicians."

Newfoundland's Deadly Hurricane. St. John's, N. F., Sept. 19.—Reports just received add 16 lives to the death roll resulting from Thursday's hurricane. The schooner Angler went down in Placida bay with five men; the schooner Lily May was driven ashore on Mistaken Point, with the loss of seven men, and the schooner Daisy lost one man overboard, and subsequently had a boat capsized, drowning three. It is feared that even these casualties will not exhaust the tale of disaster.

DO IT YOURSELF.

It is easy to tell whether your kidneys are diseased. Take a bottle of glass tumbler and fill it with urine. If there is a sediment—a powder-like mass—after standing a day and night, there is something wrong with the kidneys. Other sure signs of disease are a desire to urinate often, pain in the back, or if your urine stains linen. There is no question that Dr. David Kennedy's Favorite Remedy is the best and surest medicine in the world for diseases of the kidneys, Liver, Bladder and Blood, Rheumatism, Dyspepsia and Chronic Constipation. It quickly relieves and cures inability to hold urine and the necessity of getting up a number of times during the night. It puts an end to that scalding pain when passing urine and corrects the bad effects of whiskey and beer. It is sold for one dollar a bottle at all drug stores.

REVEREND CONVICT "PADDED."

The Notorious Swindler Who Escaped From the Ohio Penitentiary. Columbus, O., Sept. 19.—At the Ohio penitentiary yesterday Rev. G. F. B. Howard, the noted swindler, who has valuable college students the principle of logic, and who has administered to large and fashionable congregations in several places, was compelled to bend over a box while a lutanary guard vigorously applied a hickory handle. Howard was returned Sunday night to the penitentiary, from which he escaped Sept. 12, 1894. He was captured at Horton, Mich., where he was pastor of the leading congregation of that village. Howard lost all of the good time he had gained, about 400 days. He will be given one of the hardest tasks in the prison.

Thiebaud, has returned to Washington after an extended absence, part of the time at Paris and more recently at Newport. There has been no confirmation received by the French officials here of the report that Ambassador Cambon would be succeeded here by M. Camille Barrere, and a recent letter from M. Cambon made no reference to any change, but on the contrary referred to his anticipated return to Washington.

WARSHIPS TO WELCOME DEWEY.

A Formidable Fleet Will Greet the Hero of Manila. New York, Sept. 19.—Thirteen warships, nine revenue cutters and five torpedo boats will welcome the Olympia when she arrives in the harbor bearing Admiral Dewey. The combined naval force will anchor off Staten Island in double column, the smaller vessels taking the outer line. The leading vessel in the line will be the Olympia. She will be followed in order by the battleships Indiana and Massachusetts, armored cruiser Brooklyn and battleship Texas.

The Olympia, on her arrival, is expected to steam just ahead of the New York and anchor at a point about 300 yards beyond the other ships. The Olympia and New York will lie on either side of the Staten Island ferry slip entrance, the Olympia above and the New York below. This anchorage will be maintained until the day of the naval parade, when all the ships of war will proceed in company up the North River. The Olympia will be at the head of the column.

The Dewey celebration and the international yacht race combined have created an immense demand for excursion boats. All desirable vessels of this kind were long ago either chartered by speculators or held by their owners at extraordinarily high prices. The available harbor craft at Boston and Philadelphia have been engaged, in addition to all at this port.

The silver service for Dewey's flagship from the people of Olympia, Wash., arrived at the Brooklyn navy yard yesterday.

Ryan Easly Departs Craig. New York, Sept. 19.—Tommy Ryan, the Syracuse middleweight pugilist, gave Frank Craig, the Harlem "Coffee Cooler," a terrible thrashing before 7,000 persons at the Con Edison Sporting club last night. Craig only recently returned from England, where he has been making quite a reputation and plenty of money for some three years past. That Ryan would defeat him was generally believed, but every one looked for a much better fight than that which the colored man put up. He knocked Ryan down in the second round, but never afterwards did he hold the upper hand. His actions in the ninth round were disappointing, as he went down five times to a pugilist who. His face was battered out of all shape when he came up for the tenth round, and Referee Siler stopped the bout and awarded the fight to Ryan.

Democratic Executive Officer. Chicago, Sept. 19.—John G. Johnson, of Peabody, Kan., yesterday was made the executive officer of the Democratic national committee. He will take charge of the active work of the ways and means and press committees and within two weeks will come to Chicago to open up headquarters.
