PRESIDENT STEYN'S SPEECH. It Commits the Orange Free State to

the Transvani's Support. Bloemfontein, Orange Free State, Sept. 22.—The volksrand met yesterday with a full attendance. President Steyn read a carefully prepared speech in which he expressed regret that the relations between Great Britain and the Transvaal had become strained. The members, he said, were aware of the meeting of Sir Alfred Milner and President Kruger at Bloemfontein, when President Kruger made proposals which, although refused by the Brit-ish high commissioner, were unanimously considered throughout the Orange Free State to be exceedingly fair.
President Steyn said the Transvani had been decoyed by the British diplomatic agent at Pretoria, Conyngham Greene, and he practically accused the imperial government of a breach of faith. He said he was disinclined to advise the Transvaal government to accept the latest British demands. The present critical state of affairs could not be a matter of indifference to the Orange Free State, which was bound by treaty to afford assistance to the Transvaal, and he had, therefore, con-vened the volksraad to decide what attitude should be taken.
"There is nothing," declared the

president, "that warrants war or an attack upon the Transvaal. Such differences as exist can be solved by arbitration. War would be an insult to religion and civilization."

In conclusion President Steyn said he would take this opportunity of laying certain draft laws before the volks-raad for consideration, praying God to give the members strength to pass resolutions not only conductve to peace and prosperity, but also in the interest of their beloved state.

Immediately after the speech President Steyn asked the volksrand to go into secret session, which was agreed to unanimously.

A RIOTOUS CONVENTION. Massachusetts Democrats Make Work

For a Strong Police Force. Boston, Sept. 22.—The riotous scenes and the bitter fights between the two factions of the Democratic party of this state which characterized the all night sesison in Music Hall here in 1896 and that at Worcester the following year were renewed with even greater bitterness at the annual conention of the state Democracy in Mechanics' Hall yesterday. There was hardly a moment after the speeches of the temporary and permanent presid-ing officers were conjuded when there was quiet and harm by in any degree. At times the entire delegation was upon its feet, the members standing on chairs and tables, shouting in the heat of passion some denunciatory re-marks at the chairman or the person who was endeavoring to speak upon

the platform. At this time it seemed as though even the force of 100 policemen in the hall would be of no avail, so impassioned were those upon the floor, and the climax came when, at the request of the chairman, the captain of police appeared upon the platform and placed his hand upon Congressman John E. Fitzgerald, in readiness to forcibly remove him from the platform had he
