A UNIQUE SERVICE.

Rev. James Moore Surprised His Congregation Last Evening.

The service in the Primitive Methodist burch last night was of a rather unique character, although in line with teachings of the gospel. It was very impressive. After the opening singing and prayer, there was a temporary suspension of the program, during which Mr. Edward Cooper, the leader of the choir, stated that the salary of the congregation's pastor was \$100 in arrears and that there was a gentleman in the audience who had promised to contribute \$50 towards a liquida-tion of the debt, provided the congregation would make up the balance. A collection was then taken. While it was in progress, one of the collectors called out "Mr. Thomas Bairi, \$50 in cash." After the close of the service it was announced that a total of \$80.50 had been collected.

Hev. James Moore proceeded with his ser-vice and said he had a surprise in store. It proved to be as announced. The pastor dispensed with the sermon and, in its stead, quarrel and saw men run away, but it was too dark for him to see whether or not a blow read most of the first chapter from a religious publication entitled "In His Steps—What would Jesus Do." When the pastor reached passages in which the names of hymns were neutioned he stopped and the choir sang the hymns referred to. The reading was impressive and the singing was very opportune and rendered with excellent success. At the lose of the reading Rev. Moore stated that the object of the service was to bring about a wide spread reading of the book referred to. believing it would result in much good.
