OUR COUNTRY'S First, Last and Forever.

DRYDIPS has dropped out of public attention. Such is fame.

BE ready to shout for the Republican victory in November.

THE Irish are again to the fore. The Shamrock's owner was Dewey's first caller.

THE county ticket nominated by the Democrats is neither Jeffersonian, Bryanite or even Coyleite. Those who deserted the Democratic ranks in 1896 are now the rulers.

SCHUYLKILL county will be landed high and dry in the Republican column this fall. The reflection grates so hard on Chairman Noonan, of the Democratic party, that he admits his inability to refrain from weeping.

THE Democratic party is like some soured old nurse who to frighten children to make them mind tells them of bugaboos. The present spectre is the secret alliance young Mr. Bailey, of Texas, says we have with England. If he continues he will frighten himself.

THE utterances of Admiral Dewey are of the kind which go right to the root of a subject, and about which there can be no misunderstanding. His coming takes away the last hope of the anti-Bryan Democrats, who have been counting somewhat upon having him pull the chestnuts out of the fire for them. Dewey is no candidate for political honors.

WHEN a section of the country is busily employed in manufacturing it means that it is apt to be prosperous, for great numbers of laborers are being employed and paid wages. In the year ended July 1, 1899, the exports of manufactures were nearly \$50,000,000 greater than even in the phenomenal year 1898, and more than double those of the year in which Cleveland was elected.

THERE is beginning to be noted signs of more demand for anthracite, and the whole range of reports is of that turn in events which has been expected would eventuate about this time. There is going to be an activity before long which will take up the stocks of coal now held in first hands in all parts of the country—and some of these have been of considerable magnitude—and thus put the producers and miners in very good humor.

THE efforts of the Democratic press to impugn the motives of the Commissioners in their honest endeavors to provide Schuylkill county with a business administration go unheeded and wherever Messrs. Kautner and Reber have mingled among the voters they have been assured of loyal support. As the Democratic disaffection is centered principally in the contest for the Commissionship the indications are that the Republican candidates will be elected by large majorities.

WATERSON says anti-imperialism means defeat to the Democratic party. Belmont wants free silver dropped. Gorman is not much on trusts; Morgan is an imperialist on a grand scale; McLean and Carter Harrison can get along without the 16 to 1 remedy. To satisfy them all Col. Bryan will have to be a skillful contortionist. Or perhaps he has studied the occult sciences in India, and is ready like the fakirs of that country to make people hear each what he wishes and see what is not there.

Miss Lockheart's LETTER TO MRS. PINKHAM.

LETTER TO MRS. PINKHAM NO. 67,041 "I cannot express my gratitude to you for the good that Lydia E. Pinkham's Vegetable Compound has done for me. I have taken five bottles of the Compound and two boxes of Liver Pills and feel better in every respect. I had suffered for years with dropsy; the veins in my limbs burst, caused by the pressure of the water. I had the worst kind of kidney trouble, itching spells, and I could not stand long at a time. I also had female weakness and the doctor said there was a tumor in my left side. The pains I had to stand were something dreadful. A friend handed me a little book of yours, so I got your medicine and it has saved my life. I felt better from the first bottle. The bloating and the tumors have all gone and I do not suffer any pain. I am still using the Vegetable Compound and hope others may find relief as I have done from its use." MISS N. J. LOCKHEART, Box 10, ELIZABETH, PA.

Only the women who have suffered with female troubles can fully appreciate the gratitude of those who have been restored to health. Mrs. Pinkham responds quickly and without charge to all letters from suffering women. Her address is Lynn, Mass.

SHAMROCK WANTS HEAVY BLOW.

British Yachting Writers Admit Columbia's Superior Performance. New York, Sept. 29.—The yacht Columbia, decked at the Brooklyn navy yard yesterday, will probably remain there until Monday, the day preceding the first of the series of races for the America's cup, during which period every art known to the builder, rigger and sailmaker will be employed in getting the craft in the best possible trim for the contest.

The contrast between the lines of the Shamrock and the Columbia are very marked. In the former one can see a big bulky craft, dependent upon a greater spread of canvas for superiority in speed, while the latter has the thoroughbred appearance that comes with the finer lines and a more slender hull.

The Columbia was viewed from all sides by admiring hundreds, most of whom had also seen the Shamrock in the drydock, and 99 out of every 100 were of the opinion that the American boat was far more a racer in looks than the Irish challenger. Even the English and Scotch yachting writers sent from Europe to report the cup races admitted that the Columbia was the better looking craft of the two, but they hope for heavy breezes, so that the Shamrock can make her best showing.

Samoa Gains Over \$25,000.

Washington, Sept. 29.—The British commissioner of Samoa, Mr. Elliot, has received from Apia a full report on the claims made by British subjects for damages resulting from the bombardment and the native uprising. The claims aggregate something above \$7,000. Of this about about \$2,000 grows out of the depredations of the Matafua rebels in January and March last, while some \$1,900 is for losses resulting from the bombardment of the British-American naval forces and the succeeding operations on land. There are a large number of separate claims, showing the damage to have been widely distributed. The original amount of the claims was double that now submitted to the British commissioner.

URNADETA'S CAPTURE

Resulted in the Death of Her Commander and Five Men.

MARTHUR'S CAPTURE OF PORAC.

The Town Was Taken After Only Half an Hour's Fighting, Insurgents Fleeing Northward—Ten Dead Filipinos Found—Five Americans Wounded.

Manila, Sept. 29.—It is reported by a person who has just arrived from Manila that Naval Cadet Welborn C. Wood, who was in command of the United States gunboat Urdaneta, recently captured and destroyed by the insurgents in the Grand river, on the northwest side of Manila Bay, where she was patrolling, and five of the nine enlisted men forming the crew were killed during the fighting previous to the destruction of the vessel. The four other men and the captured cannon—a one pounder, a rapid fire gun, a Colt machine gun and a Nordenfeldt 25 millimeter gun—were conveyed to Manila.

General MacArthur entered Porac yesterday after half an hour's fighting. The American loss was slight and the insurgent loss is not known. The enemy fled northward. When the Americans entered the town they found it empty.

The attacking party moved on Porac in two columns. The Ninth infantry with two guns, from Santa Rita, was commanded by General Wheeler and the Thirty-sixth infantry, under Colonel Bell, with one gun, accompanied General MacArthur from San Antonio.

Both columns struck the town at 9 o'clock and opened a brisk fire, which was replied to by the enemy for half an hour. Then the insurgents fled, and the Americans marched over the trenches and took possession of the place.

Just before the fight Smith's command, at Angeles, made a demonstration by firing artillery up the railroad track.

Yesterday's movement was a strategic success and resulted not only in the possession of Porac, but in the clearing of several miles of country thereabout.

The insurgents are estimated to have numbered 600 men. Ten dead Filipinos were found, and the captain and commissary of Masacran's command were taken prisoners.

The American loss is five wounded, but there were many prostrations from the heat.

Two Filipino majors came to the American lines Wednesday night with messages regarding the American prisoners who were to arrive yesterday morning. They also requested permission for General Alejandro, one colonel and two lieutenant colonels, to visit General Otis. They were refused entrance to the American lines until noon on account of yesterday's fight, and General Alejandro alone will be allowed to visit General Otis.

The insurgents recently entrenched and garrisoned the town of Paeto, on the Laguna sea bay, in the province of Laguna. Subsequently Captain Larsch, commanding the gunboat Napidan, landed for a conference with the citizens. As he proceeded up the main street of the town with a squad he was received with a volley from a hidden trench on the cover of the buildings and regained the vessel. The Napidan then bombarded the trench for an hour, completely destroying it.

Drink Grain-O

after you have concluded that you ought not to drink coffee. It is not a medicine but doctor's order it, because it is healthful, invigorating and appetizing. It is made from pure grains and has that rich nut brown color and tastes like the finest grades of coffee and costs about 1/2 as much. Children like it and thrive on it because it is a genuine food drink containing nothing but nourishment. Ask your grocer for Grain-O, the new food drink 15c and 25c.

Hanna Will Not Resign.

Columbus, Sept. 29.—Senator Hanna denies with emphasis the report that he will resign the chairmanship of the national Republican committee. He said: "I cannot imagine what has given rise to such a report, unless it is my physical condition, rumors of which have been exaggerated. It is necessary to the perpetuation of the present glorious reign of the Republican party that President McKinley be endorsed in Ohio this fall and returned to the White House next year. I expect to participate actively in the former endorsement, and I do not anticipate that I shall be asked to stand aside in the latter."

Strike Hinters Indicted For Murder.

Marion, Ill., Sept. 29.—The grand jury yesterday returned indictments against 16 men for murder committed at Leuder Station June 20 last, when an Illinois Central train filled with non-union miners was fired into and one woman killed. Those indicted are Ed Booker, George Durdore, Arch Brambleton, James Hicks, Ed Richey, William Davis, Isaac McKee, Mike Brown, William Smith, Leopold Beltz, Lewis Tate, T. J. Jeremiah and four more at large.

My son had a most malignant Cancer, for which the doctors said an operation was the only hope. The operation was a severe one, as it was necessary to cut down to the spine and saw away it. Before a great while the cancer returned, and began to grow rapidly. We gave him many remedies without result, and finally, upon the advice of a friend, decided to try S. S. S. (Swift's Specific). After the second bottle he began to improve. After twenty bottles had been taken, the cancer disappeared entirely and he was cured. The cure was a permanent one, and he is now well, and has never had a sign of the disease since he returned. J. S. McRae, 279 Snodgrass St., Dallas, Texas.

The Cruel Knife!

It is absolutely useless to expect a surgical operation to cure cancer, or any other blood disease. The cruelty of such treatment is illustrated in the alarming number of deaths which result from it. The disease is in the blood, and hence can not be cut out. Nine times out of ten the surgeon's knife only hastens death.
