"Please Smile AND Look Pleasant."

When a woman says "I am racked with pain," the word "racked" recalls the days when they stretched the tender bodies of women on the rack with rope and pulley until the very joints cracked. Fancy an attendant saying to the tor-tured woman, "Please smile and look pleasant."

And yet the woman "racked with pain," is expected to smile through her agony and to make home happy. She can't do it. It is against nature. Gen-erally speaking, the racking pains of ill-health such as headache, backache and "bearing down pains" are related to de-rangements or disorders of the organs distinctly feminine. When this condition is removed the general health is restored, and with health comes back the smile
