A LAWYER'S PECULIAR CLAIM. Declared the Negro Victim of Lynchers Had Committed Suicide. Charleston, S. C., Oct. 2.—Lawrence Brown, an innocent negro, was accused of incendiarism in Orangeburg county in 1897 and discharged by request of the prosecutor and was subsequently lynched at Siltan Station. Brown's father sued the county of Orangeburg for \$10,000 damages. The verdict was for the defendant county, the judge holding that the act only applied in cases where prisoners were taken from officers and lynched. This state supreme court reversed the opinion and the case was called again in court at Orangeburg Saturday. The testimony proving lynching was overwhelming, though one of the county's lawyers, in spite of the fact that Brown's body was riddled with bullets and his hands and feet tied, claimed that the negro had committed suicide. The jury returned a verdict in favor of the county. Notice has been given of a motion to set aside the verdict.

MINERS BRUTALLY TREATED. The President to Be Appealed to to Suppress Alleged Abuses. Anaconda, Mont., Sept. 2.—President Boyce, of the Western Federation of Miners, will immediately appeal to the president in behalf of the imprisoned Coeur d'Alene miners at Wardner. For the last eight days, it is alleged, all the prisoners have been kept on a bread and water diet, and for trivial violations of prison rules have been punished by being obliged to stand for eight hours immovable in the hot sun. Because they refused to work, it is said, the straw has been taken from their backs and they have been compelled to sleep on the bare boards. No tobacco is permitted and no visitors are allowed to speak to the prisoners. It is alleged that the prisoners are breaking down in health, and some, under the sun ordeal, have become crazed. The men have been imprisoned five months without trial.

FRANK R. KANTNER, of Lofty, nominated for County Commissioner by the Republican convention, was born in Cressona and educated in the public schools of that town. He has been engaged in the mercantile business for many years, also in the manufacture of powder. In politics he has always been a Republican. He has represented his party in the county and state conventions on many occasions. He was appointed County Commissioner by the Judges of our county last year, and has made a model official—it is conceded that he has made one of the ablest Commissioners the county ever had, and under the administration of this board of Commissioners, many thousands of dollars have been saved to the county. He was nominated by one of the largest votes ever given to an official when up for re-nomination. It is conceded that he will be elected by at least two thousand majority. He held local office in his township many years and is an active member of many fraternal societies; in short, he is a public spirited gentleman, and is always found among those who are interested in the welfare of his community. He is a veteran of the civil war and a member of the G. A. R. The eastern section of the county, where he resides, will give him a tremendous vote and in the town where he was born his vote will be unanimous.

What a Little Faith Did FOR MRS. ROCKWELL.

LETTER TO MRS. PINKHAM NO. 62,884. "I was a great sufferer from female weakness and had no strength. It was impossible for me to attend to my household duties. I had tried everything and many doctors, but found no relief.

"My sister advised me to try Lydia E. Pinkham's Vegetable Compound, which I did; before using all of one bottle I felt better. I kept on with it and to my great surprise I am cured. All who suffer from female complaints should give it a trial."—MRS. ROCKWELL, 1209 S. DIVISION ST., GRAND RAPIDS, MICH.

From a Grateful Newark Woman. "When I wrote to you I was very sick, had not been well for two years. The doctors did not seem to help me, and one said I could not live three months. I had womb trouble, falling ulcers, kidney and bladder trouble. There seemed to be such a drawing and burning pain in my bowels that I could not rest anywhere. After using Lydia E. Pinkham's Vegetable Compound and Sanative Wash and following your advice, I feel well again and stronger than ever. My bowels feel as if they had been made over new. With many thanks for your help, I remain, L. G., 74 ANN ST., NEWARK, N. J."

Prison Deaths—Temporary Escape. Columbus, O., Oct. 2.—John Johnson, confined in the steel cage at the penitentiary built for him and the other so-called prison "demons" Marshall, Hurley and O'Connell, escaped yesterday from his cell and took a steamer himself under a bunch in the corridor, but was captured. The steel cage was thought to be absolutely safe, there being two sets of doors and two sets of locks, worked only from the outside by levers and bolts. Johnson managed to get at a stick of dynamite the whole system of locks and free himself.

AGUINALDO SNUBBED.

Another Effort to Have His "Government" Recognized.

HIS EMISSARY INTERVIEWED. General Alejandro Asserts That the Filipino Army Can Hold Out Indefinitely Against Sixty Thousand of Our Soldiers, and Gives Reasons.

Manila, Oct. 2.—Aguinaldo's third attempt to snub his difficulties into the hands of opportunity is a repetition of the other side of two, with an impossible endeavor to obtain some sort of recognition of his so-called government.

The Filipino envoys had an hour's conference with General Otis yesterday morning. They brought from Aguinaldo the message that he desired peace and wished to send a civilian governmental commission to discuss the question. General Otis replied that it was impossible for him to recognize Aguinaldo's government in that way.

Another conference will be held today. The envoys will remain two or three days. Their movements are quite unrestricted, but they are under the constant chaperonage of Captain Johnson, of the Sixteenth infantry. Yesterday they visited the hospitals and distributed money among the wounded Filipinos, after which they returned to their hotel.

Their Sunday clothing, through the plaza in front of the hotel all day, stretching their necks to watch the windows for a glimpse of the slower uniforms of the envoys. The assembly finally increased to a thousand people. When the envoys emerged for an afternoon drive the natives removed their hats deferentially, and a crowd in vehicles or on foot, followed the carriage through the streets.

"We desired peace, but peace with independence and honor," said General Alejandro, while conversing with a great representative. He expressed an opinion as dignified as his disposition and as a keen man of the world. He was educated in Europe and designed the remarkable entrenchments from Manila to Tarlac. While reticent concerning his mission, his conversation threw an interesting light on the Filipino view of the American attitude.

"How long can the Filipino army and people withstand 60,000 American troops?" asked the representative of the press. "Fighting in our way, we can maintain a state of war as long as the necessity for a large army of occupation is definitely. You Americans are holding a few miles around Manila, a narrow line of railroad to Amoy and a circle of miles around San Fernando. But you are ignorant of the resources of Luzon. We hold the immense, rich, productive northern country, from which to draw. Our people contribute the money and food which maintain our army, and this is done at a minimum of cost.

"It is an interesting question what the cost to the American people is of maintaining the American troops in the Philippines. We do not of course know the amount, but it must be excessive. We perceive what an American soldier requires in this climate. On the other hand, a Filipino exists with a handful of rice and a pair of human trousers. We do not have to pay our soldiers, and can practically hold up their wages as long as we desire. Even without our present supply of arms and ammunition we could keep our army supplied for years.

"With an expense that grows daily, how long will your people stand it? The Filipino people do not wish to continue the fighting. We have no army contractors. We have no business men making profits from the maintenance of our army. There is nothing in it for us, nor are our salaries large enough to keep us fighting for money and position.

Discussing the question of a recognition by the United States of the so-called Filipino government, General Alejandro said: "The freedom of the American prisoners who have just been turned over to you was decreed by the Filipino congress. Your government has arranged for years, and I will doubtless accept any others that your government may be free." General Alejandro referred to 14 prisoners who were released Saturday.

He inquired concerning the percentage of sick American troops, and when informed said he considered it small. He asked a number of questions indicating a hope of anti-imperialist action.
