INVADED BY NATIVES.

Kaffirs Raiding All Places Where Liquor Is Stored.

PRESIDENT KRUGER VERY WARY

He Will Restrain Any Forward Movement by the Boers Unless They Are Fired Upon or War Is Actually Declared.

London, Oct. 7.—A Johannesburg dispatch says: Thousands of natives have invaded the town, and yesterday the authorities decided to march them under escort out of the country. Thursday night two natives entered a clothing store kept by a Jew and stabbed the proprietor in the neck, severing his windpipe. Two Jewish storekeepers in the East Rand have been murdered by natives, and the Kaffirs are raiding all the places where they think liquor is stored.

The war commission, acting under the government's instructions, yesterday issued an advice to shopkeepers to remove the barricades they have created, on the ground that the government's guarantee of protection ought to be sufficient.

There has been almost a complete dearth of news from South Africa. The few dispatches received recording military movements at various points tend to confirm the belief that President Kruger will restrain any forward movement by the Boers unless they are fired upon or war is actually declared. It is now practically certain that parliament will meet on Oct. 17.

Reserves will be summoned today in sufficient number to bring up a war strength to the regiments warned to hold themselves in readiness for service in South Africa, or about one-sixteenth of the total reserve.

A dispatch from Mafeking announces that Commandant Cronje, of the Boer forces, has been promoted to the rank of general, and is massing 6,000 Boers, with artillery, near Ramathlabama, north of Mafeking. The dispatch adds that General Cronje has sent a message to the camp of the imperial troops that he will cross the border at the first shot fired in Natal.

The Cape Town correspondent of The Daily Mail says: A sensation has been caused here by the report that the Free State government has commandeered 800 tons of coal belonging to the Cape government, which was traversing the Free State. Such a seizure would naturally be regarded as an act of war. J. W. Sauer, the commissioner of public works, when questioned in the assembly regarding the matter, professed ignorance, but it is asserted that the report was telegraphed to the Cape ministry early in the day.

Some surprise is manifested over the report that a large number of British troops are to be landed here instead of at Durban. This is taken to signify that the Transvaal will be invaded from the west, and not from Natal.

McKinley Urged to Offer Arbitration.

New York, Oct. 7.—The petition to President McKinley urging him to offer the friendly services of the United States in mediation between Great Britain and the republics of the Transvaal and the Orange Free State has received the signatures of over 400 representative men, including eighty odd presidents of colleges, fifty church dignitaries, governors of states, mayors of cities, justices of the United States and state courts, senators, congressmen, editors and others conspicuous in public matters, the professions and commerce.

Over Three Hundred Mules Lost.

Manila, Oct. 7.—The United States transport Siam, which left San Francisco Aug. 19 with upwards of 350 valuable mules, arrived yesterday and reported that all but 19 of the animals had been lost in two severe typhoons. The mules were hurled from side to side and frightfully mangled and disemboweled. Their legs and necks were broken, and the wretched animals fell in such a confused mass that the attendants were unable to relieve them. When the storm abated the injured animals were killed and their carcasses thrown overboard.

The Champion Cowboy Rider.

St. Louis, Oct. 7.—A vast concourse of people witnessed the cowboy riding contest yesterday for the championship of the world, given under the auspices of the St. Louis Fair association. Their feats electrified the spectators. One thousand dollars was put up in purses, of which $700 went to the winner. Each man rode two horses. Bruce Norton, of Texas, captured the big prize; Jack Joyce, of Buffalo Bill's Wild West Show, took second money, and Frank Schramm, of California, third.

Accused Bank Cashier Released.

Rossland, B. C., Oct. 7.—Charles A. Hinckley, the bank cashier who was accused of robbing the West Side bank, of New York, of $95,000, is again a free man. The offense was alleged to have been committed in 1884, and it is understood now that others were implicated in the case. County Judge Florin yesterday heard the case and promptly ordered the discharge of the prisoner on the ground that when the offense was committed there was no treaty that covered the case.

UNSANITARY STANDS

Erected For the Great Dewey Celebration in New York.

OWNER "GREASED" INSPECTORS.

By Paying One Inspector $25 and Another $5 He Was Enabled to Continue Business—Policemen Demanded $10 For Protecting a Citizen.

New York, Oct. 7.—The most interesting subject up for discussion at yesterday's session of the Mazet investigating committee was the Dewey parade stands. Dr. Charles F. Roberts, chief sanitary superintendent of the board of health, submitted certain documents showing that the Dewey stands were not constructed in a sanitary fashion. Dr. Roberts submitted certain documents called for in his subpoena. The first of these read was a notification sent to Commissioner Brady, of the building department, and signed by President Murphy, setting forth that there were no retiring rooms for women and children in the Dewey stands, and declaring that at the time of the centennial parade in this city the lives of 500 women and children were lost as the result of having to stay for hours on the stands without such accommodations.

Stephen F. Berry, owner of one of the Dewey parade stands, testified that his partner had settled matters by giving one inspector $5 and another inspector $25. Mr. Berry testified that he had some trouble with the carpenters on Saturday. They made a demonstration and he ran away, pursued by the men and calling "Police." Two policemen came up to him and said they had been sent to protect him. They took him to the Elevated station and then demanded $10. He declined to pay, and they let him go away, with the excited carpenters after him.

The next question brought up before the committee was the projected East river bridges. Attorney Moss hoped to prove that the city would be obliged to buy out private franchises for bridge sites before the public bridges could be constructed to the borough of Brooklyn, but this was denied by Bridge Commissioner Shea.

Peter F. Meyer, a dock commissioner and partner in the real estate business with Richard Croker, created something of a scene by demanding of the committee an immediate hearing, claiming that it was necessary for him to attend a meeting of the dock board. This was denied him, and an exchange of words followed, Mr. Meyer finally leaving the room.

At the afternoon session Park Commissioner George V. Brower was before the committee, and an attempt was made to induce him to explain troubles recently occurring in his department. He declared that he was of revolutionary stock, and consequently would not rob the city. J. Seargeant Cram, president of the dock department, when closely questioned regarding certain asphalt pavements put down by the Uvalde Asphalt company took refuge behind the statement: "If I don't obey the law, there's the grand jury."

The day's proceedings wound up with an attempt to examine Peter F. Meyer, who had again been called into the room and placed on the stand. Mr. Meyer broke out with a passionate objection to being examined by Mr. Moss. He even objected to "having any other reputable man examined by him." He said there was a matter of long standing between them—a personal matter.

This brought Mr. Moss to his feet. The attorney said he had been warned that the next time he put a member of Tammany Hall on the stand his reputation would be ripped up. He asserted that he was willing to have his name blasted tomorrow if only today he could put one of them on the stand. This was his reply to the threat and the warning. The examination then proceeded, the question of why Mr. Meyer voted for the Uvalde paving contracts being first taken up. Mr. Meyer was still on the stand when the committee adjourned for the day.

No Right to Ugliness.

The woman who is lovely in face, form and temper will always have friends, but one who would be attractive must keep her health. If she is weak, sickly and all run down, she will be nervous and irritable. If she has constipation or kidney trouble, her impure blood will cause pimples, blotches, skin eruptions and a wretched complexion. Electric Bitters is the best medicine in the world to regulate stomach, liver and kidneys and to purify the blood. It gives strong nerves, bright eyes, smooth, velvety skin, rich complexion. It will make a good-looking, charming woman of a run-down invalid. Only 50 cents at A. Wasley's drug store.

Father and Daughter Killed.

Jacksonville, Fla., Oct. 7.—While Mr. James J. Evans and his 16-year-old daughter were returning from prayer meeting at Lakeland they were run over by an engine in the yard of the Savannah, Florida and Western railroad. Mr. Evans' body was cut in two. Miss Evans' legs were severed above and below the knee and her skull fractured. She died from her injuries.

Only one remedy in the world that will at once stop itchiness of the skin in any part of the body. Doan's Ointment. At any drug store, 50 cents.

Cleveland Not the Donor.

Princeton, N. J., Oct. 7.—President Patton, in a lecture to the junior class in ethics yesterday, incidentally referred to the gift of $100,000 to the university for the founding of a chair in politics, and he made it plain that ex-President Cleveland is not the donor. Referring to it he said: "The giver of the $100,000 is not the gentleman (meaning Mr. Cleveland) you think he is. The donor requested that his name be withheld from publication, and that is why it has not been announced."

For Obstructing the Yachts' Course.

New York, Oct. 7.—Deputy Collector Phelps, of the law division of the custom house, preferred charges yesterday against the pilots of the steamboats Glen Island and Idlewild for obstructing the course at last Tuesday's yacht race. The steamboat Magenta is also classed among the principal offenders, and the collector of the port of Newark will be asked to prefer charges against her pilot. The British yacht White Ladye cannot be proceeded against.

It was almost a miracle. Burdock Blood Bitters cured me of a terrible breaking out all over the body. I am very grateful." Miss Julia Filbridge, West Cornwell, Conn.

HAILED AS HEROES.

Americans Who Defeated the World at Rapid Bridge Building.

Philadelphia, Oct. 7.—Superintendant Wennas, of the Pencoyd iron works, of this city, and the seven skilled iron workers who accompanied him to Egypt to erect the bridge over Athara river, in the Soudan, arrived in New York Thursday evening on the steamship Servia and were given a royal welcome when they reached the Pencoyd works yesterday. They are looked upon as heroes by their thousands of fellow workmen, and the whole force turned out to greet them. Work was suspended, whistles were blown and quite a demonstration was made. The rapidity of the completion of the Atabara bridge by the Pencoyd company has attracted the attention of the world, though Superintendent Wennas remarked that he did not regard the achievement as a great one. He said that if he could have had a big force of American helpers to assist him in the erection of the bridge, instead of the convicts, the only help available, he could have finished the work even quicker than it was done.

The English government wanted a steel bridge built for its military road in Egypt, and wanted it built in a hurry. No English or European constructors could be found with capacity or sufficient energetic action to undertake the work, and the Pencoyd company took the contract on Feb. 6 last. The structural parts of the seven spans, each 150 feet long, weighing 650 tons, and the cylinder caps, weighing 64 tons, were rapidly prepared and were shipped from New York April 20. The material arrived at its destination in the latter part of May. Superintendent Wennas and his seven skilled assistants were on hand, and in two months after their arrival the completed structure was turned over to the English government, an almost unprecedented piece of engineering enterprise.

What a brute! That is what is said of the man who abuses his horse, but the man who abuses his body finds help and encouragement on every side. His mother makes him some of that good old-fashioned mince pie, his daughter gives him hot bis-

cuit, and his wife follows with delicious ice cream. Presently the man has that unpleasant feeling in the stomach which is the beginning of a dyspeptic condition. His nerves become unstrung, and he makes mother, wife and daughter miserable with his moodiness. His liver is torpid. His blood is being poisoned by the impurities which the broken-down organs are incapable of taking care of. He is in just the condition to receive the germs of any disease. He is a shining mark for the germs of consumption. To that disease too, he becomes a victim one day or another, unless saved by the use of such a remedy as Dr. Pierce's Golden Medical Discovery. This will put him on his feet again. It is a tonic and appetizer, a blood purifier, a liver invigorator, a nerve restorer, a strengthener for the weak, a cure for weak and bleeding lungs, bronchitis, lingering cough and kindred ailments, which if neglected or improperly treated lead up to consumption. Perhaps you think no medicine can cure so many ailments, but when you remember that all these diseases start in the stomach and nutritive system, and that "Golden Medical Discovery" corrects that fault or derangement at the starting point, it isn't so strange after all that it does so much.

Mrs. Ellen E. Bacon, of Shutesbury, Franklin Co., Mass., writes: "I firmly believe I should be in a very bad state now if I had not taken Dr. Pierce's Golden Medical Discovery. Prior to September 1897, I had doctored for my stomach trouble for several years, going through a course of treatment without any real benefit. In September 1897 I had very sick spells and grew worse; could eat but little. I commenced in September 1897 to take the 'Golden Medical Discovery' and in a short time I could eat and work. I have gained twenty pounds in two months."
