PREPARING FOR BATTLE

Britons as Active as Though War Had Been Declared.

CONCENTRATING TRANSPORTS.

Twenty-four at Liverpool Alone, Ready to Start With Troops For South Africa—Twenty-five Thousand Reserves Called Upon.

London, Oct. 9.—Whatever may be the result of Great Britain's controversy with the South African republic, every department of the government today is as busy as though actual hostilities had begun. The electric flash that announced the mobilization of the army reserves and the summoning of parliament set every wheel of the government machinery in motion. An hour after The Gazette appeared executive orders were being dispatched from the war office to every section of the kingdom, and the 10,000 bulletins which appeared posted throughout the country yesterday are said to have been identical with the proclamation prepared for use had the Fashoda incident required such a step.

At the same time Lord Salisbury and Mr. Balfour were issuing the necessary orders for the reassembling of parliament, and the admiralty was concentrating its transports, 24 of which are now secured at Liverpool alone. So complete were the preparations that 25,000 reserves have already individually received coupon tickets which contain instructions where each man shall report for railway transportation to the place designated, and a motor order for three shillings for provisions en route.

At Woolwich it was asserted that 95 per cent of the reserves would be fully equipped within six days. In the meantime the members of the two houses of parliament are arranging to return to London, and a force of men is busily engaged in completing the improvements at Westminster.

The most important news from South Africa comes from Mafeking, where twice on Saturday the British camp was aroused, the men stood to their arms, guns were limbered and patrols were dispatched in the direction of the border. No hostilities have occurred as yet, but the enemy has moved practically to the border, eight miles from Mafeking, in force estimated at least 6,000, comprising five commandos. The garrisoning and fortifying of the town are practically completed. The streets are barricaded and a perfect system of mines has been laid. Two armored trains have arrived at Mafeking, consisting of three bullet proof cars, the first of which carries a searchlight, while the sides of the other cars are loopholed. Each train is complete in itself, and carries its own provisions. Experiment with Lyddite in the mines proves that it is an extremely powerful explosive.

Colonel Robert Stephenson Smyth-Powell, commanding the Fifth Dragoon guards, has issued a notice that the Boers who are massed on the Natal and Bechuanaland frontiers have orders not to fire until the British begin, and that the town is well prepared for eventualities, but, as the Boers may shell the place, every endeavor should be made to safeguard the women and children.

An armor train was inspected at Kimberley Saturday. A signal station has been erected with a conning tower at the top, 130 feet above the tracks. Communication by telephone is had with a central office and signals are given to the troops by flag. By this means maneuvers were successfully conducted Saturday. The troops numbered 3,000, including the bicycle corps. A dispatch from Kimberley to the Cape Argus says that 3,000 Boers are encamped midway between Boshof and Kimberley. They are well armed and great religious fervor is shown in the camp. The Boers, however, are chafing under the delay. They patrol the border nightly and have been ordered not to permit a British uniform to approach the frontier.

The correspondent of The Times at Lobatsi telegraphs: "I crossed the border incognito to near Mafeking and went among the Boers and talked to them in their own language. They said: 'The English want to entice us to the Natal border, and then, if all our forces are there, they will enter from Mafeking and Vryburg, but we are too astute to be caught. We do not intend to attack first, but will attack the British if war is declared. We do not trust Joubert. He wants peace. Viljoen will be better.'"

"If they could be persuaded that England does not desire to undermine their independence peace might be possible, but they call you a fool if you make such a statement."
The Cape Town correspondent of The Daily Mail declares that the story that a Boer ultimatum demanding the withdrawal of the British troops from the frontiers had been presented is without foundation, but he says the republics have within the past week demanded a declaration of the British intentions in threatening terms. Hostilities in the outlying districts, the correspondent says, are expected this week.

NEW YORK BAY PIRATES

Things Who Run a Gambling Steamboat Held For Trial.
New York, Oct. 9.—Thirteen men alleged to have been active participants in the riot which occurred Saturday aboard the Philadelphia steamboat Georgetown in the waters of New York harbor were arraigned yesterday before a city magistrate.

Captain C. A. O. Norton, of Hartford, Conn., who organized the committee of passengers which took possession of the steamboat and held the gang of gamblers and blacklegs at bay until the boat reached her pier, was present to prosecute the man who had stabbed at him and threatened to throw him overboard. With him were several other passengers.

The prisoners were Captain Alexander Sterck, of the Georgetown; his pilots, Henry B. Post and Daniel Brown, and Charles Berry, who had chartered the boat, and the other alleged gamblers, Edward P. Sherman, Frank Jones, John Willis, George Lyons, Charles Baldwin, William Sims, William H. Cutler, Robert Stone and James Martin.

Captain Norton told the story of the affair in a few words. He declared that the boat was advertised to take passengers to the race for \$1. At the last moment everybody on the pier was invited to take a free ride, and the boat started with 600 passengers. As soon as the boat was under way, sorts of gambling games were started up, while an attempt was made to follow the races. The respectable passengers held a meeting, took possession of the boat, signaled for the police, and in defending their signal there was some pistol fighting, during which many pockets were picked. It was testified that the gamblers forcibly robbed passengers of their watches, jewelry and pocketbooks and escaped before the police boat came alongside. It is asserted that the thugs got from \$4,000 to \$5,000.

The evidence showed that Charles Berry, the alleged leader of the gang, was a desperate character, and that he knifed Captain Norton's coat with a slash in the effort to stab him. Berry, who denied the accusation, was held in \$2,000 bail for further examination on Wednesday. Edward P. Sherman, charged with splitting open the scalp of Peter Perdue, of Brooklyn, was held in \$1,000 bail for examination on the same day.

Captain Sterck was fined \$10, and as the witnesses said that the pilots had behaved themselves during the whole of the excitement, they were discharged.

THE SUNG and PIRENAN DROWNED.
Duluth, Minn., Oct. 9.—The Bessemer boat John Nelson ran down her tug, the Record, of the Great Lakes Towing company's fleet, here yesterday, drowning Harry Ellis, fireman. Ellis was asleep in his bunk when the accident happened. The rest of the crew took to the life raft. The Record was sunk a year ago by the Bessemer steamship Robert Fulton. Three of her crew were drowned in that accident.

LAURIER CRITICIZES HARLAN.
Canada's Premier Declares the British System of Government Superior.
Chicago, Oct. 9.—Sir Wilfrid Laurier, premier of Canada, was yesterday formally welcomed to Chicago by the French-Canadians of the city at a meeting in Studebaker Hall. After he had responded in French a man in the center of the hall arose and asked the speaker to say something in English. In response the premier spoke as follows:

"I will give you the reason why I cannot answer that invitation as I would wish. In the month of January last I was in the city of Washington, acting as British commissioner to endeavor to settle certain difficulties which we had with our American neighbors. Incidentally, I may say, ladies and gentlemen, that even in the best of families little quarrels sometimes occur, and it so happens that at this moment there are not what I would call a quarrel, but a number of difficulties, among them the Alaskan boundary question. While endeavoring to settle these difficulties in Washington I attended a demonstration very much of the character of the present one. I heard one of the justices of the supreme court state that the American system of government was superior to all other systems, because it was a government by law.

"Let me say that I am a Canadian—I am a British subject. I have great admiration for the American constitution and system of government, but this is a free country, where liberty of speech prevails. Therefore, if I had had the pleasure of being able to speak my mind I would have told Mr. Justice Harlan, for he was the justice to whom I referred, that the British system of government is superior to the American. But as has already been said, Americans are governed by law, and that being so we must obey the law, and the law today is that I am not to speak the English language, but to speak it tomorrow."

No Right to Utterance.
The woman who is lovely in face, form and temper will always have friends, but one who would be attractive must keep her health. If she is weak, sickly and all run down, she will be nervous and irritable. If she has constipation or kidney trouble, her impure blood will cause pimples, blotches, skin eruptions and a wretched complexion. Electric Bitters is the best medicine in the world to regulate stomach, liver and kidneys and to purify the blood. It gives strong nerves, bright eyes, smooth, velvety skin, rich complexion. It will make a good-looking, charming woman of a run-down invalid. Only 50 cents at A. Wasley's drug store.

Bridge Jumper's Fatal Dive.
Uhrichville, O., Oct. 9.—J. Brady, a bridge jumper, of Pittsburgh, traveling with a wild west show, was fatally injured in making a high dive at Strasburg Saturday. His head struck the bottom of the tank, rendering him unconscious, and he was dragged out of the water by his pet Newfoundland dog. Brady is paralyzed, and the doctors say he will die.

Only one remedy in the world that will at once stop itching of the skin in any part of the body. Doan's Ointment. At any drug store, 50 cents.

No Plans Will Contest.
New Haven, Conn., Oct. 9.—Judge Lynde Harrison, one of the executors of the will of the late Henry B. Plant, of New York, is authority for the statement that no proceedings have been taken before the probate court or by appeal to the superior court to attack the will. He stated, however, that he had heard that the widow was dissatisfied and that it was her opinion as a widow she was entitled to a larger portion of the estate than she receives under the will. Judge Harrison also stated that Morton Plant, the stepson, had never said anything to him indicating that he is dissatisfied in any manner with the provisions made for him in the will.

HIGHEST PRAISE.

Some Shenandoah Citizens Grow Enthusiastic on the Subject.

The praise of the public is merit's just reward. Nothing in modern times has received the praise accorded "The Little Conqueror."
Of some kinds of praise we are skeptical. We doubt the praise of strangers. The highest praise for Shenandoah public is hearty expression from Shenandoah people.
Doan's Kidney Pills are endorsed in Shenandoah.
No better proof of merit can be had. Here's a case of it. We have plenty more like it.

Mr. Andrew Kilgore, of 235 East Lloyd street, says: "I had trouble with my kidneys and a lameness across my back. If I sat awhile I became very lame and stiff and standing caused my back to ache. If I stooped sharp pains caught me and when attempting to lift anything there were severe twinges through me. Doan's Kidney Pills procured at Kirilin's pharmacy promptly stopped all that. I think there are many who suffer from lameness and did they but get Doan's Kidney Pills they would find positive relief as I did."

Doan's Kidney Pills for sale by all dealers. Price 50 cents. Mailed by Foster-Milburn Co., Buffalo, N. Y. Sole agents for the U. S. Remember the name Doan's and take no other.
