THAT RAILWAY GRADE.

Discussed At a Special Meeting of Council Last Night.

The Borough Council held a special meeting last night to discuss the problem presented by the laying of the Schuylkill Traction Company's track on North Main street. The street paving contractor has been obliged to suspend work between Lloyd and Coal streets on account of the track being slightly above grade.

The Councilmen in attendance were Messrs. McGuire, Coakley, Brennan, Bell, Hand, Boehm, Murphy, Harkins, Neusewenter, Straughn and Shoemaker.

Borough Surveyor Gregory stated that the track has been laid three inches above grade at the northern side of Lloyd street and ranges down to two degrees at the southern line of Coal street. At the curve the track is at grade. The track was laid as it is to give it an even pitch from Lloyd to Coal streets. Mr. Gregory said nobody would be injured if the track should be allowed to remain as it is, as the curb would not be interfered with on either side. Should the proper grade be followed the track would be a "slab" between Lloyd and Coal streets, and should Council insist upon the track going down to grade it would be necessary to take up over 300 feet of concrete on the west side of the street, but to leave the track as it is would only be a question of filling up on the side to a distance of about 120 feet and the material is to be taken from Centre street could be used.

President McGuire asked who was responsible for the condition of the track and Mr. Gregory replied that previous to the laying of the track he had given the track foreman the floor and subsequently he was told that the contractor should have been guided by the borough grade, and not that fixed by the track.

Mr. Bell moved that the railway be put at the established grade from Lloyd to Coal and Mr. Straughn moved, as a substitute, that the track remain in its present condition and the matter of filling up be left in the hands of the street committee with power to act.

President McGuire declared Mr. Straughn's motion out of order on the ground that the borough ordinance provides that the track must be laid to grade and any expense in that direction must be sustained by the railway company. Mr. Bell's motion was then put and defeated.

Mr. Straughn said he was opposed to any measure that tended to delay the street paving and renewed his motion that the track remain as laid and the question of filling one side of the street be left in the hands of the street committee with power to act. A vote was taken and the motion was carried, Messrs. McGuire, Bell and Brennan requesting to be recorded as voting in the negative, and Mr. Straughn asking to be recorded as in the affirmative. Council then adjourned.

Mr. Titman's Fast Team.

Many people of Shenandoah and vicinity will be disappointed to learn that the crack road team, Cleovis and Maryland, Boy, will not appear at the Blue Bell race as was previously announced they would. This is no fault of the owner, who was anxious that the team should appear there, but is due to the fair managers. This is a remarkable fast team and is valued at \$10,000. Cleovis, bred by Carbridge, has a mark of 2:24, and Maryland Boy, bred by Wilkes, has a record of 2:23. Last week at Waverly they made the remarkable fast time of 2:20. They will appear at the Empire City track next week and it is expected they will lower that record.

THE MANILA HEROES WILL COME TO-NIGHT.

The Officers and Privates of the "Fighting Tenth."

Arrangements Made For an Outpouring of the People To-Night to Give Them the Reception They so Richly Deserve—Great Meeting to be Held at Ferguson's Theatre.

When the gallant Tenth Pennsylvania Volunteers reached California on their return from a most successful and bravely fought campaign in the Philippines the United States was astir from ocean to ocean and lakes to gulfs in eagerness to express their appreciation and admiration of the returning heroes. San Francisco bubbled with a spirit of patriotism unrequaled on any preceding occasion since the days of the Rebellion, and the receptions and ovations accorded the heroes as they traveled across the continent to their homes in the east were of a most enthusiastic character, culminating in a demonstration at Pittsburgh that excited in warmth of loyalty and admiration any attempt ever made by the patriotic people of that city. When this tour of glory was in progress thousands of people who could not find it convenient to reach the point of triumphal march were smitten by a feeling of deepest regret that they, too, could not be among the cheering thousands who had the honor of welcoming the brave boys from Luzon.

The people of Shenandoah will to-night have an opportunity to make up for what they missed in not being able to attend any of the demonstrations referred to among the cheering thousands who had the honor of welcoming the brave boys from Luzon.

The officers and privates of the "Fighting Tenth," will visit Shenandoah

to-night and there will be a general outpouring of the people to give them the reception they so richly deserve. None in the recent past have fought more bravely and conscientiously than these volunteers and it will be an honor to grasp the hand of such gallant soldiers.

Besides the Tenth Regiment Glee Club there is included in the party: Major and Surgeon George W. Neff, of Masontown.

Lieutenant Blaine Aiken, of Washington. Quartermaster E. B. McCormick, of Greensburg.

Adjutant Oliver S. Scott, of Monongahela City. Corporal William T. Dom, of Greensburg. Private Alexander B. Young, of Prosperity. Private Charles B. Playford, of Uniontown.

Bugler Herbert N. Smith, of Mount Pleasant. And a glee club under the leadership of Corporal Wilbur Harris, of New Brighton.

A distinguished addition to the party is Major J. N. Killian, of the First Nebraska, which was in the same brigade as the Tenth at Manila, under command of General Hale. Arrangements for the reception of the distinguished party were perfected last night. The arrival is expected at the P. & R. railway station at 9 p. m. At 5:30 the escorting party will march from Robbins' opera house, on North Main street, headed by the Grand band and proceed to the depot. The visitors will then be escorted to the Hotel Ferguson, where they will hold an informal reception until the time for departure to Ferguson's theatre, where there will be a grand meeting. They will make addresses, which will be interspersed with singing by the Tenth Regiment Glee Club.

These heroes will be here this evening only, and but one opportunity will be afforded the people of Shenandoah to greet

him and his distinguished party. Let the loyal spirit prevail to-night and let the people of Shenandoah bestow honor to them to whom honor is due.

A meeting was held in Robbins' hall last night to perfect the arrangements for the reception and the following list of officers for the meeting in Ferguson's theatre was arranged: Chairman, W. H. FIGHTING NEAR MANILA

Insurgents Fire on Our Troops Near Laloma Church.

THE REBELS RETREAT, AS USUAL

General Schwan's Column Steadily Advancing on San Francisco de Malabon, the Insurgent Stronghold in the Province of Cavite.

Manila, Oct. 10.—Yesterday afternoon a body of insurgents was seen near Laloma church, four miles from the heart of Manila. They opened fire, the bullets falling among the tents of the Twenty-fifth infantry.

The Americans manned the trenches and replied at a range of 1,500 yards. The insurgents volleyed and the Americans used their artillery.

The fight lasted an hour, after which the insurgents retreated. One American was wounded.

General Schwan's column, consisting of the Thirtieth infantry, a battalion of the Fourteenth infantry, two troops of cavalry, Captain Ridley's battery of the Fifth artillery and Lowe's scouts, continued the advance towards San Francisco de Malabon, meeting with little resistance and suffering no casualties. The enemy fell back steadily.

The Americans camped last night within sight of San Francisco de Malabon, the stronghold of the insurgents in the province of Cavite, where the Filipinos are said to number 6,000.

During the march from Novleta to Rosario only a few shots were fired. This large coast town was literally filled with white flags. The Americans captured 200 or 300 men, many of the Filipinos changing their clothing for white costumes. The Bay of Rosario was filled with hundreds of boats, in which the people had spent an exciting night.

An expedition composed of the United States gunboats Callan and Manila, with an armor plate boat and steam pump, has left Cavite for the River Pasig, or Betis, which empties into Manila bay, on the north side, with a view of raising the Spanish river gunboat Ayat, purposely sunk in the river by the Spaniards, which is reported to be in good condition. The United States gunboat Helena, with a body of marines from the Baltimore, preceded the expedition to make soundings at the mouth of the river.

The New Telephone Company. From Ashland Telegram.

The Schuylkill Telephone Company's new line was opened up and a test made. The connection was made at Market street with the line of the Shamokin Valley Telephone Company, and the several towns along their system, were called up and conversations carried on in a very satisfactory manner.

The entire distance over which conversation was held was 64 miles, and it was very distinct. It is expected that the line will be formally opened here this week. The exchange will probably be located on the third floor of the Marr block. The evening Telegram office will be connected with the new line, which will have at least forty subscribers in Ashland.
