### FROM THE SANCTUARY.

Bugle Blasts From Leading Republican Editors of Pennsylvania.

THEY POINT THE WAY.

Terse and Timely Comment Upon the Issues of the Day From Different Sections of the Commonwealth.

"Industrial establishments of all kinds, the great majority of which were idle at the time of the inauguration of Mr. McKinley as president," declares the Norristown (Montgomery county) Daily Herald, "are now busily engaged in making goods which are being shipped to other countries, thereby affording profitable employment for labor, which is just what is desired. It would be a very strange blunder on the part of workmen to ignore these quiet and vote the Democratic ticket, thus endangering the excellent prospects they now enjoy."

"This is a blunder they are not at all likely to make. They have no desire to restore the discredited Democratic party to power. Business is active, capital has confidence in the administration, labor is reaping the benefit in abundant employment at fair wages. The intelligent laboring man will not vote to return to the privation, poverty and hard times of three or four years preceding the advent of the Republican party to power."

"The country cannot afford to try any doubtful experiments, either now or next year. Workmen cannot afford to run the risk of loss of employment by voting the Democratic ticket. The Republican party has well reasoned its promises and it will receive a vote of confidence therefore."

**IN BUSINESS FOR THEMSELVES.**  
"It is not very remarkable that the Democratic leaders are today advocating in favor of fusion," says the Doylestown (Bucks county) Daily Republican. "They hope to be the gainers thereby. That's the whole matter in a nutshell. The Democrats never want fusion unless they see some benefit to their own party. The successful candidate must be a Republican. No fusion under those circumstances. The state leaders positively forbid it. Now, however, they counsel fusion wherever there is an opportunity to gain something or a possibility of winning with the aid of the votes of other parties. The Democratic party is in a business for what there is in it for themselves."

**LESSON FOR REPUBLICANS.**  
"Montgomery Democrats have no show of late years," says the Norristown (Montgomery county) Daily Herald, "except when their Republican opponents are divided, as in 1898, when two legislative tickets were presented for Republican support, and a Democratic senator and three assemblymen were chosen. Last year's experience had its lesson for Republicans, and there is no repetition of the tactics which benefited the Democracy at that time. The history of the Republican councils this year leaves Democracy without a shadow of hope on election day. Every Republican should regard it as his duty to assist in making his party's majority as large as possible."

**FOR PARTY UNITY.**  
"Good Republicans are tired of factional politics. They want to give attention to higher and broader issues. They want to prepare for the national election, more important than 50 senators, for it involves the administration of the government for four years to come. They want their party united, and they want men to represent them who are in favor of uniting it," says the Bryn Mawr (Montgomery county) Home News. "We look forward, not backward, and our hope is that the near future will bring complete party unity in Pennsylvania."

"In this year of Republican prosperity every Republican wants to go to the polls and vote the straight ticket for 'our' party," remarks the Greensburg (Westmoreland county) Press.

**LOOKING BACKWARD.**  
"The remarkable development of the state of Pennsylvania in the past 25 years is an everlasting monument in commemoration of the Republican doctrine of American protection," declares the Jeannette (Westmoreland county) Dispatch. "Its shadow extends to the remotest part of the state. In the gratefulness of its noon tide today the American workman sits shadowed by the sun, and eating his dinner from the best filled platters he ever enjoyed. In this shadow, in peace and comfort, and in hearty content, he eats his fill and with renewed strength and courage completes his task for today, and goes to his home assured that the same shadow awaits his return on the morrow, and the next day, and the next, and so on, so long as the American people remain true to the Republican doctrine of American protection."

"There is no county in the state that is benefited more by the supremacy of this doctrine of protection than has Westmoreland county. It has made our county great among the greatest. In the face of these facts and in the full enjoyment of the shade of this movement our duty is clear. Our Democratic friends would have us believe that these principles are not an issue in this campaign, and that the issues now in question are purely local. Do not be deluded in this way. The successful man in business keeps a close watch on the future. To avoid danger he looks ahead. A Republican candidate in this county and state at this coming election may prove a disastrous calamity. Republicans cannot afford to take a backward step in this march of progress. The question of protection and free trade is always an issue. The Democratic party is now as always, in favor of free trade."

**GUFFEY'S GAME.**  
"Guffey, the boss of the Pennsylvania Democracy, is encouraging and aiding the fusion movement in Chester county," says the Mount Union News. "and it is announced by his party, probably by his authority, that he will direct his efforts next year towards effecting such combinations in all the counties of the state, with a view of electing a legislature that will defeat a Republican for United States senator, and choose a Democrat vice-

### STUBBY GUFFEY HIMSELF.

Under the false pretense of 'state issues' and 'reform' he is hatching his politics to catch Republicans whose schemes are thin and adulterated, and to divide and weaken their party in a campaign in which not only the senatorship, but congress and presidency will be depending. The success of Guffey's fusion plans means a worse boss in control of Pennsylvania politics than any that has ever been complained of in the Republican party."
