PIANO TALK!

We have added to our list of Piano Agencies that of Behr Bros. & Co., of New York. Their first instrument in town is now on exhibition at our warerooms, and we invite the public to come and inspect it. It is an upright instrument and is manufactured by the firm that introduced the "Muffler," which is also shown in this piano. They are sold by all the prominent dealers in the country as a "leader." These pianos have a deserved reputation for their full, pure and sweet tone, and their great reliability and artistic case work. To the purchaser of this instrument a great reduction in price will be made to introduce it.

Elizabeth, N. J., Oct. 14.—The funeral of Seth Lovell, a noted gypsy chief and the eldest son of the late Queen Rosecco Lovell, of the tribe of that name, was held with ample services at the gypsy encampment near Waverly yesterday. The chief died in Philadelphia on Monday, and since Wednesday has lain in state in the large central tent of the gypsy encampment, where his remains were viewed by hundreds of gypsies who had traveled in some cases many miles for that purpose. At the funeral Rev. E. B. Cobb, of the Second Presbyterian church, officiated. The body lay in a heavy black ebony casket, with elaborate silver mountings. At the head stood a tall gypsy and at the head another stood. There were no gypsy ceremonies.

Followers of Jimenez Released.
Santiago de Cuba, Oct. 14.—A party of 32 Dominicans who had been confined at Haracan for two months were released Thursday and arrived here yesterday. They were members of the Jimenez expedition, which was captured because its object was not concealed, as the members had been assured that the Americans were favorable to their movement. The two months spent in jail has had a terrible effect upon the party. One of the members is dead and several have become invalids. The Dominicans are very bitter against the Americans, and declare that their imprisonment was worse than any Spanish outrage. General Wood frequently recommended that they be released, but the authorities at Havana prohibited such action.
