PIANO TALK!

We have added to our list of Piano Agencies that of Behr Bros. & Co., of New York. Their first instrument in town is now on exhibition at our warehouses, and we invite the public to come and inspect it. It is an upright instrument and is manufactured by the firm that introduced the "Muffler" which is also shown in this piano. They are sold by all the prominent dealers in the country as a "leader." These pianos have a deserved reputation for their full, pure and sweet tone, and their great reliability and artistic case work. To the purchaser of this instrument a great reduction in price will be made to introduce it.

Fame and Excellence are Determining Factors in Successful Development.

In presenting interesting phases of scientific and economic problems, high-class newspapers frequently give information of as great value in their advertising columns as in those devoted to the publication of the principal events of the day; and when the fame of a product is extended beyond its natural limits into foreign lands, and a large demand created throughout Great Britain and her Colonies and the principal sea-ports and cities of Europe, and America, it becomes a pleasant duty to note the fact and to tell of the points of excellence on which so great a success is based. We refer to the now world-famed laxative remedy, Syrup of Figs, the product of the California Fig Syrup Company. The merits of this well-known and excellent laxative were first made known to the world through the medical journals and newspapers of the United States; and is one of the distinct achievements of the press. It is now well known that Syrup of Figs is an ethical proprietary remedy, approved by the most eminent physicians everywhere, because it is simple and effective, yet pleasant to the taste and acceptable to the system, and not only prompt in its beneficial effects, but also wholly free from any unpleasant after-effects. It is frequently referred to as the remedy of the healthy, because it is used by people who enjoy good health and who live well and feel well and are well informed on all subjects generally, including laxatives. In order to get the full beneficial effects, it is necessary to get the genuine Syrup of Figs, which is manufactured by the California Fig Syrup Co. only.

House, and indorsed by Senator Flinn. The first suit is against Mr. Flinn, to recover \$118,000, with interest. The second suit is against James J. Booth and William Flinn, partners in the firm of Booth & Flinn, to recover the same amount of money. The third suit is against William C. Moreland, W. H.
