OUR COUNTRY: First, Last and Forever,

Evidence of a Clan's Worth,

It is amusing in the extreme to watch the efforts of the Democratic press to bolster up the candidates of that party and to close the eyes of the people to the facts. Especially is this true in perusing the editorial articles appearing in the Pottsville Chronicle. Last evening our contemporary was sufficiently bold to present the name of the Democratic candidate for Recorder, and those of our readers who know the manager of the Chronicle and the candidate for Recorder, and their political relations in the past, especially so at the time that a vacancy existed on the Board of County Commissioners, will accept the Chronicle's opinion in stomach and bowels. the light of "campaign literature." The Chronicle editor's opinion of Mr. Joseph Nichter, the Democratic candidate for Recorder, at the time mentioned, would hardly look well in print, neither would it add to the latter's "popularity and worth."

After burdening its readers with a short biography of Mr. Nichter, the Chronicle boldly asserts that "the best evidence of a man's worth is the regard in which he is held by his immediate neighbors." We fully agree with our contemporary. Now let us see what the neighbors of Mr. Nichter think of him. When a vacancy existed on the Board of County Commissioners there were a number of Democratic applicants, prominent among them being our friend of the Chronicle, and Mr. Joseph Nichter.

It was generally believed that the present Democratic candidate for Recorder was slated for the position. Did Mr. Nichter's "immediate neighbors" rally to his support and urge his appointment? Did they regard him as embodying those qualifications that make an efficient public servant? We think not, and if the Chronicle will jog its memory a little it will of whom will die, were burned at the bear us out in this statement. It will also remember that Mr. Nichter's Baxter and Thorval Nelson. The mer application for the appointment was were working in a pit engaged in withdrawn. Why?

Will our contemporary answer that question, and be fair to its readers ? BATTLE WITH MUSERATS.

The Thrilling Adventure of a Chicago Reed Bird Hunter.

Chicago, Oct. 31.—Bleeding from a core of wounds J. J. Geraghty, a police operator in South Chicago, yesterday reached his home and told a strange story of an attack on himself and dog by a horde of muskrats in the swamp along the Calumet river. Geraghty entered the swamp early in the morning to hunt for reed birds. His dog, a magnificent Gordon setter, accompanied him. Shortly after noon he started for home. Buddenly the barking of his dog startled him, and he ran forward to find the animal literally overed with muskrats, who were fighting desperately, biting and squeal-ing like mad. They nipped at the dog's eyes and caught his tongue in their sharp teeth.
