KILLING OFF FILIPINOS.

Colonel Bell Scouring the Country
About Bacolor Daily.

SPANISH COMMISSION RETURNS.

Again at Angeles After an Unsuccess-
ful Effort to Secure the Release of
Spanish Prisoners—American Prison-
ers Well Treated, Spaniards Abused.

Manila, Oct. 31.—Three companies of
Colonel Bell's regiment have had two
encounters with the insurgents near
Laham, and scattered them. The in-
surgents left four officers and eight
men dead on the field and the Ameri-
cans captured three prisoners and sev-
eral guns. On the American side one
man was killed and two officers and
six men wounded.

Captain French took a reconnoiter-
ing party beyond Laham after he had
met the enemy, and was reinforced by
Major Bishop with two companies. The
insurgents brought up cavalry re-
forcements, and there was a second
fight, during which their leader, Major
Salvador, was killed and many were
wounded and carried away.

Colonel Bell has been given a free
hand around Bacolor. He has 60
mounted men scouring the country
daily, and they are killing many Fili-
pinos in skirmishes.

Major Ballance's battalion of the
Twenty-second Infantry entered Ca-
banatuan yesterday, meeting with no
resistance. The natives welcomed the
Americans, shouting "Viva Los American-
os." The insurgent troops had fled to
the mountains.

The Spanish commission which en-
tered the insurgent lines a month ago
with money to relieve the wants of
several thousand military and civil
Spanish prisoners returned to Angeles
yesterday. The commissioners report
that they spent most of the time in
Tarlac and the vicinity, where there
are some 200 sick Spaniards in the
hospital. The Filipinos ill treated and
fed them refusing to surrender them,
as well as the other Spanish prisoners.
In the hope of compelling Spain to
recognize the independence of the islands.

From Tarlac to Bataan, about two-
thirds of the way, the commissioners
traveled by train. The remainder of
the journey, from Bataan to Angeles,
they made on foot, escorted by hand-
somerly mounted Filipino cavalry.

There are 14 American prisoners, they
say, at Tarlac, all of whom are well
treated. Lieutenant J. C. Gill-
more, of the United States gunboat
Yorktown, who fell into the hands of
the insurgents at Baler, on the east
coast of Luzon, last April, is at Bina-
ngonan, where he is being treated.

The commissioners have brought a
letter to General Otis from a relative
of the murdered Filipino General Luna,
who wishes to avenging the assassina-
tion by Aguinaldo's officers, and who
asks a personal interview with the
military governor.

According to the commissioners' statement Aguinaldo, who is still at
Tarlac with 3,000 troops, wishes to
continue the war, although he has a
high opinion of the American officers
and soldiers. General Lawton he calls
"the night general," because that gen-
eral has attacked him so often in the
darkness that he never knows when
to look for him.

Aguinaldo is said to be well supplied
with arms and ammunition, and he
is able to get plenty of rice from the
northern provinces.

With the Spanish commissioners
came a large number of women, the
families of eight prominent officers of
the Filipino army, who recently ap-
plied to General Otis for permission
to send their families to Manila. Gen-
eral MacArthur compelled them to halt
about a mile beyond the outposts, where
they will remain while their
credentials are being examined.

Robbed the Grave

A startling incident of which Mr. John
Oliver of Philadelphia was the subject, is
narrated by him as follows: "I was in a most
dreadful condition. My skin was almost
yellow, eyes sunken, tongue coated, pain
continually in back and sides, no appetite,
gradually growing weaker day by day.
Three physicians had given me up. Fortu-
nately, a friend advised trying 'Electric
Bitters,' and to my great joy and surprise,
the first bottle made a decided improvement.
I continued to use them for three weeks, and
am now a well man. I know they saved my
life, and robbed the grave of another victim."
No one should fail to try them. Only 50
cents per bottle at A. Waseley's drug store.

Discovered Orders and Met Death.

Terre Haute, Ind., Oct. 31.—An elec-
tric spark from a switchboard at the
Indiana Water company's plant at
Cortina, this country, ignited some
powder on the clothing of Samuel King
and Alfred McBride, burning both to
death. Dyke Overly was badly burned,
but will recover. The men went
into the motor house of the plant con-
trary to orders.

Girl Workers on Strike.

East Liverpool, O., Oct. 31.—Seven
hundred girls employed in the biscuit
warehouses, dipping and stamping de-
partments of many of every pottery in
the city struck yesterday for higher
wages. One or two of the smaller
firms are willing to grant the demands
of the strikers.

The Kind You Have Always Bought

Two Victims of a Duell

Valparaiso, Oct. 31.—The sudden
death last week of Senator Ramon Gar-
za, director general of railways, and
of Senator Gregorio Planchet, minister
of industry and public works, under
mysterious conditions, caused a great
sensation. In both cases the medical
authorities certified that death was due
to pneumonia. It is rumored, how-
ever, that both succumbed to wounds
received in a duel with swords, con-
ducted in the most barbarous fashion,
neither having any knowledge of
fencing.

Does Coffee Agree With You?

If not, drink Grain-O—made from pure
grains. A lady writes: "The first time I
made Grain O I did not like it but after using
it for one week nothing would induce me to go
back to coffee." It nourishes and feeds the
system. The children can drink it freely
with great benefit. It is the strengthening
substance of pure grains. Get a package to-
day from your grocer, follow the directions
in making it and you will have a delicious and
healthful table beverage for old and young.

REVERSE FOR BRITONS.

General White's Attack on the
Boers Was Ineffective.

SEVERAL HOURS OF FIGHTING

In the Neighborhood of Ladysmith Re-
sults British Casualties to the Num-
ber of a Hundred and "Boer Losses
Much Heavier," by British Reports.

London, Oct. 31.—The Daily Tele-
graph has the following account of yes-
terday's engagement at Ladysmith
from its special correspondent at the front:

An intensive reconnaissance occurred
yesterday. General Sir George
Stewart White advanced before day-
break with all the available forces
from Ladysmith, moving toward Tinto
Inyoni. Two brigades were under
Colonels Ian Hamilton and Howard,
and another, with General Sir Archibald
Hunter, went toward Bulwer,
while two regiments, guided by Major
Adye, marched on our extreme left be-
yond the old camp.

The first advance was made at dawn
with the object of shelling the Boers
from the position where on Sunday
they had mounted a number of guns.
On reaching the spot, however, it was
found that they had evacuated the po-
sition.

The British continued to advance,
and the movement developed into a
reconnaissance in force. The enemy
were posted on a range of hills hav-
ing a frontage of about 15 miles.

General White's plan of operations
was that as the movement developed
the force constituting our center,
which was disposed under cover of a
kopje about three miles from the town,
should throw itself upon the enemy,
while the left flank was being held by
the Fusiliers and the Gloucesters. The
scheme was well advised, but failed in
execution, owing to the fact that the
Boer position which formed our ob-
jective was evacuated.

Our artillery quickly reduced the vol-
ume of the enemy's fire, but the attack
delivered on our right flank was the
principal one, and the column was
compelled to change. The Boer attack
had been planned for a time, and our
infantry advanced, covered by cav-
alry.

The enemy now began to develop a
heavy counter attack, and as they
were in great numerical superiority
General White gave orders for the in-
fantry to be gradually withdrawn.
The movement was carried out with
great steadiness and deliberation, under
cover of our guns, which made excel-
lent practice.

Some shells were thrown into the
town from the enemy's 40-pounders at
a range of over 6,000 yards, but no
damage was done. The engagement
lasted several hours and resulted, on
our side, in casualties estimated at
from 90 to 100. The Boer losses must
have largely exceeded this total.

The attack was admirably delivered
by our right and the Boers were fairly
driven out of one of their strongholds
near Lombards Kop. It was not possi-
ble, however, to push the success
much further, as beyond that point lay
a long, broken ridge, affording every
kind of natural cover. Of this the
enemy took the fullest advantage.

The naval brigade, which landed at
Durban, arrived on the scene toward
the end of the fight, and immediately
brought their heavy guns into play.
Their practice was magnificent. At the
fourth shot the enemy's 40-pounders
had been knocked out of action.

The town is now freed from appre-
hension of bombardment. Through-
out the engagement the Boers held
their ground with courage and tena-
city, and considering the intensity of
our artillery fire, they must have suf-
fered severely.

The Ladysmith engagement is disap-
pointing to the British public, as again
revealing tactical skill of an unex-
pectedly high order on the side of the
Boers. In addition to the possession of
a number of heavy guns, the transport
of which causes wonderment here,
they have available marvelous ability.
Unless commanded by a time and place
poor officers, it is hardly considered
probable that Boer farmers would have
assumed a feigned position, as they
evidently did, in the form of the right
column, with the intention of retreat-
ing from it to their real line of de-
fense and of inducing the British to at-
tack over a fire swept zone.

The special dispatches describing the
engagement again fail to confirm Gen-
eral White's official account that the
Boers were pushed back several miles.
When it is considered that the censor-
ship was very severe, the only con-
clusion that can be arrived at is that
the action was extremely inconclusive.

A THOUSAND TONGUES

Could not express the rapture of Annie E.
Springer, of 1125 Howard st., Philadelphia,
when she found that Dr. King's New Dis-
covery for Consumption had completely
cured her cough that for many years
had made life a burden. All other
remedies and doctors could give her no help,
but she says of this Royal Cure "It soon
removed the pain in my chest and I can now
sleep soundly, something I can scarcely re-
member doing before. I feel like sounding
my praise throughout the Universe." So
everybody who tries Dr. King's New Dis-
covery for any trouble of the Throat, Chest
or Lungs, Price 50c. and \$1.00. Trial
bottles free at Waseley's drug store; every
bottle guaranteed.

THE Wireless Telegraphy Tests.

New York, Oct. 31.—Over 29 miles
of the Atlantic ocean, over house-tops,
church spires, towering office build-
ings, the Marconi electrical ripples
successfully carried and dropped mes-
sages between two moving warships
yesterday. The naval test at sea proved
that within a radius of 21 miles
messages can be transmitted by wire-
less telegraphy with all the accuracy
and precision of an ordinary land line.
It also proved that hills, high build-
ings, wires and wind currents do not
interfere in the slightest degree with
the transmission of messages.

ADAMAL DEWEY'S BRIDE.

Hero of Manila Announces His En-
gagement to Mrs. Hazen.

Washington, Oct. 31.—Admiral Dew-
ey announced to some of his more in-
timate friends last night the fact of
his engagement to Mrs. W. D. Hazen,
of this city. Mrs. Hazen is the widow
of General Hazen, formerly chief signal
officer of the army, who died about
ten years ago, and is a sister of John
R. McLean, Democratic candidate for
governor of Ohio. Mrs. Hazen has no
children, and since her husband's
death has made her home with her
mother. She is a woman of large
means, about 40 years of age, and popu-
lar in the best social circles of Wash-
ington. The date for the wedding has
not been fixed.

Admiral Dewey yesterday took pos-
session of his new home. The last of
the furniture was arranged in the new
house yesterday and the admiral's
trunks were brought up from the
apartments he has been occupying at
the Everett.

Christmas Boxes for the Soldiers.

New York, Oct. 31.—At the army
pier in Brooklyn yesterday a corps of
men were busily engaged receiving and
recording the wagon loads of boxes
which came in from all parts of the
country for the United States soldiers
in the Philippines. The government
furnishes free transportation, and
many persons are taking advantage of
the fact to send Christmas boxes to
the front. It is expected that the trans-
port Thomas, which sails on Saturday with
the Forty-seventh regiment, will take most
of the 3,000 packages now at the pier.
Other gifts will be forwarded by the
Meade, Logan and Crook.

Indulgent Lover's Snafus.

Plattsburg, Mo., Oct. 31.—J. P. Lou-
rey, a well known traveling salesman
of St. Joseph, committed suicide at the
LaCade hotel yesterday. Lourey was
infatuated with a Plattsburg
young woman, and when she refused to
marry him he attempted to kill her
yesterday in a restaurant near the hotel
with a warrant for Lourey's arrest.
When the officer appeared Lourey shot
himself dead.

The debility of David Duggins has
been completely cured.

David Duggins lives in the town of
Jones, Ohio, County, Kentucky. From
there he writes:

"When I began taking Dr. Pierce's Golden
Medical Discovery, I had nervous or general
debility of three years' duration. I took
three bottles of the 'Discovery' during
the time I was taking it, and I feel
refreshed and regained strength every
day. It has been a great blessing to me,
and I still have good health."

When a man gets run-down, it is hard work
to run him up again unless the whole
condition of his system is first changed.
That is what the "Discovery" does.
The Golden Medical Discovery is good
for him. It begins by regis-
tering in his system, moving from his
digestive system all poisonous, effete matter.
It gives tone to his stomach, activity to his
liver, cleanliness to his bowels. While
this work is going on the "Discovery"
also manifests its potency through the
blood and nerves. It fills the blood with
rich, red corpuscles and sends them vig-
orously circulating all over the body to
soothe and nourish the tired, abused,
screaming nerves.

When a man has nervous prostration
it isn't his nerves that are wrong. It's
his blood. Bad blood comes from bad
digestion, bad stomach, bad liver, bad
kidneys. Dr. Pierce's Golden Medical
Discovery will put all these organs in
good order. "Golden Medical Discovery"
contains no alcohol in any form. It is
entirely free from opium and other
narcotics and contains neither sugar nor
syrup which are injurious to scrofulous
systems. Without any of these ingredients
it retains its pleasant taste and healing
qualities in any climate and under all
conditions.

Don't let a careless or dishonest med-
icine seller cheat you out of your health
by giving you a substitute.
