WEDNESDAY, NOVEMBER 1, 1899.

OUR COUNTRY: First, Last and Forever.

WHAT about that press censorship, Chairman Noonan? Don't you think it is a little too severe?

It is probable that the Republican majority in this county next Tuesday will be large enough to spill over into next year.

CHAIRMAN NOONAN will have several air castles that he will be willing to dispose of at less than cost price after next Tuesday.

MR. BRYAN should visit Schuylkill county and meet the men who deserted him in '96, and who now seek party support to fat offices.

If Joe Niehter's neighbors think him unfit to hold public office, what may we expect from the voters throughout the county? Just watch the returns.

LET us have another political biography of a Democratic candidate from the pen of the editor of the Pottsville Chronicle, just to see how many holes we can plug in it.

THE only interesting contest, from a Democratic standpoint, is between Brennan and Opie as to which shall be elected minority Commissioner. It is beginning to look as if the slaughter in that quarter will become widespread.

THE Democrats have raised a large campaign fund to be distributed in Shenandoah. Those of the faithful who haven't been seen should not be backward in demanding their share of the "swag." Call on your ward representative.

THE Democratic traitors of '96 are becoming desperate. They realize now, what almost everybody else has known for the past month, that they will be paid back with interest by the loyal Bryanites. This is a bad year for party traitors to seek the votes of loyal party supporters.

THERE is not an office on the hill, under Republican rule, but what shows a balance on the right side of the ledger. The District Attorney's office, controlled by Democrats, is the only exception. That office needs reforming, but it will never be accomplished by the election of M. P. McLaughlin, the present chief deputy.

IT is too bad! Two clerks at the court house were absent during '97 eighteen days, for which they received pay from the county. Take a glance at the offices of the Democratic officials on the hill, and notice how many Democratic clerks are receiving pay every month for looking wise. Our Democratic friends are sadly in need of argument in their campaign.

We have driven the Chronicle into so many embarrassing positions during the present campaign, that it would seem uncharitable to add to our contemporary's troubles. But the political editor of the Chronicle has blundered so often, and continues to do so, that other papers are following the Herald's example and compelling the Chronicle to swallow its own words. The latest is from the Tamaqua Register, and it says: "Charles E. Berger is receiving a lot of beneficial advertising from the Democratic papers. In every issue among their lamentable wallings may be found the charge against him

PUTS FLESH ON THIN PEOPLE

JOHNSON'S DYSPEPSIA CURE A Scientific, Infallible and Permanent Remedy for Dyspepsia, Indigestion and All Stomach and Bowel Troubles.

THE ills of women overshadow their whole lives.

Some women are constantly getting medical treatment and are never well. "A woman best understands women's ills," and the women who consult Mrs. Pinkham find in her counsel practical assistance.

Mrs. MABEL GOOD, Correctionville, Ia., tells how Mrs. Pinkham saved her life. She says: "I cannot thank you enough for what your medicine has done for me. I can recommend it as one of the best medicines on earth for all women's ills. I suffered for two years with female weakness and at last became bedfast. Three of our best doctors did me no good so I concluded to try Lydia E. Pinkham's Vegetable Compound. After taking a few bottles of your medicine, I was able to do all my household work. I know that your medicine raised me from a bed of sickness and perhaps death, and am very thankful for what it has done for me. I hope that every suffering woman may be persuaded to try your medicine."

Get Mrs. Pinkham's advice as soon as you begin to be puzzled. The sick headaches and dragging sensation come from a curable cause. Write for help as soon as they appear.

Mrs. DOLE STANLEY, Campbellsburg, Ind., writes: "DEAR MRS. PINKHAM—I was troubled with sick headache and was so weak and nervous, I could hardly go. A friend called upon me one evening and recommended Lydia E. Pinkham's Vegetable Compound, saying that she knew that it would cure me. I then sent for your medicine and after taking five bottles of it, I was entirely cured. I cannot praise it enough."

of being the father of the Lyon Dunn election contest. The accusation has so often been disproved and refuted, and that too by a leading Democrat in the columns of the leading Democratic organ of the county, the Pottsville Chronicle, that the people are now thoroughly acquainted with the reason these papers persist in bringing forth this falsehood, and every time it is mentioned it adds another clinch to Berger's election."

THE PRESIDENT AT RICHMOND.

Leon King of the Torpedo Boat Squadron, a Great Success. Richmond, Va., Nov. 1.—The torpedo boat squadron was launched here yesterday in the presence of President McKinley, many members of his cabinet, Governor Tyler, of Virginia, and an immense outpouring of people. The demonstration was marred in some of its features by a heavy rainstorm. The civic carnival parade had to be abandoned until today.

When the presidential train arrived at a presidential suite was fitted, and at Elba Station, in the West End, was the president took a carriage for the Jefferson hotel, he was formally welcomed in a speech by Mayor Taylor, to which he made a brief response.

Immediately after this ceremony the president and party were driven to the Jefferson hotel and held an informal and confidential reception in the Franklin street lobby of the building.

After luncheon the presidential party were driven to the shipyard, the president being warmly cheered all along the route. At the yard an immense crowd had assembled. The president, having been introduced by Mayor Taylor, delivered the principal address of the day, and was followed by Secretary Long.

The launching which followed was a great success, the boat being christened by little Miss Carrie Shubrick, of Rocky Mount, N. C., great grandniece of Commodore Shubrick, with the usual formalities. It was a side launching, but the boat took the water like a duck and enthusiastic cheering and the tooting of steam whistles.

After the launching the president and party took a drive through the city, stopping a while at the executive mansion to pay their respects to the governor and his family. On the president's return to the Jefferson hotel another formal reception, and left for Washington on his special at 7:30.

PHILIPPINES NOT ALL OURS?

Commissioners Make Light of a Spanish Official's Claim. Madrid, Nov. 1.—A sensation was caused in the senate yesterday by the declaration of Count d'Almeida that, owing to the ignorance of the Spanish-American peace treaty commissioners, three islands in the Philippine group, the two Batanes and Calayan islands, both north of Luzon, were not included in the scope of the treaty. Those islands, he asserted, ought to be made the basis of negotiations for the liberation of the Spanish prisoners.

Washington, Nov. 1.—The islands in the Philippines group referred to in the Madrid dispatch are not regarded by the members of the Philippine commission of any importance. To the contrary, they say, need be felt if the statement should prove correct. The opinion was expressed by one of the commissioners that the islands referred to are not worth negotiating for, as they would not be of any material benefit. They are not thickly populated, and their commerce is small.

Cold Steel or Death.

"There is but one small chance to save your life and that is through an operation." Was the awful prospect set before Mrs. L. B. Hunt, of Lima, Rye, Pa., by a doctor after a long and fruitless search for a cure of stomach trouble and yellow jaundice. He didn't count on the marvelous power of Ely's Bitters to cure Stomach and Liver troubles, but she heard of it, took seven bottles, and was wholly cured, avoided surgeon's knife, now weighs more and feels better than ever. It's positively guaranteed to cure Stomach, Liver and Kidney troubles, and never disappoints. Price 50c at A. Wasley's drug store.

This he regards as his greatest treasure. Of late he has been going carefully through his papers, collecting all data bearing on the subject, with a view to writing a history of the revolution.

Investigator Mazer Married. New York, Oct. 1.—Robert Mazer, colored, was discharged from the city jail by the Nineteenth district, and Miss Elsie Moore, daughter of Commodore John W. Moore, United States navy, were married today at the home of the bride at Lake George.

Doctors Can't Cure It! Contagious blood poison is absolutely beyond the skill of the doctors. They may dose a patient for years on their mercurial and potash remedies, but he will never be rid of the disease; on the other hand, his condition will grow steadily worse. S. S. S. is the only cure for this terrible affliction, because it is the only remedy which goes direct to the cause of the disease and forces it from the system.

I was afflicted with Blood Poison, and the best doctors did me no good. I took the treatment faithfully. In fact, I seemed to get worse all the while. I took almost every so-called blood remedy, but they did not seem to reach the disease, and had no effect on me. I was heartbroken, for it seemed that I would never be cured. A friend I then took S. S. S., and began to improve. My health and increasing my appetite. Although it was ten years ago, I have never yet had a sign of the disease to return.

W. B. NIXON, Staunton, Va. It is like self-destruction to continue to take potash and mercury besides totally destroying the digestion, they dry up the marrow in the bones, producing a stiffness and swelling of the joints, causing the hair to fall out, and completely wrecking the system.

S. S. S. For Blood is guaranteed Purely Vegetable, and is the only blood remedy free from those dangerous minerals.

"Betwixt Bud and Bloom."

The sufferings of the young, the tender, and the inexperienced always excite sorrowful compassion and a yearning desire to help them in their troubles.

And in the light of a great discovery all the rose buds of sweet womanhood may see the promise of their speedy release from all those sufferings which have been the bane of their sex from the earliest times.

They need only take that greatest of modern medicines, Warner's Safe Cure, as directed, and their past sufferings will soon appear to them as a painful dream from which they have awakened to dream no more.

"It is a remedy," says Mrs. H. P. G. Carnes, of Butler, Pa., "that can be relied upon, a remedy that never fails, and one that has proved to be woman's best friend."

TRACY BEFORE THE PROBERS.

Ex-Cabinet Official Talks About the Ramapo Water Company.

New York, Nov. 1.—The Mazer investigating committee resumed its hearings yesterday. General Benjamin F. Tracy was the chief witness called. General Tracy said in answer to Mr. Mazer's questions that he was president of the Ramapo Water company in 1885, and that he had never received a compensation except 650 shares of stock, which he has since sold. He had nothing to do with the drafting of any part of the charter relating to water supply. Among the reasons he gave for resigning the office of president of the company was that he felt that no company would advance the necessary capital to develop it so long as one man, Mr. Lamont, who had induced him to become a shareholder, retained control. In addition he said the newspapers had begun to abuse him and to vilify him for his partnership with Senator Platt's son. "I thought that as a whole," he said, "I would not take the responsibility of being the head of a company that, however honest it might be, would be abused if it made a contract with the city."

In order to ascertain just how much money the law firm of Tracy, Boardman & Platt received from city corporations and public departments and city officials, Committee-man Hoffman requested that Mr. Tracy produce the books of the firm. This General Tracy said he would not do unless the committee requested, and Chairman Mazer refused to make such a request.

Allentown, Pa., Nov. 1.—Riley Kulp, aged 22 years, was instantly killed yesterday by the accidental discharge of a shotgun in the hands of James Dugan, aged 16 years. Dugan, with a number of other boys, was playing in a stable, when he pointed the gun at Kulp and it was discharged. Dugan surrendered to the police.

A HOTEL HOLOCAUST.

Three Killed and One Fatally Injured in a Montreal Fire. Montreal, Nov. 1.—Fire which broke out early in the morning in the Webster House, a small hotel on St. James street, caused the death of three persons, the probable fatal injury of a fourth, while half a dozen others sustained minor injuries. The dead are: Joseph E. Wilson, bailiff, Sherbrooke, Que.; John Benbow, Ottawa; Jane McCoom, employe of the hotel. Captain J. K. Oswald, of Montreal, a broker, jumped from a window and fractured his skull, and will probably die.

The fire broke out behind a sideboard in the dining room and quickly spread over the whole house. Wilson and Benbow were killed by jumping from windows, while the firemen were engaged in hoisting ladders to rescue them. Mrs. McCoom was found suffocated in her room after the flames had been gotten under control.

There were about 40 guests in the hotel at the time and most of them escaped in their night clothes only. The house was not provided with fire escapes, as the law provides. The loss is \$40,000; insurance, \$19,000.

New Jersey's Prosperity.

Trenton, Nov. 1.—State Comptroller Hancock last night sent a telegram to Governor Voorhees, at his home in Elizabeth, stating that the balance in the state treasury at the close of business last night, which ends the fiscal year, is \$1,253,154.42. The balance a year ago was \$1,001,524.45. The increase is due to the large revenue of the past year for fees for filing articles of incorporation. The receipts from this source alone were \$780,000.
