OUR COUNTRY: First, Last and Forever.

IF you haven't voted, it is not too late to perform that duty.

EVEN in a time of war a Republican administration falls into its old habit of showing a surplus at the end of the month.

STEEL is king, corn is king, coal is king, cotton is king, and the rest of the royal family in America are too numerous to mention.

IT is strange how severely the yellow interviewer avoids Dewey and Funston since they reached home and can nail a falsehood on the spot.

THE whisk broom with which the Pullman porter dusts the trousers of Col. Bryan is made from an American product for which the farmer is now receiving $100 a ton.

DEWEY'S $10,000 watch, a gift from Boston, is to be inscribed, "Gridley, you may fire when ready." With such a timepiece the Admiral should never be late to breakfast.

REV. DR. MORGAN DIX, New York's distinguished clergyman, is classed as an "imperialist." He predicts that "none of us will see the day on which the people will withdraw from that which they accept as a grave and terrible and real responsibility"—that is, that nobody now alive will ever see the United States recreant to its purpose to emancipate the Philippines. The only freedom which the Filipinos ever had is that which the United States gave them by overthrowing Spanish rule, and this freedom the country intends to make perpetual in the home rule which it will put in operation when the rebellion is put down. Dr. Dix, as a man of sense, a friend of liberty and a true American, stands by the government's Philippine policy. He holds the same ground which his eminent father, Gen. John A. Dix, held when he ordered, just as the war of secession was about to begin, that "if any man attempts to haul down the American flag, shoot him on the spot." The present Dix, like his distinguished sire, is not a flag furler.

WE clip the following article from the Ashland Telegram, which is just as applicable to Shenandoah, if not more so, than to the town west of us. Our contemporary says: "Ashland, like many other towns, has a considerable number of people, and they are not usually good newspaper patrons, who want to see some one roasted. They want the newspaper to get after the fellow who in some way is going up against them. Among them is the merchant who wants the newspaper to open out on peddlers, fakirs and Cheap John stores that locate here from time to time. These are, as a rule, the people who use free letter and bill heads of the gargling oil, and cheap soap manufacture, that they can get for nothing, baking powder statements, program advertisements, and rubber stamps, and only have use for the newspaper when they want to accomplish some selfish end. They are the kind of people who peddle out dollar jobs to see where they can get it done the cheapest. This office has no use for that kind of people, and its columns are not open to them for roasting purposes."

KIDNEY CURE

MR. CROKER'S DENIAL.

Did Not Mention Ex-Senator Hill as Injuring the Democracy.

New York, Nov. 7.—In today's election the Republicans are confident of electing a majority of the assemblymen and the Democrats of carrying the four counties that make up the city of New York. Richard Croker said this morning that the Democrats, even if they carried every assembly district in New York city, would still need to make gains up the state in order to control the assembly. Of this he is not hopeful. "There is no organization up the state," he said, "and they made no campaign."

In an interview Mr. Croker said: "I see it is claimed that I said that ex-Senator Hill was trying to injure the Democratic party up the state. Now, I did not say that Mr. Hill was trying to do this. But if, as I hear, Senator Hill takes it to himself I am not to blame for this. I merely said certain men up the state were trying to injure the Democratic party in this way. If Mr. Hill gets angry about that statement I cannot help it, and I cannot be blamed for any conclusion or inference people may draw from his getting mad."

Democratic assembly gains in New York city, it is said, are being offset by Democratic losses in the state. Mr. Croker has increased his estimate of the Democratic plurality in this county, and now claims 60,000 to 65,000. Democratic and Citizens' Union leaders in the Nineteenth assembly district declare that Perez M. Stewart, Citizens', will defeat Robert Mazet, Republican, by 1,500. The Republicans say that Mazet will win.

Both Sides Claiming Maryland.

Baltimore, Nov. 7.—Both parties go to the polls today with the leaders of each assuring their followers of a certain victory. Chairman Murray Vandiver, of the Democratic state central committee, asserts that his party will carry Baltimore city and 20 out of the 23 counties in the state, and General Thomas J. Shryock, the Republican chairman, concedes to John Walter Smith, the Democratic candidate for governor, nothing save his own county, Worcester. The Democratic prediction is for a plurality approaching 12,000, while the Republican claims are that Governor Lowndes will be reelected by 9,000 or 10,000.

Light Vote in South Dakota.

Sioux Falls, S. D., Nov. 7.—Any forecast on the election in South Dakota is pure guess work. Not a township in the state has been polled and but one thing is certain, and that is that a light vote will be polled. Chairman Kidd, of the fusion committee, thinks 70 per cent of the vote is being cast, and Chairman Harrick, of the Republican committee, agrees that this estimate is about right. Unless there is a landslide the result may not be known until tomorrow, or possibly later.

Massachusetts' Usual Majority.

Boston, Nov. 7.—There is no reason to expect anything but the customary Republican victory. Not since 1882 have the Democrats carried the state, and this morning the election of W. Murray Crane, the Republican candidate for governor, is conceded beyond the possibility of a doubt. The legislature also will be Republican by the usual majority. Good judges place the Republican majority between 50,000 and 60,000.

Close Vote Predicted in Nebraska.

Lincoln, Neb., Nov. 7.—Conservative men of both sides predict that the result of today's election will be very close. Estimates of chairmen at Republican and Populist headquarters do not very greatly. In this city and county Judge Reese, Republican, for supreme judge, will run ahead of his ticket slightly, due to his personal popularity, this being his home. At the state house there is the greatest confidence in a fusion victory.

The Election in Virginia.

Richmond, Nov. 7.—Today's election in Virginia is for a full house of delegates and half the senate. The general assembly will in turn elect a United States senator to succeed Senator Martin and what are known as the capitol officers. The candidates for senator are Senator Martin and Governor Tyler. The vote throughout the state will be light, and the legislature will be overwhelmingly Democratic.

Apathy in Kansas.

Topeka, Nov. 7.—Today elections for county officers are being held throughout Kansas. They are the quietest in years, and will close a campaign that has been practically devoid of interest, except for local issues.

Iowa Volunteers' Welcome Home.

Council Bluffs, Ia., Nov. 7.—The Fifty-first Iowa volunteers returned to their native state yesterday after service in the Philippines, and received a welcome in this city that warmed their hearts. A crowd of fully 5,000 people flocked hither from all parts of the state to join in the greetings. At Bayliss Park Governor Shaw, Mayor Jennings and others welcomed the boys after a parade for which 40 bands furnished music. After the exercises in the park the soldiers were served a banquet.

A Hunter's Lucky Find.

Jackson, Miss., Nov. 7.—Henry Johnson, a white citizen of Jackson, while hunting in Pearleyver swamp, east of the city several days ago, discovered a box containing nearly $50,000. The money was encased in an iron case, and is in gold pieces, nearly all of them $20 denomination. It is thought the money is a war treasure. All of the coins bear date prior to 1850.

Inventor Holland's Victory.

New York, Nov. 7.—The submarine boat Holland was successfully tested in Peconic bay, Long Island, yesterday. At the close of the test the members of the board of inspection shook hands with John P. Holland, the inventor, and congratulated him on his success. He has waited 25 years for victory, and tears streamed down his cheeks when the naval officers greeted him.

CONGRESSMAN REED'S SUCCESSOR.

Amos T. Allen Elected by a Majority of Over Forty-six Hundred.

Portland, Nov. 7.—Amos L. Allen, Republican candidate for congress in the First Maine district, was elected yesterday by a majority of more than 4,600 votes over Luther F. McKinney, the Democratic candidate. With the town of Dayton, in York county, to hear from, Mr. Allen's majority is

AMOS T. ALLEN.

4,657. Dayton will doubtless reduce this, but not enough to bring it below 4,600. The First Maine district was Speaker Reed's district last year. Congressman-elect Allen is known in national life as Speaker Reed's secretary for many years. Otherwise he was not a prominent figure, even in his own state and neighborhood.

Admiral Dewey Goes Shopping.

New York, Nov. 7.—Admiral Dewey accompanied Mrs. Mildred Hazen, to whom he is engaged to be married, on a shopping tour yesterday. While walking on Fifth avenue the admiral saw a little boy in charge of a nurse with an admiral's flag in his hands. "Hello," said the admiral, "I cannot pass that flag." He shook the little fellow by the hand, and chatted with him for a few moments. The admiral and Mrs. Hazen walked to the Dewey arch. Here the admiral pointed out the figures to Mrs. Hazen and explained their significance. A crowd collected and he soon made his escape.

Riotous Miners Sentenced.

Moscow, Idaho, Nov. 7.—The culminating scene in the long drawn out labor troubles in the Couer d'Alene mining region was enacted in the federal court here yesterday afternoon, when the ten men found guilty of interfering with the United States mails near Wardner, during the riots of April 29, were sentenced by Judge Beatty to each serve 22 months in the United States prison at San Quentin, Cal., and pay a fine of $1,000, with the exception of Dennis O'Rourke, who, on account of his youth, gets 20 months and a fine of $1,000.

Passed Over Mayor Jones' Veto.

Toledo, Nov. 7.—The board of aldermen last night passed over the veto of Mayor Jones the proposition to sell the city gas plant. The session was full of interest and the question was debated at times in the most acrimonious manner. The vote resulted in the proposition being carried over the veto by 11 to 2.

Automobiles for Everybody.

Milwaukee, Nov. 7.—A local paper says this city is soon to be the center of the automobile industry of the United States. A man from Iowa has invented a machine weighing not more than 75 pounds, costing little more than a bicycle, which can be attached to any vehicle now drawn by a horse, and is capable of reaching a speed of 50 miles an hour. A stock company backed by $1,000,000 is soon to be formed, and a man well known throughout the United States will be at the head of the concern.

Chicago's Municipal Pawnshop.

Chicago, Nov. 7.—A municipal pawnshop, operating under a law passed by the last legislature, was opened here yesterday, and judging from the number of applications for loans will be a success. The institution loans money at 1 per cent a month.

PREPARING FOR TROUBLE.

Kentucky Marshals and Militia Must Be in Readiness.

Louisville, Nov. 6.—Ante-election interest was heightened last night by a report from Frankfort containing a hint of some action on the part of United States Marshal A. D. Jones in connection with the state election. In view of widely circulated reports as to the possibility of trouble, and even bloodshed, tomorrow, this report caused much speculation. It told of a letter said to have been received by Deputy Marshal McCarthy, at Frankfort, from Mr. James notifying him not to leave his post of duty tomorrow and to be in readiness to respond to orders by telegraph or telephone from federal headquarters at Louisville. This, it is said, was a copy of a circular sent to all deputy marshals in the state.

Colonel Mengel, of the Louisville Legion, the local organization of militia, last night ordered Company B to be in readiness for duty if called upon. Feeling is intense, but it is generally so just before the election in Kentucky. This was notably so in 1896, but there was little disorder.

No matter how long you have had the cough; if it hasn't already developed into consumption, Dr. Wood's Norway Pine Syrup will cure it.

Mischievous Student Shot.

Buckhannon, W. Va., Nov. 6.—Martin Williams, a student at the Conference seminary here, in company with other students, last night burned the president in effigy. Seminary special police hastened to the scene, when the boys ran, and to stop them several shots were fired. Williams fell, and must have lain unconscious for an hour or more. He made his way to his room later and fell unconscious to the floor. A bullet had entered the head below the left eye, piercing the brain. He is in a dangerous condition.

Candidate McLean's Confidence.

Cincinnati, Nov. 6.—John R. McLean, the Democratic candidate for governor of Ohio, gives out an address to voters containing his view of the Ohio election outlook. He says: "All the Democrats have to do is to be careful; watch the votes cast; see them counted after they are cast; see the returns properly made and sealed, shutting out all opportunities to substitute a Hanna ballot for a Democratic one, and victory is completely ours. I say this without qualification, without reserve. Hanna is beaten."

Collision on the Ocean.

New York, Nov. 6.—The steamer Tallahassee, Captain Askins, which left her dock Saturday night for Savannah, returned to her pier at midnight. Captain Askins reports that when off Long Branch his steamer collided with the four masted schooner Senator Sullivan, doing considerable damage to the steamer. After the accident the steamer circled around to find the schooner, but could see nothing of her. It is believed she was sunk and all hands lost.

Spanish Sarcasm.

Madrid, Nov. 6.—A dispatch from Bilboa says that a number of influential Spaniards who were attending a banquet there Saturday, on hearing the report that Ladysmith had fallen, sent a cable to Joseph Chamberlain saying: "On the occasion of the latest war news, the dead nation salutes you," the allusion being to a speech of the Marquis of Salisbury during the Spanish-American conflict, in which he referred to "dying nations."

Washington, Nov. 6.—Francis P. Dewees died here yesterday afternoon. He was an assistant attorney general from 1885 to 1893, since which time he has had an extensive practice in the court of claims. He will be buried at his former home, Pottsville, Pa., probably next Wednesday.

It is reported that Emperor Francis Joseph has consented to a morganatic marriage between the Archduke Francis Ferdinand, heir presumptive to the throne of Austria-Hungary, and the Countess Sophia Chotek.

The National University.

Washington, Nov. 7.—Ex-Governor John W. Hoyt, chairman of the national committee to promote the establishment of the University of the United States, said last night that the resolutions adopted by the university committee of the National Educational association last week would not cause the friends of the project to cease their efforts in its behalf. He said that the resolutions adopted are misleading.

Ex-Governor Foster's Prediction.

Cincinnati, Nov. 6.—The most significant development in the Ohio campaign is the prediction made by ex-Governor Charles Foster, who has been speaking throughout the state for the Republican ticket. He estimates the total vote of the state at 975,000, of which Nash, Republican, will get not less than 465,000; McLean, Democrat, not more than 410,000, and Jones, nonpartisan, and all others will divide the remainder. But after giving these figures on Nash and McLean Mr. Foster said there was a strong probability that Jones would cut down this estimate on the leading candidates, but if he did, three-fourths of the cutting would be on the McLean vote.

The Initiation Fatality.

Geneva, N. Y., Nov. 6.—The Berkeley drowning case, according to a statement made by District Attorney Moran, of Seneca Falls, N. Y., will be presented to the grand jury of Seneca county. Mr. Moran holds that Dickinson, the student who was with Berkeley at the time, was in one sense liable for Berkeley's death, in that the latter was told to obey the orders of Dickinson while undergoing the preliminary initiation of the Kappa Alpha fraternity. Dickinson should have known the ground before sending him on the errand he did, the district attorney argues.

A Democratic Prediction.

New York, Nov. 6.—Richard Croker, who is personally directing the campaign in the boroughs of Manhattan and the Bronx, says that the Tammany district leaders are increasing their estimates of the Democratic majorities. He claims 50,000 or more plurality in New York county. The Republicans claim a small plurality on the county ticket. The alleged purpose of the Republicans to amend the New York charter so as to give Albany more power over affairs in this city has been taken up by Tammany.

Jealous Husband's Terrible Crime.

St. Louis, Nov. 6.—In a jealous rage George Barthell, a foreman in a wholesale hardware house, yesterday fatally shot his wife, beat his wife's father and mother into insensibility and then killed himself. Barthell had been separated from his wife for four years, and during that time had made repeated requests that she return to him, but to no avail. Mr. and Mrs. Rohlfing have not recovered consciousness and Mrs. Barthell is reported to be dying.

AN IMPORTANT DIFFERENCE.

To make it apparent to thousands, who think themselves ill, that they are not afflicted with any disease, but that the system simply needs cleansing, is to bring comfort home to their hearts, as a costive condition is easily cured by using Syrup of Figs. Manufactured by the California Fig Syrup Co. only, and sold by all druggists.

Mississippi Volunteers to Sue.

Chicago, Nov. 6.—More than 300 former members of the Second and Third Mississippi volunteers, who enlisted from Chicago, held a meeting yesterday. A law firm of this city claims to have discovered an old statute of Mississippi which grants a bounty of $60 to every soldier who recruits in its regiments and who is not a resident of the state. Accordingly the volunteers have organized for the purpose of instituting proceedings. Colonel J. F. Power, secretary of state of Mississippi, says the claims are unfounded.
