Don't THE TROUBLE IN NATAL SYRUP

Do This May Cause a Change in the British Army Movements.

NO OFFICIAL NEWS GIVEN OUT.

This Has Given Rise to Many Rumors in London of Reverses to the British Arms-Evacuation of Stormberg and Colenso Confirmed.

London, Nov. 7 .- This morning's news carries public knowledge with respect to hostilities in South Africa very little further than the evacuation of Colenso and Stormberg. Those movements, taken together with the admiralty announcement that the public must not be disappointed should the transports not reach their destina-tion on the dates indicated in the published lists, may indicate some change of plan necessitated by the bad position of affairs in Natal. It was expected that the army corps would land near Cape Town for an invasion of the Transvaal through the Orange Free State, but the landing may now be diverted to Durban, Natal, whither it is fully expected Licutemant General Sir Redvers Buller will go within a week or two to investigate the situa-

MAP SHOWING COLENSO. This has given rise to a crop of rumors that Ladysmith's ammunition is exhausted, that Sir George Stewart White is mortally wounded, that both facts are being concealed, and that other unlucky happenings have taken place. For all of these reports there is absolutely no foundation. At the same time the Britisher has had little to stimulate him within the last 24 hours except the news of the con-

in Natal and the northern portions of Cape Colony, likely to grow more acute until General White is either re-lieved or decisively defeated. Nobody dares to think of capitulation. Rather than that he is expected, in last resort, if Ladysmith becomes unten-able, to make a desperate effort to cut his way through the Boers back into Lower Natal and to join hands with the garrison there, which is now almost certain to be reinforced by the first arrivals of the army corps from England and to be present to renew

the touch with him. It is generally assumed, however, that General White, with the nid of the naval guns, will be able to cope with any bombardment, and the idea that the Boers could take Ladysmith

by assault is scouted as absurd. The British retirement to Estcourt has given the impression that it is intended to make a stand there. Estintended to make a stand there. Estcourt is the last important town between the Boers and the capital of
Natal, and if the Boers sweep past
Estcourt nothing can stop them from
laying seige to Pietersmaritzburg,
which cannot be expected to make a
protracted defense, while its fall
would be a tremendous blow to British prestige throughout South Africa.

ELECTION HELD LAST MONTH.

Only Fifty-two Hundred Votes Were Cast, Suffrage Boing Determined by Property Qualification and Ability to Rend and Write.

Manila, Nov. 7 -- At Bacolod, in the

Island of Negros, the first autonomogovernment of the Filipinos was established yesterday. General Smith. governor of the Island of Negros, administered the oath of office to the judge of the supreme court, who in turn swore in the governor, three judges, 12 councilmen, the auditor and the secretary of the interior. The natives of the entire island attended the ceremony. The officers from Hoflo were follow, in celebration of the new govthe surrender of the Spaniards to the Negros revolutionists. American flags are displayed in the village. The colebration consisted of horse racing and other sports, music, religious functions and an illumination. The ball last night attracted the wives of the wealthy planters, and there was as great a display of rich costumes and costly jewels as would be seen at a similar affair in America or Europe. Elections were held Oct. 2, the number of votes cast being 5,248. There were 40 candidates for the various offices. Melecio Reverino was elected governor, receiving 1,305 votes. Senor Gaime received 1,277 votes. Suffrage

civilized nations of the world." Senor Severino, in replying, said that the best thing for the future of Negros was the continuance of close relations ith the United States.

General Smith then announced the granting of freedom to the political prisoners in commemoration of the General Smith in an Interview re-

marked that it was of the utmost importance that the Filipinos should be taught to recognize the sovereignty of the United States. The gravest dan-ger, he added, threatening a peaceful administration is intrigue among the insular politicians, and he declared that the United States government noust for years keep control of the Fili-pinos, in order to prevent such conditions from existing.

A recently organized revolutionary movement has been discovered in northern Negros, and the leaders have been forced to withdraw to Panay. A number of bandits, under the leader-ship of Papa Issio, a religious charla-tan, have been driven into the moun-tains, but it is expected that they will give more trouble. A force of 250 native soldiers, armed with Springfield rifles, are helping the Americans, and are found to be valuable scouts.

Designing men, through alluring and cun ningly worded advertisements, constantly endeavor to work upon the feetings of sick and siling women by inviting them, to write to a woman it and secure a seeman's sympathy. It is well to remember that the best sympathy is to had at home and not from strangers, perhaps hundreds of mine distant. The object of the sick is toget well, and however precious sympathy may be, it never yet cured a seriously affilized woman. While the sympathy of your untiliner of dressmaker might be appreciated and be just as beneficial, if not more so, than sympathy from a stranger, yet it can not effect your cure if you are an ailing woman.

It is loudly proclaimed through the press that "a woman can best understand a woman's alluents," and on this ground sick women are invited to "write to a woman' and get the benefit of a woman's advice.
