FRIDAY, NOVEMBER 10, 1900.

OUR COUNTRY: First, Last and Forever.

WHEN all the truth comes out about Aguinaldo's partners in this country, an ugly chapter will be added to the history of disloyalty.

BEN FRANKLIN left \$5000 to Boston in 1790 to be compounded for a century, and the money now amounts to \$396,000 cash in hand. This form of benevolence is worth more attention.

In the last fiscal year 311,715 emigrants arrived in this country and exhibited to the immigration officers \$5,414,463 in cash. About 20 per cent were illiterate, an improvement over some former years.

THE Miners' Journal pleads for more "recognition" for the press. The trouble in the past has been that the newspapers in Pottsville have received too much of that article at the sacrifice of other newspapers more worthy.

THE Philadelphia Times now accuses Mark Hanna of working for the success of the fusion ticket in Nebraska, in order to secure the nomination of Bryan in 1900. The Times argues, and not without reason, that Bryan is the weakest man the Democracy can name for the Presidency.

THE Tamarac Recorder, the Democratic organ of that town, made a determined and bitter fight against the Republican candidates for County Commissioner. Result: Messrs. Kautner and Reber carried that town, which is Democratic, by handsome majorities, the former leading. Comment is unnecessary.

WITH ex-Congressman Brumm out of the county, the Republicans secured half of the offices. Had Whitehouse taken to the woods the result would have been a clean sweep. Yes, the Republican party is sadly in need of new and more capable leaders, in whom the party voters have confidence. There must be a new deal in Schuylkill if the party hopes to succeed.

THE notorious Col. Esterhazy and the equally infamous Col. Du Clam are now both in trouble. The one has been sentenced to three years' imprisonment for swindling a relative, and the other has been arrested for making a murderous attack upon a dentist. These are the two petty scoundrels who manufactured the false evidence on which Capt. Dreyfus was convicted, and who were protected by their government.

ONE state which ought to have been Republican, but which was not, was the state of Maryland. Factional quarrels between Republicans were the principal cause of their defeat. Senator Wellington in his bitter opposition to Gov. Lowndes, was willing to see the state go Democratic rather than permit the Governor to achieve a victory. Maryland should have been a line with Pennsylvania, Massachusetts, Ohio and Kentucky. The prosperity of Maryland depends largely upon the maintenance of the policies of the Republican party, and the members of that party in Maryland should have sunk all factional animosities and joined in giving the Administration at Washington the endorsement to which it is entitled.

Pain Conquered; Health Restored by Lydia E. Pinkham's Vegetable Compound.

LETTER TO MRS. FISHBURN, NO. 30450. "I feel it my duty to write and thank you for what your Vegetable Compound has done for me. It is the only medicine I have found that has done me any good. Before taking your medicine, I was all run down, tired all the time, no appetite, pains in my back and bearing down pains and a great sufferer during menstruation. After taking two bottles of Lydia E. Pinkham's Vegetable Compound I felt like a new woman. I am now on my fourth bottle and all my pains have left me. I feel better than I have felt for three years and would recommend your Compound to every suffering woman. I hope this letter will help others to find a cure for their troubles." - Mrs. DELLA REMICKER, BRANSELLA, IND.

The serious illa of women develop from neglect of early symptoms. Every pain and ache has a cause, and the warning they give should not be disregarded.

Mrs. Pinkham understands these troubles better than any local physician and will give every woman free advice. Mrs. Pinkham's address is Lynn, Mass. Don't put off writing until health is completely broken down. Write at the first indication of trouble.

Train Ditched, Three Fatally Injured. Toledo, O., Nov. 10.—Michigan Central train No. 310, from Toledo to Detroit, was derailed by the crossing of rails between Alexis and Vienna, Mich., about 6 o'clock last night. Three were fatally injured. They are: John McKay, of Indianapolis, rib broken, cut about face and head by glass; John O'Sullivan, of Detroit, cut about head and arms; William Hamilton, of Chicago, bruised and probably internally injured. Eighteen others were seriously injured. It was the deliberate work of train wreckers.

Cup Races For Next Year. New York, Nov. 10.—A cable message was received in this city yesterday saying that Alfred Harmsworth, editor and proprietor of the London Daily Mail, intended to have a challenger prepared to race here for the American title. The challenger is Sir Thomas Lipton intended to try again in 1900. It is known that Sir Thomas will not challenge next year, and a challenge from Mr. Harmsworth is expected in a few days.

The Army Transport Service. Washington, Nov. 10.—The report of Quartermaster General Luddington gives a list of 37 vessels now included in the transport fleet. During the fiscal year these vessels have carried 202,887 persons between Cuba, Porto Rico, Hawaii, the Philippines and the United States. All this has been accomplished without the loss of a single life through accident. There have been carried 27,353 animals and \$6,150 tons of freight.

The Vice President Brighter. Paterson, N. J., Nov. 10.—Vice President Hobart was a little brighter yesterday than he has been since the beginning of hostilities. He took some solid nourishment and was in good spirits. The president sent his usual telegram asking for Mr. Hobart's congratulations. A number of other telegrams expressing sympathy and best wishes were received.

Negroes Wanted to Be Imported. Madison, Ga., Nov. 10.—Congressman Bartlett and Senator Bacon received yesterday a petition signed by about 100 negroes asking them to use their best efforts to secure the passage of a law whereby the negroes might be deported to Africa. They say that conditions under which they live are not satisfactory. They see no prospect of a change, and say it would be better for the two races to separate.

Parade Here to Washington. Washington, Nov. 10.—Lord Pauncefoot, the British ambassador, with his family and members of his staff, arrived here yesterday afternoon. The return of Lord Pauncefoot is not expected to bring any special changes in pending international questions.

Kentucky's Factions Unsuppressed. Middleboro, Ky., Nov. 10.—For two hours yesterday there was intense excitement here, caused by a clash between the Bull and Turkey factions. The bulls are Democrats, but espoused the cause of Taylor for governor. Gus Fridmore, another follower, and C. D. Ball met and began shooting at each other. A long range street fight took place, which 50 shots were exchanged. Further trouble is feared.

Indian Shot by a Herder. Vernal, Utah, Nov. 10.—An Indian was shot and killed on the reservation Wednesday at Reader's sheep herd by Jim Olson, a herder. The Indian was trying to drive the herder out and attacked him with an ax. The herder was shot through the arm and severely wounded. About 15 herders on the reservation are thought to be in danger. Troops are also on the way to the scene.

McCoys Denies McDonough. Buffalo, Nov. 10.—Kid McCoy knocked out Jack McDonough, of St. Paul, in the fourth round of what was to have been a 20 round go at the Hawthorne club annex last night. The men fought at catch weights. McCoy outboxed and outpointed McDonough at every stage. The St. Paul man was evidently afraid of his opponent.

Bugsy Sunk by a Steamer. Baltimore, Nov. 10.—The steamer Joppa, of the Baltimore, Chesapeake and Atlantic Railroad company, collided with and sank the Bugsy Nettie Allison, in the Patuxent river, yesterday. A dense fog prevailed at the time of the collision. The crew of the Allison scrambled aboard the steamer and were brought to Baltimore.

NUGGETS OF NEWS. The admissions to Philadelphia's export exposition yesterday numbered 20,592. General Castro has given formal notice that he will attack Porto Cabello, Venezuela, by land and sea. Rear Admiral Bradford, chief of the naval bureau of equipment, urges the necessity of establishing coaling stations. The marriage of Miss Luz Diaz, daughter of President Diaz, of Mexico, to Francisco Rincon Gallardo, took place in the city of Mexico. Miss Helen Long, second daughter of the secretary of the navy, is said to be a hopeless invalid. She is suffering from pulmonary trouble.

PERHAPS A MATRICEE. Verloren Charge Against the Son of a Venetian Couple.

New York, Nov. 10.—Mrs. Margaret Ernst, 56 years of age, was found dead at her home in this city yesterday. Her husband, Captain August Ernst, 80 years of age, was taken to Bellevue hospital, where his death is momentarily expected. The room in which the aged pair lay was full of illuminating gas that had escaped from a tube that had been loosened from a small stove. At first glance the police supposed that Captain Ernst and wife had been accidentally overcome by gas. But on further investigation they found so many suspicious circumstances that they arrested August Ernst, Jr., 38 years old, son of the old couple. An autopsy will be made on Mrs. Ernst's body to determine whether poison is present.

Davis Memorials Unveiled. Richmond, Nov. 10.—Yesterday was another great Confederate day in Richmond, the occasion being the unveiling in Hollywood cemetery, under the auspices of the United Daughters of the Confederacy, now in convention here, of the memorials in his honor to President Jefferson Davis and Miss Winnie Davis. The Daughters, in carriages, were escorted to Hollywood by an imposing procession, consisting of Confederate camps and military. The services were very impressive and were witnessed by vast crowds. Governor Tyler presided, and the speakers were Hon. B. B. Mumford, John C. Morgan, Confederate postmaster general and the only survivor of Davis' cabinet, and General Fitzhugh Lee.

Sacrificed to Blood Poison. Those who have never had Blood Poison can not know what a desperate condition it can produce. This terrible disease which the doctors are totally unable to cure, is communicated from one generation to another, inflicting its taint upon countless innocent ones. Some years ago I was inoculated with poison by a nurse who infected my babe with blood taint. I had the best medical treatment. Several physicians successively tried to cure me, but to no purpose. The mercury and potash seemed to add fuel to the awful flame which was devouring me. I was advised by friends who had seen wonderful cures made by it to try Swift's Specific. We got two bottles of it, and in a few days my breast-hope for health and happiness from my doctor's medicine was restored. I am now in perfect health and owe my life to the only blood remedy which reaches desperate cases. Montgomery, Ala.

Enthusiastic people everywhere. "I have tried many of the advertised cures. Nights of suffering, days of misery. Become nights of rest and days of joy. It's the constant workings of Doan's Kidney Pills. Are these reports all true? Here's a Shenandoah citizen, ask her for her opinion."

Mrs. M. Jones, who resides on 218 South Jervis street, says: "I had pain across my loins, a lingering lameness in my back, and a distress in my head which I was sure arose from my kidneys being out of order. Reading accounts of Doan's Kidney Pills and the many cures they were making induced me to get them from Kirilin's pharmacy. I did not take many doses when I found an improvement in my condition and I was soon freed from the pain and the intense lameness. I slept well and felt generally invigorated. Doan's Kidney Pills are most effective and cause no inconvenience whatever, while taking them."

CASTORIA. The Kind You Have Always Bought Bears the Signature of Dr. J. C. Williams. To Equalize Weights. Kansas City, Nov. 10.—The supreme council of the American Equal Wage union, recently incorporated under the laws of Missouri, with headquarters in Kansas City, yesterday issued an address to the wage workers of the United States. The union was founded upon the belief that to eradicate the practice of paying lower wages to women for the same work performed by men means a revolution in the sociological conditions of the country. Its object is to secure justice to women who work for wages, to protect children from unnecessary industrial servitude and to discourage strikes.

AN IMPORTANT DIFFERENCE. To make it apparent to thousands, who think themselves all, that they are not afflicted with dry disease, but that they simply need cleansing, it is brought comfort home to their hearts, as a cative condition is easily cured by using Syrup of Figs. Manufactured by the California Fig Syrup Co. only, and sold by all druggists.

ILLITERACY IN CUBA.

General Ludlow Discusses Conditions Under the Spanish Rule. New York, Nov. 10.—General William Ludlow, military governor of Havana, reached his home in Flushing yesterday. To a reporter General Ludlow talked at length upon the condition of affairs in Cuba. He considered the greatest drawback to the improvement of the people their great illiteracy. Among other things he said:

"The condition of the people is something awful in that respect. Eighty per cent of them are illiterate. The Spanish for 300 years had an elaborate system of schools and academies. The theory of those was splendid, and had they done the work they were supposed to do things would have been different. Very little progress has been made by us yet, for we have been too busy with more important matters to give much attention to education. Still, we have made a beginning, and in Havana there is now something of an approach to schools. What we need most is a system of industrial schools.

"The condition of Cuba today is bad, but it is better than when we took hold. What Cuba needs now is capital, and the world's money will not be invested in Cuba until the world is certain that it will be protected by the United States. What is feared is a shotgun republic."

WHAT IS THE USE.

No Need to Go Through Life a Sufferer.

Means of Relief is Near at Hand and Recommended by People You Know.

What is the use to go on suffering from kidney backache, nervousness, sleeplessness and dizziness when a fifty-cent box of Morrow's Kid-ne-oids will cure? Probably you have not heard of Kid-ne-oids, so if you will read this statement it will pay you tenfold. We give you as reference Mrs. Marx Frey, 311 West Poplar street, who says:—"About four years ago I noticed the first symptoms of kidney trouble. I had a dull pain in the small of my back which would be attended by a sharp shooting pain extending up my spine from just over the region of the kidneys. It affected my nerves so I could not sleep nor rest. I had spells of dizziness, swelling of the feet and shortness of breath. When I saw Morrow's Kid-ne-oids advertised I procured some of them and took them according to directions. After taking them for a short time I noticed a change for the better. I continued to take them and Kid-ne-oids relieved me entirely of all my troubles. I can sincerely recommend Kid-ne-oids to sufferers of kidney trouble."

Morrow's Kid-ne-oids are not pills, but Yellow Tablets and sell at fifty cents a box at all drug stores and at S. P. Kirilin's drug store, Ohio.

Recommendation is made for \$500,000 for extension of the pneumatic service, together with \$225,000 for the present tube systems for the next fiscal year. The department has invited proposals for carrying mail by automobiles in Chicago. If results are favorable it is probable that automobiles eventually will supersede electric cars in the service in many large cities.
