THE GUNBOATS' BOMBARDMENT.

Troops Rushed Waist Deep Through the Surf Under a Heavy But Badly Aimed Rifle Fire From Insurgents. Who Were Driven From Trenches. Manila, Nov. 11 .- The landing of the American troops at San Fablan last Tuesday was the most spectacular affair of the kind since General Shafter's disembarkation at Daiquiri. The cooperation of the troops and the navy was complete. The gunboats made a terrible bombardment for an hour, while the troops rushed, waist deep, through the surf, under a heavy, but badly almed, ritle fire from the insurgent trenches, and charged right and left, pouring volley after volley at the fleeing rehels. Forty Filipinos were captured, mostly non-commissioned of Several insurgent dead and fleors. five wounded were found in a building which had suffered considerably from the bombardment. The town was well

fortified. The sand dunes were riveted

with bamboo 20 feet thick, which afforded a fine cover. When the transports arrived in the guilt they found the gunboats Prince-ton, Bennington and others waiting. After consultation with General Whea MOTT'S ton Commander Knox, of the Prince-ton, and Commander Sheridan, of the Bennington, anchored on the shallow two miles off abore. The gunboats formed a line inside, the Helena, Callao and Manila close in shore. With the first gun of the bombardment the small boats were filled rapidly, without con-fusion, by Major Cronite's battalion of the Twenty-third infantry and Cap-tain Buck's batallon of the Thirteenth infantry. While the lines of boats infantry. While the lines of boats moved shoreward the gunboats poured the full force of their batteries into the trenches, soon forcing the insurgents to fiee through the burrows dug back of the trenches. About 200 men held their places until the keels of the boats grated on the shore, when their Mau-ser bullets began to sing overhead. The battalions formed in good order. Captain Buck, with Pierce's and Patton's companies, pursued the insur-gents on the left into the bamboo thickets. On the right was a frail foot bridge across the river, leading to the towns. General Wheaton, personally commanding, ordered a charge across the bridge, and Captain How-land, of his staff, led Coleman's and Eillott's companies of the Thirteenth and Shields' company of the Twenty-third, who behaved splendidly under their first fire, into the town, which was found to be nearly deserted, except by the aged and some Spaniards who had hidden in the buffalo wallows, and who came shouting delight-edly toward the Americans. Twentyeight Spanish prisoners were also res cued.

Two companies of the Thirty-third had a skirmish along the Dagupan road with the retreating Filipinos

The troops camped in the rain during the night, and in the morning Ceneral Wheaton established his head quarters in a church, quartered his men in the houses and sent the cantured Filipinos beyond the outposts, with orders not to return. The inhabitants describe all

as practically impassable, and roads say they believe Aguinaldo has secreted a yacht in the river Longapo ear Subig, for use in his flight when ie finds his capture is inevitable.

Wednesday was devoted to recon-naissances. Major Logan went northward to Santo Tomas and burned the Filipino barracks. Captain Buck's Thirteenth went to San Jacinto and disposed of small bands. Marsh's Twenty-third went toward Magdalen, on the Dagupan road, and had several klurp fights with small parties. They killed eight men, brought in 20 pris-oners and had five men wounded

and who represent the leading and enterprising business people in their lines in this vicinity, are anxious to secure new customers and thereby increase their cash trade by giving Blue Trading Stamps, and to that end they have contracted with Blue Trading Stamp Co., so that by dealing with those merchants you will receive one Blue Trading Stamp for each ten cents represented in your cash purchase.

When you have saved 300 Trading Stamps, 600, 900, 1200, or more from any or all of the merchants combined with whom we have contracted, they can be exchanged at our store, which are permanently ocated or at any branch store for very useful and attractive premiums.

By asking for Blue Trading Stamps and trading only with merchants who give them you can get free a 10-cent Trading Stamp with in killed and 70 in wounded. every 10-cent purchase, 10 Trading Stamps for \$1 purchase, and in the same ratio for the full amount of your bill.

Bear in mind the merchants make no advance in the prices of their goods, but on the contrary increase of trade secured to them by this plan will enable them to sell closer than ever before. Merchants may unintentionally neglect to give you Blue Trading Stamps unless you ask for them ; therefore the remedy lies with the customer ; you should not hesitate to ask for Blue Trading Stamps from any merchant whose name appears in this Directory.

This system enables merchants to pay cash for their goods of the wholesaler, and thereby obtain all discounts. Are you not entitled to discount for cash trade also? Blue Trading Stamps put the merchant's business on a cash basis, and saves the customer from paying loses which the merchants sustain by reason of bad debts, which loses are American cotton exhibit. inevitable where a merchants does a credit business.

BRITONS UNPREPARED. An Immediate Advance on Ladysmith Is Impossible.

MORE BRITISH OUNS NEEDED.

It Looks Now as Though General Buller Will Be Unable to Commence the Real Work of the Campaigo Before Christmas.

Loudon, Nov. 11 .- Complete stience has again fallen upon affairs in South Africa. The British public must per-force be content with the brief, stereo typed report which the censor allows to filter through from Cape Town. That this condition of things is no longer due to pressure of work or defective cables has been amply proven. The Eastern Telegraph company reckons that the real delay in transmission is about two days. It is evident, therefore, that the censorahip is responsible for the other two days of delay which seems to befail all the dispatches.

Moreover, The Daily Telegraph an nounces that its "appropriated" dis-patch from Ladysmith, dated Monday, which the war office published on Tuesday, was not delivered in Fluet. street until yesterday morning. believed that the war office received further dispatches last evening, but nothing has been published.

At a banquet in the city of London yesterday the Duke of Cambridge, speaking of the war, said:

"We ought never to have allowed ourselves to be in the position in which the outbreak of war found us. I could cry over the valuable lives which might have been spared had we

Leen better prepared." It is said that General Buller never expected to commence the campaign before Christmas, and it now looks as though this will be the case. tainly no artillery can reach Durban before Nov. 14, and without additional guns an advance from Estcourt would be impossible. No doubt, as Lord Salisbury said in a recent speech, England will "muddle through it." and et another illustration of muddling has become apparent in the fact that gunnery instructors have only just ar rived at Woolwich arsenal for instruction in siege train duties. Although hurried preparations are being made to prepare the siege trains, the fact that the men are at Devonport and the guns at Woolwich seems to show that the idea of the slege train was quite an after thought. The statement from Ladysmith that

the British guns do not reply to the artillery because the concrete leds for the guns have not yet har-dened is interpreted in some quarters to mean simply that the British are husbanding their ammunition, as the Boer fire is only a trick to get the British to waste shells. Among the few items that have ar-

rived from the cape today is one saying that the Boera are planting more guns in the hills surrounding Lady-smith. All the correspondents in the beleagured town are safe and anxious to reopen communication,

A gentleman who visited Nicholson's Nek after the engagement counted 25 The latest advices from Kimberley

yard Workers to Riot. Philadelphia, Nov. 11 -- Three of the striking employee of Cramps' anipyard and Business Agent John J. Keegan, of the International Association of Machinists, and Frederick Conselman, treasurer of the machinists' organization, were yesterday arrested and held in \$2,000 bail each, charged with inciting to riot. The strikers under arrest are Hugh Boyd, Thomas Wilson and Joseph Melon.

The direct cause of the arrests was the refusal of the men to move away from the vicinity of the shipyard when ordered to do so by the police.

The strikers claim this move was made to affect the impending arrest of a Cramp superintendent, for whom a warrant was issued last Tuesday. Later in the day the yard superin tendent, Harry Mull, for whom a war-rent was sworn out several days ago by Hugh Boyd, one of the strikers rested yesterday, surrendered himself and was held in \$500 ball for court. Mr. Mull was charged with assaulting Boyd
