RAILWAY COLLISIONS.

A Conductor Killed and Two Men Seriously Injured.

Special to EVENING HERALD.

Pottsville, Nov. 14.—The milk and newspaper train on the Philadelphia and Reading Railway had two accidents on its way from Philadelphia to this town this morning. At about six o'clock it collided with a coal train near Pottstown. Conductor Kramer, of the coal train and a resident of this town, was killed.

At McCormick's bridge, below Schuylkill Haven, the train ran into the rear end of a coal train. Benjamin Buck, of Philadelphia, engineer of the passenger train, and John Sullivan, of Mt. Carbon, rear brakeman of the coal train, were severely injured and both are at the Pottsville hospital. Buck's injuries are believed to be internal.

PROBABLY A HOAX.

Reported Death of a Shenandoah Woman in Philadelphia.

This morning a postal card bearing the following message was received at the HERALD office:

"Mrs. Joe Blaker died suddenly here today in the Philadelphia hospital."

"C. CARLIN."

The writing on the card appeared to be in the handwriting of a woman and was done with an indelible pencil. The postmark on the card was "Philadelphia, Nov. 13, 9:30 p. m."

Mrs. Joseph Blaker disappeared from this town last February, while her husband was serving as a recruit in the United States army. She was known to be in Philadelphia recently and was then in good health. She had just left employment at one of the Philadelphia hospitals. None of the friends of the woman in town have received any notice of her death, other than through the postal card received by the HERALD. One party stated that Mrs. Blaker disappeared once before and a notice of her death was received. Subsequently the woman re-appeared in town and acknowled that she had sent the tidings of death herself, as a joke.

SATISFACTORY TEST.

Rescue Hook and Ladder Company Pleased With Its Purchase.

Last evening the team of black horses purchased by the Rescue Hook and Ladder Company last week was put to a formal test. The horses took the ladder truck down Main street, circled through Oak, White and Centre streets to Main, and thence back to the headquarters. The chemical engine was then taken down Main street to Centre, and back to the headquarters. On both trips the horses started with and hauled the heavy apparatus with apparently little effort. The members of the company are delighted with the horses, and none more so than Marshal Hughes, the driver, who comments enthusiastically on the speed and uniform movement shown by the animals. They work like well trained fire department veterans.

A Coming Attraction.

"A Wise Woman," the comedy farce by Wilfred Clarke, has, according to the reviews seen of the production, scored the most emphatic kind of a hit. It is serving as a vehicle to display the talent and ability of one of America's daintiest and most fetching comediennes, Marie Lamour, for the past several seasons with Augustin Daily's company, and she is credited with having scored very strongly in the production.

An alarm sounded from box 16 called the fire department to No. 29 South Bowers street this morning. The property is owned by Michael Connelly and occupied by William Macris, a saloonkeeper. THEATRICAL.

The famous Brothers Byrne will appear at Ferguson's theatre this (Tuesday) evening, presenting their successful pantomimic comedy "Eight Bells." The Brothers Byrne have always kept faith with the public, and are recognized as acrobats of considerable skill and pantomimists of unlimited resources. In "The New Eight Bells" the surprises in the way of unexpected disappearances, somersaults into third story windows, vaulting over walls and through walls where there is apparently no opening and innumerable other tricks of the nimble performers, keep the audience wondering and laughing without cessation.

"A BACHELOR GIRL."

A new defination of "A Bachelor Girl," from "The Bachelor's Baby." A bachelor girl is an understudy of to-day. An individual who does her own thinking. One who never throws up the sponge on the liberty of trotting in single harness. Is not a clinging vine, keeps up a power house of reason, is healthy, self-supporting, and not afraid of wearing her own last name. "The Bachelor Girl" will face a man or a mouse, believes in her virtue, her mother, the Star Spangeled Banner, the constitution of the United States, and the declaration of independence. The above company will appear at Ferguson's theatre on Thursday evening next.

"UNDER THE DOME."

"Under the Dome," the most pretentious of the Carter plays, will appear at Ferguson's theatre on Friday evening next. As a play it is said to be far superior to anything turned out by this successful author heretofore. It is a high class naval comedy drama, absolutely free from cheap sensationalism and palpable appeals to the gallery. Not a shot is fired throughout the play, with the exception of the admiral's salute fired by the U. S. man of war in honor of the flag ship Trenton. The scenery is both effective and abundant and the play is being interpreted by a competent cast.

Increasing Its Departments.

New departments at the Hub store are still on the increase. This week the crockery, glassware and tinware department is being removed to the basement and will be thrown open to the public next Saturday. The basement occupies a space of 75x18 feet, is elegantly lighted and stocked with any article to be found in such a department. At night two arc lights will furnish illumination. The space on the top floor, formerly utilized by this department, will be added to the dry goods department, with a special purpose in displaying holiday stock. The toy department has been arranged on the second floor and will occupy half of the entire building. No larger stock of Christmas toys will be shown anywhere in town. The Hub promises to become the largest and most complete department store Shenandoah has ever had.

The Situation Grows Worse as the Official Count Progresses.

EXCITING DAY AT VANCEBURG.

Two Thousand People Gather in the Town and Prevent an Alleged Effort to Throw Out the Vote of Lewis County on a Technicality.

Louisville, Nov. 14.—The tangle growing out of last week's election grows worse with each day. Yesterday was the third day of the official count, but the work of the county boards of canvassers disclosed little information to clear the situation. Chairman Long, of the Republican campaign committee, repeated his claim of a plurality of 3,111 for Taylor, based on official returns from 110 counties and unofficial returns from the remaining nine. The Democratic papers and leaders here have ceased to give figures, but specials from Frankfort quote Candidate Goebel and other party leaders as saying they are confident of success.

The complexion of the returns to be presented to the state board of election commissioners, when it meets in Frankfort next month, still depends upon the determination of the contests which are being raised in several parts of the state, notably the strongly Republican counties of the Eleventh district, where the Democrats claim tissue ballots were used. There are several other equally important contests.

Yesterday was an exciting day at Vanceburg, county seat of Lewis county. An effort was made to throw out the entire vote of the county, which gave Taylor a plurality of 600, on a technicality, it being claimed the paper on which the ballots were printed was too thin. On this ground the election board last week threw out the vote of Mowers and Burtonville precincts, which gave Taylor 209 plurality, and adjourned until yesterday. Word was passed through the county and yesterday about 2,000 citizens flocked into Vanceburg and gathered around the court house when the election board met.

News reached the crowd that the commissioners were about to throw out the vote of another precinct, and there was an angry demonstration. Trouble seemed imminent, when it was announced that the election board had reconsidered its action by which the vote of certain precincts had been thrown out, and that the entire vote of the county would be counted as cast. This prevented any further demonstrations.

Reserved Seats For Prince Ferdinand.

You may secure them to-morrow at Kirlin's. The 35 cent tickets will be exchanged without extra charge. Those holding 25 cent tickets may have their seats reserved by paying the extra ten cents. The prices are 15 and 25 cents for admission, 35 cents for reserved seats. If you consider the worth of the entertainment tickets ought to be 50 and 75 cents easily, but we want everybody to come and would rather have twice the number of people at half the price. By the way, be sure to wait for the beautiful tableau after the curtain goes down in the last act. It will be a feature of the evening. Be sure to ask Cabolo to sing some extra verses to the song "My heart loves ease." He is a reluctant old fellow, however, and you will have to make your request accordingly loud and prolonged to move him. But he is comical and his verses are appropriate to the occasion and matters of local and general interest. Now please don't allow your children to miss one of the best things of their lives and come yourself. Old or young cannot fail to be amused by the fun and edified by the beautiful music.

BEECHAM'S PILLS will dispel the "blues."

The National Festival.

The National Festival to be given in Robbins' hall on Friday, 24th inst., under the auspices of the Young Men's Bible Class of the Presbyterian Sabbath school, promises to be one of the most entertaining and unique festivals of the season. There will be a number of tables, each representing a different nation, and to be decorated in the colors of that nation. The young ladies who will serve the patrons will wear the respective national costume, producing a pleasing and varied appearance. Aside from the refreshments to which the tickets entitle the holder to partake, and ice cream, cake, etc., which will be for sale, there will be a musical program which will be announced later. Among other attractions will be an art gallery containing about fifty masterpieces which will afford an opportunity to our art critics to show their knowledge of high class work, and which no one should miss. The rapidity with which the tickets are being disposed of argues well for those who have the festival in charge. The class held a meeting last evening, in conjunction with the young ladies of the Sabbath School, and preliminary arrangements were made for this festival, and the following nations will be represented: United States, Scotland, Ireland, Germany, England, Japan, Cuba, Greece and Italy.
